Rights Persons:

Rights and Persons Abraham Irving Melden, 1980-01-01 **The UN Convention on the Rights of Persons with Disabilities in Practice** Lisa Waddington, Anna Lawson, 2018 A timely examination of the UN Convention on the Rights of Persons with Disabilities this first thorough comparative analysis contrasts the approaches of thirteen jurisdictions to reveal a legal area of growing importance **The UN Convention on the Rights of Persons with Disabilities** Great Britain. Parliament. Joint Committee on Human Rights, 2009 The UN Convention on the Rights of Persons with Disabilities builds on existing human rights treaties including the International Covenant on Civil and Political Rights and the International Covenant on Economic Social and Cultural Rights The UN Handbook for Parliamentarians on the Convention stresses that it is not intended to create new rights but clarifies the obligations and legal duties of States to respect and ensure the equal enjoyment of all human rights by all persons with disabilities Its purpose is to Promote protect and ensure the full enjoyment of all human rights and fundamental freedoms by all persons with disabilities and to promote respect for their inherent dignity The UK was among the first countries to sign the Convention on 30 March 2007 The findings of our recent inquiry on the rights of adults with learning disabilities showed that although UK law and policy on the treatment of adults with learning disabilities takes a human rights based approach the day to day experiences of people with learning disabilities are not so positive Ratification will send a strong signal to all people with disabilities in the UK and abroad that the Government takes equality and the protection of their human rights seriously The Government first publicly stated that reservations to the Convention were being considered in its response to our Report on the treatment of adults with learning disabilities in May 2008 more than a year after it signed the Convention Despite the Committee s call for a full explanation of the government s views on the compatibility of domestic law with the Convention the were then provided with little detail on the reservations being considered or the Government s approach to the process The Committee considers that progress towards ratification of the Convention by the UK has so far lacked transparency and has unfortunately alienated disabled people and their organisations This is unacceptable in the light of the clear Convention commitment which the Government intends to make to the involvement of disabled people in the development of policies and laws which affect them This approach undermines the previous role that the UK Government has played in championing equality for disabled people and their leading role in negotiating the terms of the UNCRPD **An Introduction to Disability Inclusive Disaster Risk Reduction** Shaun Grech, Jörg Weber, 2025-03-20 This first of its kind volume introduces Disability Inclusive Disaster Risk Reduction DIDRR in unprecedented critical and interdisciplinary ways covering the complex conceptual theoretical and practice terrain Established and emerging scholars and practitioners introduce and probe key discourses theory policy and practice at the intersections of disability disasters and disaster risk reduction navigating compound and dynamic areas including climate change governance wars and conflict forced migration disability representation geopolitics gender and ethnicity This edited

book lays out and questions established policies discourses and practices in mainstream areas including Disaster Risk Reduction Disaster Risk Management and Humanitarian Action opening an effective critical debate to understand challenge and shift dominant paradigms By developing new theory on DIDRR it will serve as an important tool for academics researchers and practitioners working in multiple fields including disability studies disaster management global health humanitarian studies international studies and geography among others

The Constitutional Rights, Privileges, and Immunities of the American People Arnold T. Guminski, 2009 The Constitutional Rights Privileges and Immunities of the American People explores the idea that the Supreme Court should radically revise its general theory of constitutional rights and discusses various aspects of some special theories of constitutional rights in order to ensure a sufficient universe of discourse As a former deputy district attorney for Los Angeles County Guminski gained a wealth of experience in preparing arguments for appellate courts Based on his experience and careful research he proposes a persuasive theory that explains why some but not all rights secured against infringement by the United States are also secured against infringement by the states by both the privileges or immunities and the due process clauses of the fourteenth amendment adopted in 1868 He examines whether national citizenship before the Civil War was paramount and superior addresses the procedural and substantive aspects of the due process clause and recites the reasons supporting his general theory In presenting the essentials of his theory about how the Constitution should be judicially construed Guminski thereby encourages other citizens to express their own opinions about constitutional law with the hope that these views may one day have an impact on the way the Supreme Court interprets the Constitution

HUMAN RIGHTS LAW AND PRACTICE JATINDRA KUMAR DAS, 2016-07-01 The book written with a rich teaching and research experience of the author emphasises the critical evaluation of contemporary human rights law and practice with special reference to India It also evaluates the ongoing discourse on various issues relating to life liberty equality and human dignity and their reflections in international human rights law referring the state practices through constitutional guarantees judicial decisions as well as through enacting appropriate legislations This lucid and comprehensive book is logically organised into nine chapters Beginning with the theoretical foundations of human rights law referring to origin development and theories of human rights at preliminary level the book proceeds to International Bill of Human Rights demonstrating various facets of civil and political rights as well as economic social and cultural rights It further discusses the importance of human rights law in protection against inhuman wrongs and examines a large number of debates concerning human right to development and protection of environment Then it moves on to explore various issues relating to human rights in Indian Constitutional Law The latter part of the book emphasises on the protection of rights of women and children which has been the focal point of all human rights discussions It also deals with the scope and ambit of the rights of indigenous peoples and minorities including their protection At the end the book examines the utility and justifications of human rights law in protecting the rights of people with disabilities divyang

Compass - Manual for Human Rights Education with Young People (2012 edition - fully revised and updated)

Council of Europe,Collectif,2015-06-01 Human rights cannot be defended by legal measures alone They need to be protected and safeguarded by everyone including young people Human rights are best respected and appreciated when we know them stand up for them and apply them in our lives COMPASS provides youth leaders teachers and facilitators of human rights education activities whether professionals or volunteers with concrete ideas and practical activities to engage involve and motivate young people in living learning and acting for human rights It promotes a comprehensive perspective on human rights education and sees young people as actors for a culture of universal human rights COMPASS was originally published in 2002 and is now available in more than 30 languages A version specifically designed for human rights education with children COMPASITO enjoys a similar success This fully revised and updated edition includes new activities and information about human rights issues such as disability and disablism migration religion remembrance war and terrorism COMPASS is a practical tool and resource for citizenship and human rights education It is an essential companion for all those who are curious and interested in making the right to human rights education a reality for everyone Refugee Displacement,

Disability and Human Rights Philippa Duell-Piening,2025-02-25 This book presents a timely and innovative exploration of one of the first human rights articles about data production and processing the Convention on the Rights of Persons with Disabilities article 31 Statistics and data collection The study provides detailed explorations of the legal and practical demands of article 31 how these have been interpreted and the practice of human rights research with marginalised communities It describes the history of the article s drafting in detail uncovering the tensions at its heart today This analysis provides the foundations for an alternative doctrinal reading of the obligations in article 31 and an exploration of a potential group right The book s detailed analysis is assisted by a new conceptual framework that illustrates the relationship between visibility and power The work demonstrates that data is not inert but powerful and may be used in ways that are helpful and harmful to rights holders Through closely examining disability human rights data practices in refugee contexts it concludes that human rights protections are being ignored in the urgency to create more data to identify and address inequality The author identifies immediate actions that may be taken to remediate current practices The book will be an invaluable resource for academics researchers and policy makers working in disability studies human rights law refugee and migration studies technology and society **The Rights of Persons, According to the Text of Blackstone** William Blackstone,James

Human Rights in Europe Thomas Hammarberg,Council of Europe. Commissioner for Human Rights,2011-01-01 Political rhetoric on human rights in Europe is different from daily reality Almost every politician is on record as favouring the protection of freedom and justice Standards on human rights have been agreed at European and international level many have been integrated into national law but they are not consistently enforced There is an implementation gap it is this implementation gap that this book seeks to address it is built on a compilation of separate viewpoints or articles which Thomas Hammarberg has written and later updated since beginning his mandate as Council of Europe Commissioner for Human Rights in April 2006 He has now visited almost all of the 47 member states of the Council of Europe On each visit he has met victims of violations of human rights and their families leading politicians prosecutors judges ombudsmen religious leaders journalists and civil society representatives as well as inmates of prisons and other institutions law enforcement personnel and others The viewpoints written on the basis of these many visits summarise his reflections conclusions and recommendations **Encyclopedia of Ethics: P-W** Lawrence C. Becker,Charlotte B. Becker,2001 A revised expanded and

updated edition with contributions by 325 renowned authorities in the field of ethics All of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features *The United Nations Commission on Human Rights* John P. Pace, 2020-07-10 In this book John P Pace provides the most complete account to date of the United Nations human rights programme both in substance and in chronological breadth Pace worked at the heart of this programme for over thirty years including as the Secretary of the Commission on Human Rights and Coordinator of the World Conference on Human Rights which took place in Vienna in 1993 He traces the issues taken up by the Commission after its launch in 1946 and the methods undertaken to enhance absorption and domestication of international human rights standards He lays out the special procedures carried out by the UN and the emergence of international human rights law The book then turns to the establishment of the Office of the High Commissioner for Human Rights and the mainstreaming of human rights across the United Nations system eventually leading to the establishment of the Human Rights Council to replace the Commission in 2006 Many of the problems we face today including conflict poverty and environmental issues have their roots in human rights problems This book identifies what has been done at the international level in the past and points towards what still needs to be done for the future
