should observe is sex is part of human life it is not an unusual matter that parents should avoid communicating it appropriately to their children For that matter parents should convey this message clearly to their adolescent children that sex is not a thing to be ashamed of or to be treated lightly but it is also not to be indulged excessively and that is why we need Divine rules to regulate sexuality In Islam educating children in sexual matters begins years before the age of puberty since when a child reaches puberty he or she is by then accountable on their deeds and sayings Hence Islam does not prohibit sexual fulfilment it only regulates human s sexual behaviour in order to protect one s dignity and morality which Islam regards as vital for the healthy spiritual development of the person as well as for the well being of the whole community Guidance on sexual matters is a duty that Muslim parents need to undertake effectively in order to tackle the problem of unregulated sexual practices especially among young adolescents Today s Muslim parents must be conscious on the negative influences that the present borderless world can bring to their children s lives particularly with regard to sexuality The major influence comes from the internet culture that propagates a liberal lifestyle compared to a more conservative lifestyle of the Muslims culture which is visibly appealing to many of the Muslim adolescents Islam provides guidelines on sexuality because human has the tendency to indulge in excessive sexual gratification by following their desires blindly as mentioned in the aforementioned Quranic verses Muslim parents need to guide their children to be a master of own desires not a slave to lusts in order to protect one s dignity and morality which Islam regards as vital for the healthy spiritual development of the person and the community
