Kasinsky, 1976-01-01      **The Borderlands of the American and Canadian Wests** Sterling Evans, 2006-01-01 The Borderlands of the American and Canadian Wests is the first collection of interdisciplinary essays bringing together scholars from both sides of the forty ninth parallel to examine life in a transboundary region The result is a text that reveals the diversity difficulties and fortunes of this increasingly powerful but little understood part of the North American West Contributions by historians geographers anthropologists and scholars of criminal justice and environmental studies provide a comprehensive picture of the history of the borderlands region of the western United States and Canada The Borderlands of the American and Canadian Wests is divided into six parts Defining the Region Colonizing the Frontier Farming and Other Labor Interactions the Borderlands as a Refuge in the Nineteenth Century the Borderlands as a Refuge in the Twentieth Century and Natural Resources and Conservation along the Border Topics include the borderlands environment its aboriginal and gender history frontier interactions and comparisons agricultural and labor relations tourism the region as a refuge for Mormons far right groups and Vietnam War resisters and conservation and natural resources These areas show how the history and geography of the borderlands region has been transboundary multidimensional and unique within North America      **Refugees from Militarism** Renee Goldsmith Kasinsky, 1971      **Mass Pardons in America** Graham Dodds, 2021-08-10 Again and again in the nation s history presidents of the United States have faced the dramatic challenge of domestic insurrection and sought ways to reconcile with the rebels afterward This book is the first comprehensive study of how presidential mass pardons have helped put such conflicts to rest Graham G Dodds examines when and why presidents have issued mass pardons and amnesties to deal with domestic rebellion and attempt to reunite the country He analyzes how presidents have used both deeds and words proclamations of mass pardons and persuasive rhetoric in order to foster political reconciliation The book features in depth case studies of the key instances of mass pardons in U S history beginning with George Washington s and John Adams s pardoning participants in armed insurrections in Pennsylvania in the 1790s In the nineteenth century James Buchanan Benjamin Harrison and Grover Cleveland issued pardons to Mormon insurrectionists and polygamists and Abraham Lincoln and Andrew Johnson pardoned Confederates both during and after the Civil War Most recently Dodds considers Gerald Ford s clemency and Jimmy Carter s amnesty of Vietnam War resisters Beyond exploring these events Mass Pardons in America offers new perspectives on the president s pardon power unilateral presidential actions and presidential rhetoric more broadly Its implications span fields including political history presidential studies and legal history      **Vietnam's Prodigal Heroes** Paul Benedikt Glatz, 2021-01-12 Vietnam s Prodigal Heroes examines the critical role of desertion in the international Vietnam War debate Paul Benedikt Glatz traces American deserters odyssey of exile and activism in Europe Japan and North America to demonstrate how their speaking out and unprecedented levels of desertion in the US military changed the

traditional image of the deserter      *Northern Passage* John Hagan,2001-05-31 More than 50 000 Americans migrated to Canada during the Vietnam War Hagan himself a member of the exodus searched declassified government files consulted previously unopened resistance organization archives and contemporary oral histories and interviewed American war resisters settled in Toronto to learn how they made the momentous decision      *Law and Asylum* Simon Behrman,2018-06-18 In contrast to the claim that refugee law has been a key in guaranteeing a space of protection for refugees this book argues that law has been instrumental in eliminating spaces of protection not just from one's persecutors but also from the grasp of sovereign power By uncovering certain fundamental aspects of asylum as practised in the past and in present day social movements namely its concern with defining space rather than people and its role as a space of resistance or otherness to sovereign law this book demonstrates that asylum has historically been antagonistic to law and vice versa In contrast twentieth century refugee law was constructed precisely to ensure the effective management and control over the movements of forced migrants To illustrate the complex ways in which these two paradigms asylum and refugee law interact with one another this book examines their historical development and concludes with in depth studies of the Sanctuary Movement in the United States and the Sans Papiers of France The book will appeal to researchers and students of refugee law and refugee studies legal and political philosophy ancient medieval and modern legal history and sociology of political movements      *Vietnam 1964-1973 : an American dilemma.* ,      *Strangers at Our Gates* Valerie Knowles,2016-03-05 An exploration of how immigration has shaped Canadian identity and how modern debates are reshaping our national character In this history of immigration to Canada Valerie Knowles explores the kinds of immigrants who have settled in Canada as well as the immigration policies policymakers and public figures who have played a part in the story      **Welcome to Resisterville** Kathleen Rodgers,2014-04-25 Between 1965 and 1975 thousands of American migrants traded their established lives for a new beginning in the West Kootenay region of British Columbia Some were non violent resisters who opposed the war in Vietnam But a larger group was inspired by the ideals of the 1960s counterculture and hoping to flee the restrictive demands of their parents world they set out to build a peaceful egalitarian society in the Canadian wilderness Even today their success is evident as these impassioned ideals still define community life Welcome to Resisterville is both a look at an untold chapter in Canadian history and a compelling story of enduring idealism      *Crafting Identity* Sandra Alföldy,2005-07-26 By contrasting American experience with the Canadian context which includes a unique Quebec identity and a Native dimension Sandra Alföldy argues that the development of organizations advanced education for craftspeople and exhibition and promotional opportunities have contributed to the distinct evolution of professional craft in Canada over the past forty years Alföldy focuses on 1964-74 and the debates over distinctions between professional self taught and amateur craftspeople and between one of a kind and traditional craft objects She deals extensively with key people and events including American philanthropist Aileen Osborn Webb and Canadian philanthropist Joan Chalmers the foundation of

the World Crafts Council 1964 and the Canadian Crafts Council 1974 the Canadian Fine Crafts exhibition at Expo 67 and the In Praise of Hands exhibition of 1974 Drawing upon a wealth of previously unexploited materials this richly documented survey includes descriptions and illustrations of significant works and identifies the challenges that lie ahead for professional crafts in Canada *Vietnam, 1964-1973*, 1990 *Vietnam, 1964-1973* Elwood L. White, 1990 **Conscription and**

**Democracy** George Q. Flynn, 2001-12-30 Finding the manpower to defend democracy has been a recurring problem Russell Weigley writes The historic preoccupation of the Army's thought in peacetime has been the manpower question how in an unmilitary nation to muster adequate numbers of capable soldiers quickly should war occur When the nature of modern warfare made an all volunteer army inadequate the major Western democracies confronted the dilemma of involuntary military service in a free society The core of this manuscript concerns methods by which France Great Britain and the United States solved the problem and why some solutions were more lasting and effective than others Flynn challenges conventional wisdom that suggests that conscription was inefficient and that it promoted inequality of sacrifice Sharing similar but not identical diplomatic outlooks the three countries discussed here were allies in world wars and in the Cold War and they also confronted the problem of using conscripts to defend colonial interests in an age of decolonization These societies rest upon democratic principles and operating a draft in a democracy raises several unique problems A particular tension develops as a result of adopting forced military service in a polity based on concepts of individual rights and freedoms Despite the protest and inconsistencies the criticism and waste Flynn reveals that conscription served the three Western democracies well in an historical context proving effective in gathering fighting men and allowing a flexibility to cope and change as problems arose

**Building Sanctuary** Jessica Squires, 2013-09-20 Canada enjoys a reputation as a peaceable kingdom and a refuge from militarism Yet Canadians during the Vietnam War era met American war resisters not with open arms but with political obstacles and public resistance and the border remained closed to what were then called draft dodgers and deserters Between 1965 and 1973 a small but active cadre of Canadian antiwar groups and peace activists launched campaigns to open the border Jessica Squires tells their story often in their own words Interviews and government documents reveal that although these groups ultimately met with success in the process shaping Canadian identity and Canada's relationship with the United States they had to overcome state surveillance and resistance from police politicians and bureaucrats Building Sanctuary not only brings to light overlooked links between the anti draft movement and Canadian immigration policy it challenges cherished notions about Canadian identity and Canada in the 1960s *The Devil's Trick* John Boyko, 2022-05-17 Forty five years after the fall of Saigon John Boyko brings to light the little known story of Canada's involvement in the American War in Vietnam Through the lens of six remarkable people some well known others obscure bestselling historian John Boyko recounts Canada's often overlooked involvement in that conflict as peacemaker combatant and provider of

weapons and sanctuary When Brigadier General Sherwood Lett arrived in Vietnam over a decade before American troops he and the Canadians under his command risked their lives trying to enforce an unstable peace while questioning whether they were merely handmaidens to a new war As American battleships steamed across the Pacific Canadian diplomat Blair Seaborn was meeting secretly in Hanoi with North Vietnam's prime minister if American leaders accepted his roadmap to peace those ships could be turned around before war began Claire Culhane worked in a Canadian hospital in Vietnam and then returned home to implore Canadians to stop supporting what she deemed an immoral war Joe Erickson was among 30 000 young Americans who changed Canada by evading the draft and heading north Doug Carey was one of the 20 000 Canadians who enlisted with the American forces to serve in Vietnam Rebecca Trinh fled Saigon with her husband and young daughters joining the waves of desperate Indochinese refugees thousands of whom were to forge new lives in Canada Through these wide ranging and fascinating accounts Boyko exposes what he calls the Devil's wildest trick convincing leaders that war is desirable persuading the public that it is acceptable and telling combatants that the deeds they carry out and the horrors they experience are normal or at least necessary In uncovering Canada's side of the story Boyko reveals the many secret and forgotten ways that Canada not only fought the war but was forever shaped by its lessons and lies

**Unguarded Border** Donald W. Maxwell, 2023-05-12 Unguarded Border tells the stories of the 50 000 Americans who fled across the border to Canada in the 1960s and 1970s a migrant experience that does not fit the usual paradigms Historian Donald W Maxwell explores how these Americans in exile forged cosmopolitan identities permanently changing perceptions of military service nation and citizenship
