Riding The Tiger The Politics Of Economic Reform In Post Mao China:

Riding the Tiger Gordon White,1993 Analyzes the political origins and impact of the post Mao programme of market orientated reform in China focusing on key areas of policy institutions and social dynamics White argues that the Deng reforms have radically changed the nature of Chinese society and is leading to political pluralism

Mao's China And Post-mao China: Revolution, Recovery And Rejuvenation Robert Weatherley,2022-09-06 If the history of modern China was written as a book its author would be accused of losing touch with reality During the twentieth century China underwent two revolutions a number of wars endured a radical and destabilising form of communism and then hurried quickly towards a system of open market economics whilst remaining under the control of a nominally communist party Currently the fastest growing economy in the world with an increasingly sophisticated and expanding military China is widely expected to emerge as the world s next superpower eclipsing the United States in the not too distant future However not everything is going smoothly for Beijing Unemployment rates are spiralling inequality is rife and official corruption at all levels remains an Achilles heel for the Chinese Communist Party despite Xi Jinping s best endeavours to wipe it out Worst of all environmental degradation is at such a serious level that it threatens the success of the Chinese economy and the stability of Chinese society Against this scarcely believable backdrop and based on a series of lectures seminars and research conducted by the author Mao s China and Post Mao China captures the dynamics dynamism and disasters of Chinese politics since the establishment of the People s Republic of China in 1949 This advanced textbook identifies three key themes that have underpinned the post revolutionary era the so called three Rs Revolution Recovery and Rejuvenation and is essential reading for anyone interested in the politics of modern China at the undergraduate and postgraduate level

The Politics of China's Accession to the World Trade Organization Hui Feng,2006-01-16 Grounded on a series of first hand interviews with Chinese government officials this book examines China s accession to the World Trade Organization providing an inside look at Chinese WTO accession negotiations Presenting a systematic political economy model in analyzing Beijing s decision making mechanisms the book argues that China s WTO policy making is a state led leadership driven and top down process Feng explores how China s determined political elite partly bypassed and partly restructured a largely reluctant and resistant bureaucracy under constant pressure from an increasingly globalized international system By addressing China s accession to the WTO from a political analysis perspective the book provides a theoretically informed and intriguing examination of China s foreign economic policy making regime The book highlights contemporary debates relating to state and institutionalist theory and provides new and useful insights into a significant development of this century

The Nature of Chinese Politics: From Mao to Jiang Jonathan Unger,2016-09-16 This book describes and analyzes how politics among the Chinese leadership has operated and evolved from the period of Mao s court up to the present day Part I explores politics under Mao and Deng For this section the five leading western analysts of elite Chinese politics Lowell Dittmer Lucian Pye

Frederick Teiwes Andrew Nathan and Tsou Tang have contributed major papers that measure the empirical evidence against political science theory recent Chinese history and Chinese political culture Part II explores and analyzes the ongoing changes in Chinese politics during Jiang s tenure and includes analyzes by almost all the leading English language scholars in the field

Chongqing's Red Culture Campaign Xiao Mei,2017-07-06 Based on fieldwork conducted in Chongqing including interviews and document analysis this book examines the nature of Chongqing s Red culture campaign and the interaction between the political programme and the practices of its participants above all analysing how far the the campagin was a return to Maoist revolutionary mass campaigning

Stealing the State Steven Lee Solnick,1998 Solnick argues that the Soviet system fell victim not to stalemate at the top nor to revolution from below but to opportunism from within In case studies on the Communist Youth League the system of job assignments for university graduates and military conscription he tells the story from a new perspective testing Western theories of reform

Asian Politics in Development Robert Benewick,Marc Blecher,Sarah Cook,2004-08-02 This volume adopts a multidisciplinary and comparative approach to development that brings together issues that are characteristic of the lifelong scholarship of Professor Gordon White These include a focus on the state civil society welfare and globalization

China and India in the Age of Globalization Shalendra D. Sharma,2009-07-20 The rise of China and India is the story of our times The unprecedented expansion of their economic and power capabilities raises profound questions for scholars and policymakers What forces propelled these two Asian giants into global pacesetters and what does their emergence mean for the United States and the world With intimate detail Shalendra D Sharma s China and India in the Age of Globalization explores how the interplay of socio historical political and economic forces has transformed these once poor agrarian societies into economic powerhouses This book examines the challenges both countries face and what each must do to strike the balance between reaping the opportunities and mitigating the risks For the United States assisting a rising China to become a responsible global stakeholder and fostering peace and stability in the volatile subcontinent will be paramount in the coming years

Changing Political Economy of Vietnam Martin Gainsborough,2003-08-27 This book explores the way in which the state has become commercialised under reform as party and government officials have gone into business and considers the impact that this has had on politics within Ho Chi Minh City and Hanoi The book charts the way in which power has been decentralised to the lower levels of the party state but argues that the central state retains significant power These issues are explored through a variety of case studies including the implementation of different reform policies struggles over political and business activity and the prosecution of two major corruption cases Particular emphasis is placed on piecing together the myriad of informal practices which dominate business and political life in Vietnam

China Against the Tides, 3rd Ed. Marc Blecher,2009-10-15 China Against the Tides 3rd Edition argues that in both Mao and Deng periods China evolved in ways quite different from the Soviet model and from other developing countries Using an interdisciplinary and comparative approach the book analyzes China by

introducing theories and concepts from historical and political sociology economic development and political science It also explores China from two comparative perspectives developing countries including the newly industrializing countries of East Asia and historical state socialist regimes China Against the Tides 3rd Edition seeks to combine both the internal perspectives of the actors themselves with the external standpoint of the social scientist China is of course unique but so are all countries But like other countries its distinctiveness can best be grasped by observing it from outside as well as from within Every chapter in the third edition as well as the end bibliography has been updated In addition a new section examines China s international relations and new coverage has been added throughout the chapters For example the third edition discusses the Hu Wen leadership that came to power in 2002 China s economic growth and social development internet technology the continued drumbeat of protests of various kinds the situation in Tibet the Olympic Games the May 2008 earthquake plus smaller but still notable events such as the 2003 SARS outbreak the Three Gorges Dam and the 2005 pollution episode on the Songhua River
