## **Rights Guide To Nonmeans-tested Benefits:**

Rights Guide to Non-means-tested Benefits Duleep Allirajah, Kenny McIntyre, Susan Mitchell, 1998      **Social Security Law in Context** Neville S. Harris, 2000 The social security system of Great Britain has reached a crossroads following the election of a Labour Government promising a New Age of welfare and seemingly prepared to think the unthinkable on welfare reform at a time when public expenditure on welfare benefits has reached nearly 100 billion per annum In 1985 the Conservative s Green Paper on social security reform announced that the benefits system had lost its way Attempts were made to curb benefits expenditure and reduce welfare dependency for example through better targeting of needs the reinforcement of personal and family responsibility and tighter administrative controls The ten years from 1988 to 1998 saw the introduction of many new benefit schemes including income support family credit the social fund disability living allowance incapacity benefit and jobseeker s allowance as well as the increasing influence of European Law Yet the system achieves too little according to the new Government s Green Paper on welfare reform which promises a new contract between the citizen and the Government based on responsibilities and rights The precise form these responsibilities and rights will take remains unknown although we already have schemes like the New Deal and proposals for stakeholder pensions Meanwhile social security law continues to impact upon the lives of millions of citizens After ten years of major legislative change and with the prospect of a new direction this is a time to take stock and to analyse the social and legal impact of the past decade s legislation case law and policy as well as considering possible reforms The book s approach is to organise this task thematically particularly with regard to the social context to social security through discrete chapters on for example gender and the family disability housing old age and unemployment It is also opportune to examine the theoretical framework of state welfare and social security particularly in the context of social rights The book aims to provide an authoritative contextual and critical account of how British social security law has evolved how it operates its substance and its social effects      Rights guide to non-means tested benefits Richard Martin Poynter (Clive Child Poverty Actio On Grou), 1992      **Services for People with Learning Disabilities** Nigel Malin, 2002-11-01 Services for People with Learning Disabilities provides a broad review of available services for people with learning disabilities It describes the present network of services and explains the NHS and Community Care Act 1990 in terminology accessible to health care professionals and others engaged in this area It looks in detail at the concepts underpinning new legislation including care management and assessment quality and inspection and inter agency planning and it supplies up to date information on current topics such as advocacy and empowerment and recreation and leisure An invaluable resource for all practitioners in health and community care Services for People with Learning Disabilities will also give professionals and carers a much greater understanding of the changes and improvements that are still needed      *The Law and Elderly People* Aled Griffiths, Dr Gwyneth Roberts, Gwyneth Roberts, 2005-06-28 Although the number of elderly people in Britain is increasing steadily the law in

relation to their particular needs is a relatively neglected field The Law and Elderly People was the first text to provide easily accessible information for those involved in advice giving and service provision in this rapidly developing field This second edition has been fully revised and completely updated to reflect the major legal and social changes which have recently occurred Concerned for the independence and autonomy of both young elderly and the old elderly the book covers employment and income accomodation and housing community and residential care health provision and delivery and family relationships thus providing an important guide to the most important legal issues The Law and Elderly People will be of practical help to all those concerned with the welfare of the elderly and to undergraduates and lecturers in social work law and gerontology
