American Dreamscapes: Postcards from the Past Pasquale De Marco, 2025-08-10 American Dreamscapes Postcards from the Past is a journey through the world of American postcards From the bustling streets of New York City to the serene landscapes of the American West postcards have documented the people places and events that have shaped our nation s history In this book we will explore the different types of postcards that were produced the people who created them and the stories that they tell Along the way we will learn about the social and cultural history of the United States and we will gain a new appreciation for the power of the postcard Postcards were first introduced in the United States in the late 1800s At first they were used primarily as a way to send short messages to friends and family However as the popularity of postcards grew they began to be used for a variety of purposes Businesses used postcards to advertise their products and services schools used postcards to promote their programs and organizations used postcards to raise funds The golden age of postcards was the early 1900s During this time postcards were produced in vast quantities and they were sold everywhere from drug stores to department stores Postcards were also very affordable which made them accessible to people of all income levels As a result of their popularity postcards became a powerful force in American culture They helped to spread news and information they promoted tourism and they helped to create a sense of national identity Postcards also played a role in social and political movements For example postcards were used to promote the women s suffrage movement and the civil rights movement Today postcards are still produced and used although their popularity has declined somewhat

in the digital age However postcards remain a valuable historical record of American life They offer a unique glimpse into the past and they can help us to understand the present American Dreamscapes Postcards from the Past is a celebration of the American postcard It is a book that will appeal to anyone interested in American history popular culture or photography If you like this book write a review [Lichtenstein Postcard Book](#) Chronicle Books, Roy Lichtenstein, 1994-10-01 **Roy Lichtenstein** Julie Wolfe, 2023-05-23 The first book length study to examine the materials and techniques used in the fabrication and painting of the American pop artist Roy Lichtenstein s outdoor sculpture Vibrant color was essential to the paintings of the American pop artist Roy Lichtenstein 1923 1997 and when he began exploring the creation of outdoor sculpture in the late 1970s vivid hues remained an important part of his artistic vocabulary Today preserving these remarkable works after they have endured decades in outdoor environments around the world is an issue of pressing concern This abundantly illustrated volume is based on extensive archival research of Lichtenstein s studio materials interviews with his assistants and a thorough technical analysis of the sculpture Three Brushstrokes The book concludes with a chapter showing various options for the care conservation and restoration of his sculptural works making this an essential resource for conservators curators and others interested both in the iconic artist and modern sculpture in general [Liliana Porter and the Art of Simulation](#) Florencia Bazzano-Nelson, 2017-07-05 Visually appealing conceptually startling and intellectually engaging these phrases aptly describe the art of Liliana Porter Florencia Bazzano Nelson s study focuses on the principal theme in the Argentine born artist s work since the 1970s her playful but subversive dismantling of the limits that separate everyday reality from the world of illusion and simulacra Over the years Porter s own evolving interest in perception lead the author to explore a series of interconnected and timely issues in her artistic production such as the representative function of art the structural links between art and language and the witty re-signification of the art historical images and mass produced kitsch figurines she has so often featured in her art Strongly founded in critical theory Bazzano Nelson s approach considers Porter s art as the site of conceptually exciting dialogues with Jorge Luis Borges Ren agritte Michel Foucault and Jean Baudrillard Her carefully crafted interdisciplinary analysis not only combines art historical literary and theoretical perspectives but also addresses the artist s work in different media such as printmaking conceptual art photography and film *Revenge of the Philistines* Hilton Kramer, 2007-09-12 Analyzes the works of a variety of modern artists including Edward Hopper Louise Nevelson Chuck Close and Julian Schnabel [Productive Postmodernism](#) John N. Duvall, 2012-02-01 Productive Postmodernism addresses the differing accounts of postmodernism found in the work of Fredric Jameson and Linda Hutcheon a debate that centers around the two theorists senses of pastiche and parody For Jameson postmodern texts are ahistorical playing with pastiche images and aesthetic forms and are therefore unable to provide a critical purchase on culture and capital For Hutcheon postmodern fiction and architecture remain political opening spaces for social critique through a parody that deconstructs official history Thinking in the space between these two sharply different positions the

essays in this collection investigate a broad range of contemporary fiction film and architecture from such narratives as Don DeLillo's *Libra* Toni Morrison's *Beloved* and Ridley Scott's *Blade Runner* to the vastly different spaces of Las Vegas casinos and the United States Holocaust Memorial Museum in order to ask what the cultural work of a postmodern aesthetic might be
