King and the City in the Parisian Royal Entry Ceremony : (the) Lawrence McBride Bryant,1986 **Right Royal Friend** Nigel Tranter,2011-11-10 When James the Sixth His Grace of Scotland also becomes His Majesty of England far reaching changes take place in the two realms David Murray the young son of Sir Andrew a Perthshire laird has no aspirations to greatness Then a chance encounter with King James the Sixth leads to him becoming Cup Bearer and Master of the Horse to his young liege Together with James s foster brother John Erskine Master of Mar the three men enter a new era of political intrigue and dynastic manoeuvring **Milton and the Resources of the Line** John Creaser,2022 An analysis of the poetic line in Milton that considers the resources made available to the poet by lineation and how Milton explored and exploited them more resourcefully than any other English poet **A Right Royal Face-Off** Simon Edge,2020-08-28 It is 1777 and England s second greatest portrait artist Thomas Gainsborough has a thriving practice a stone s thrown from London s royal palaces while the press talks up his rivalry with Sir Joshua Reynolds the pedantic theoretician who is the top dog of British portraiture Fonder of the low life than high society Gainsborough loathes pandering to the grandees who sit for him However he changes his tune when he is commissioned to paint King George III his German queen and their vast family He discovers a taste for royal company but who will be chosen as court painter Tom or Sir Joshua Meanwhile two and a half centuries later a badly damaged painting turns up on a downmarket antiques TV show being filmed in Suffolk Could the monstrosity really be as its eccentric owner claims a Gainsborough If so who is the sitter And why does he have donkey s ears **Celebrating Warrington** Janice Hayes,2022-04-15 A celebration of Warrington s rich heritage and identity its people significant events and achievements across the centuries **Queen's College Journal** ,1890 **The Malay Dilemma Revisited** M. Bakri Musa,1999-08-24 The Malay Dilemma Revisited is a critical and balanced analysis of Malaysia s preferential race policy and its impact on the nation s delicate race dynamics and economy Unlike America s affirmative action Malaysia s version is far more aggressive and pervasive and has been remarkably successful in creating a sizable and stable Bumiputra indigenous group middle class The price tag is significant distortion of freemarket dynamics and consequent inefficiency Perversely the policy impairs rather than strengthens Bumiputras ability to compete In contrast to quotas and other set aside programs that are the hallmark of the current policy the writer presents an alternative strategy aimed primarily at enhancing Bumiputra competitiveness The proposed approach would not negatively impact the economy nor interfere with the freemarket Equally important it would not arouse resentment from other Malaysians The first objective would be to modernize the nation s archaic educational system to emphasize English mathematics the sciences and technical training Secondly the influences of religious and royal institutions must be curtailed and the rates of urbanization and population growth reduced The primary objective is in enhancing competitiveness not on meeting arbitrarily picked numerical goals and targets **Royal Events** Jennifer Laing,Warwick Frost,2017-12-12 Royal events such as coronations and

jubilees encompass a wide spectrum of planned events involving monarchs and their families that are strategically designed to reinforce the role of royalty within social and political structures Royal events may have a long heritage but often involve traditions that are invented revived or undergoing major innovations in response to changing times or to meet different purposes The change from absolutism towards constitutional monarchies has seen a shift towards using royal events to promote national identity community and inclusiveness While the function and meaning of royal ritual and ceremony is a product of its particular political economic and cultural context conversely royal events are often an influence on the broader milieu This book is the first to explore royal events within the context of Events Studies and takes an historical approach examining the development of royal events through different periods It starts with four broad pre modern eras namely Classical Byzantine the Dark Ages and the Medieval Period then moves through to the early modern dynasties such as the Tudors Stuarts Georgians and Bourbons and on to contemporary times incorporating the Victorian and Edwardian eras and the current reign of Elizabeth II including the legacy of Diana and an analysis of current issues affecting royal events Themes emphasised throughout include the institutional dynamism of royalty the invention of tradition the ritual structure of events the impact of the media and the influence of individual tastemakers This multidisciplinary work will appeal to postgraduate students and academics from a wide variety of disciplines including cultural studies history tourism events and sociology
