Ritual In Industrial Society A Sociological Analysis Of Ritualism In Modern England:

Ritual in Industrial Society Robert Bocock, 2020-01-10 Originally published in 1974 *Ritual in Industrial Society* is based on several years research including interviews and observations into the importance of ritual in industrial society within modern Britain The book addresses how identity and meaning for people of all occupations and social classes can be derived through rituals and provides an expansive and diverse examination of how rituals are used in society including in birth marriage and death The book offers an examination into the use of symbolic action in the body to articulate experiences which words cannot adequately handle and suggests that this enables modern men and women to overcome the mind body splits which characterise modern technological society In addition to this the book examines ritual as a tool for articulating and sharing religious experiences a point often overlooked by more intellectual approaches to religion in sociology In addition to this the book covers an exploration into ritual in social groups and how this is used to develop a sense of belonging among members The book will be of interest to sociologists as well as academics of religion and theology social workers and psychotherapists

fascinating information The Times Educational Supplement *Earthing the Gospel* Gerald A. Arbuckle, 2002-12-26

Christians are much the richer for this accomplishment of a long cherished dream by an experienced missionary social anthropologist Gerald Arbuckle has provided a book for the contemporary pastoral care team that mediates basic insights on ministry via the social sciences He also challenges church workers to rethink and reassess their work in light of the profound cultural changes taking place around them *Earthing the Gospel* introduces pastoral workers in the First World to methods of social analysis pioneered by missionaries worldwide It includes case histories personal stories and the results of fieldwork of hundreds of people in both the First and Third Worlds Applying the insights of social anthropology to the parishes on the home front Arbuckle offers the tools required to address issues of mission and inculturation in the First World Above all *Earthing the Gospel* is practical It presumes no special knowledge of anthropology as it zeroes in on topical issues racism fundamentalism the modern family youth and senior citizen subcultures affecting parishes and communities today Each chapter ends with questions for reflection and action For pastoral teams and workers on every level the insights gained from mission around the world can applying the methods described here be just as fruitful in our own back yards **Ritual Practices in Congregational Identity Formation** Timothy D. Son, 2014-05-08 *Ritual Practices in Congregational Identity Formation* investigates the educational roles of ritual practices in the process of congregational identity formation Son identifies and analyzes various kinds of Christian rituals with respect to how rituals influence the formational processes of a congregation s identity Based on Victor Turner s ritual theory this book also investigates the pedagogical and transformative efficacies of ritual practices within the dynamics of congregational education *Pluralism and Identity* Platvoet, Toorn, 2018-08-14 The subject of this book is ritual behaviour in particular of groups with a distinctive religious ethnic or other identity which use rituals to pursue strategic ends ad intra and ad extra Five essays offer theoretical perspectives on ritual in plural and pluralist societies on similarity and demarcation on the negative case of the Australian Aboriginals on Brazilian religious pluralism and on Ghanaian churches in the Netherlands Three essays describe the ritualization of the encounter or confrontation between religions in India between Buddhists and Hindus and between Hindus and Muslims and in Yemen between Muslims and Jews Four essays study the responses to internal religious plurality in early Israel on Java in Indonesia and in Spain and North Africa One essay explores responses to external religious plurality In the epilogue the social nature of pluralism and identity is highlighted **Melancholy Order** Adam M. McKeown, 2008-12-09 Adam M McKeown demonstrates the push for increased border control and identity documentation is the continuation of more than 150 years of globalization Not only are modern passports and national borders inseparable from the rise of global mobility but they are also tied to the emergence of individuals and nations as the primary sites of global power and identity McKeown s detailed history traces how rather than being a legacy of traditional forms of sovereignty practices of border control historically rose from attempts to control Asian migration around the Pacific in the 1880s New policies to control

mobility had to be justified in the context of contemporary liberal ideas of freedom and mobility generating principles that are taken for granted today such as the belief that migration control is a sovereign right of receiving nations and that it should occur at a country's borders McKeown shows how the enforcement of these border controls required migrants to be extracted from social networks of identity and reconstructed as isolated individuals within centralized filing systems Methods for excluding Asians from full participation in the family of civilized nations are now the norm between all nations These practices also helped institutionalize global cultural and economic divisions such as East West and First and Third World designations which continue to shape our understanding

Humanizing Healthcare Reforms

Gerald Arbuckle, 2012-10-15 This book looks at the problems facing healthcare systems from a social anthropological angle and argues for a return to a values based approach to healthcare The author clarifies how organizations need to identify the goals that unite their members and how individuals at every level can contribute to positive change in their organizations

Theorizing Rituals, Volume 2: Annotated Bibliography of Ritual Theory, 1966-2005 Jens Kreinath, J.A.M. Snoek, Michael Stausberg, 2007-09-30 Volume two of Theorizing Rituals mainly consists of an annotated bibliography of more than 400 items covering those books edited volumes and essays that are considered most relevant for the field of ritual theory Instead of proposing yet another theory of ritual the bibliography is a comprehensive monument documenting four decades of theorizing rituals
