Trudy Govier

Righteous Revenge:

Forgiveness and Revenge Trudy Govier, 2011-02-25 Forgiveness and Revenge is a powerful exploration of our attitudes to serious wrongdoings and a careful examination of the values that underlie our thinking about revenge and forgiveness. From adulterous spouses to terrorist factions we are surrounded by wrongdoing yet we rarely agree which response is appropriate. The problem of how to respond realistically and sensitively to the wrongs of the past remains a perplexing one. Trudy Govier clarifies our thinking on this subject by examining the moral and practical impact of revenge and forgiveness both personal and political. Forgiveness and Revenge offers much needed clarity and reason where emotions often prevail. It is essential reading for anyone interested in the ethics of attitudes to wrongdoing.

Civil Vengeance Emily L. King, 2019-09-15 What is revenge and what purpose does it serve? On the early modern English stage depictions of violence and carnage the duel between Hamlet and Laertes that leaves nearly everyone dead or the ghastly meal of human remains served at the end of Titus Andronicus emphasize arresting acts of revenge that upset the social order. Yet the subsequent critical focus on a narrow selection of often bloody revenge plays has overshadowed subtler and less spectacular modes of vengeance present in early modern culture. In *Civil Vengeance* Emily L. King offers a new way of understanding early modern revenge in relation to civility and community. Rather than relegating vengeance to the social periphery she uncovers how facets of society church law and education relied on the dynamic of retribution to augment their power such that revenge emerges as an extension of civility. To revise the lineage of revenge literature in early modern England King rereads familiar revenge tragedies including Marston's *Antonio's Revenge* and Kyd's *The Spanish Tragedy* alongside a new archive that includes conduct manuals legal

and political documents and sermons Shifting attention from episodic revenge to quotidian forms Civil Vengeance provides new insights into the manner by which retaliation informs identity formation interpersonal relationships and the construction of the social body

The true story of a vigilante group of Holocaust survivors who conspired to kill six million Germans Nakam Hebrew for vengeance tells the story of the Avengers Nokmim a group of young Holocaust survivors led by poet and resistance fighter Abba Kovner who undertook a mission of revenge against Germany following the crimes of the Holocaust Motivated by both the atrocities they had endured and the realization that murderous antisemitic attacks on survivors continued long after the Nazi surrender these fifty young men and women sought retaliation at a level commensurate with the devastation caused by the Holocaust making clear to the world that Jewish blood would no longer be shed with impunity Had they been successful they would have poisoned city water supplies and loaves of bread distributed to German POWs with the aim of killing six million Germans Kovner and his followers went to great lengths to carry out their plans going so far as to obtain the schematics for Nuremberg's municipal water system secure large quantities of poison infiltrate a POW camp and the bakery that supplied it and distribute poisoned bread to prisoners but their plots were ultimately stymied Most of the members of Nakam eventually returned to Israel where for decades many of them refused to speak publicly about their roles in the group While the Avengers story began to come to light in the 1980s details of the relations between the group and Zionist leadership and the motivations of its members have remained unknown Drawing on rich archival sources and in depth interviews with the Avengers in their later years historian Dina Porat examines the formation of the group and the clash between the formative humanistic values held by its members and their unrealized plans for violent retribution

Korea's Occupied Cinemas, 1893-1948 Brian Yecies, Ae-Gyung Shim, 2012-05-23 Korea's Occupied Cinemas 1893-1948 compares and contrasts the development of cinema in Korea during the Japanese occupation 1910-1945 and US Army Military 1945-1948 periods within the larger context of cinemas in occupied territories It differs from previous studies by drawing links between the arrival in Korea of modern technology and ideas and the cultural political and social environment as it follows the development of exhibition film policy and filmmaking from 1893 to 1948 During this time Korean filmmakers seized every opportunity to learn production techniques and practice their skills contributing to the growth of a national cinema despite the conditions produced by their occupation by colonial and military powers At the same time Korea served as an important territory for the global expansion of the American and Japanese film industries and after the late 1930s Koreans functioned as key figures in the co-production of propaganda films that were designed to glorify loyalty to the Japanese Empire For these reasons and as a result of the tensions created by divided loyalties the history of cinema in Korea is a far more dynamic story than simply that of a national cinema struggling to develop its own narrative content and aesthetics under colonial
