Sex Power Conflict Evolutionary And Feminist Perspectives:

Sex, Power, Conflict : Evolutionary and Feminist Perspectives Ann Arbor David M. Buss Professor of Psychology University of Michigan, Los Angeles Neil Malamuth Professor of Communication and Psychology and Chair of the Department of Communication and Speech University of California, 1996-03-21 Sexual harassment in the workplace date rape and domestic violence dominate the headlines and have recently sparked scholarly debates about the nature of the sexes Concurrently the scientific community is conducting research in topics of sex and gender issues Indeed more research is being done on the topics of sexual conflict and coercion than at any other time in the history of the social sciences Despite this attention it is clear that these issues are being addressed from two essentially different perspectives one is labeled feminist while the other viewed as antithetical to the feminist movement is called evolutionary psychology which emphasizes the history of reproductive strategies in understanding conflict between the sexes This book brings together leading experts from both sides of the debate in order to discover how each could offer insights lacking in the other The editors overall goal is to show how the feminist and evolutionary approaches are complementary despite their evident differences then provide an integration and synthesis In fact several of the contributors to this unique volume consider themselves advocates of both approaches As a stimulating presentation of the dynamics of sex power and conflict and a pioneering rapprochement of the diverse tendencies within the scientific community this book will attract a wide audience in both psychology and women s studies fields

Sex Differences Linda Mealey, 2000-04-13 Sex Differences serves as an advanced text for courses in evolutionary and human biology psychology and sexuality and gender studies It also serves as a reference source for academic professionals in these disciplines The book covers the evolution of sex and sex differences and sex differences and sexual strategies in non human and human animals The final chapter addresses issues of sex and gender in interpersonal relationships organizations and politics Diagrams graphs charts and tables illustrate key concepts cartoons and photos provide visual breaks and an element of humor Examines sexual differences from a multi level comparative approach Contains a thorough coverage of literature through 1998 and into 1999 Illustrates pages with a generous use of cartoons photos figures and diagrams Invites bonus learning with special interest boxes interspersed throughout text Presents a critical analysis Includes a combination of feminist and evolutionary thinking

Handbook of Social Psychology John DeLamater, 2006-11-24 Psychology focusing on processes that occur inside the individual and Sociology focusing on social collectives and social institutions come together in Social Psychology to explore the interface between the two fields The core concerns of social psychology include the impact of one individual on another the impact of a group on its individual members the impact of individuals on the groups in which they participate the impact of one group on another This book is a successor to Social Psychology Social Perspectives and Sociological Perspectives in Social Psychology The current text expands on previous handbooks in social psychology by including recent developments in theory and research and

comprehensive coverage of significant theoretical perspectives Human Nature and the Evolution of Society Stephen K. Sanderson, 2018-05-04 If evolution has changed humans physically has it also affected human behavior Drawing on evolutionary psychology sociobiology and human behavioral ecology Human Nature and the Evolution of Society explores the evolutionary dynamics underlying social life In this introduction to human behavior and the organization of social life Stephen K Sanderson discusses traditional subjects like mating behavior kinship parenthood status seeking and violence as well as important topics seldom included in books of this type especially gender economies politics foodways race and ethnicity and the arts Examples and research on a wide range of human societies both industrial and nonindustrial are integrated throughout With chapter summaries of key points thoughtful discussion questions and important terms defined within the text the result is a broad ranging and comprehensive consideration of human society thoroughly grounded in an evolutionary perspective **Evolutionary Psychology** David Buss, 2015-10-02 This book examines human psychology and behavior through the lens of modern evolutionary psychology Evolutionary Psychology The New Science of the Mind 5 e provides students with the conceptual tools of evolutionary psychology and applies them to empirical research on the human mind Content topics are logically arrayed starting with challenges of survival mating parenting and kinship and then progressing to challenges of group living including cooperation aggression sexual conflict and status prestige and social hierarchies Students gain a deep understanding of applying evolutionary psychology to their own lives and all the people they interact with Sexual Offending in Asia Heng Choon (Oliver) Chan, 2023-01-04 SEXUAL OFFENDING in ASIA AUTHORITY AND THOUGHT PROVOKING WORK DETAILING THE PSYCHO CRIMINOLOGICAL FACTORS INFLUENCING AND AFFECTING SEXUAL OFFENDERS IN ASIA Sexual Offending in Asia examines sexual offending from a general Asian perspective with a psycho criminological approach i e personal social and environmental mechanisms to provide comprehensive coverage of different topics from both theoretical and practical i e practice and policy standpoints This book is part of The Wiley Series in the Psycho Criminology of Crime Mental Health and the Law which aims to publish original high quality authored and edited collections on all aspects of crime mental health and the law from a psycho criminological perspective Sexual Offending in Asia is divided into two main sections i e Part 1 Theories of Sexual Offending and Part 2 Sexual Offending in Asia with five chapters in each section In the second section each chapter concludes with two case examples to illustrate the sexual offending phenomenon of each geographical location Written by an award winning author with significant experience in the field Sexual Offending in Asia provides coverage of topics such as Multi level theories of general sexual offending including multi factorial Level 1 single factor Level II and micro level or offense process Level III theories of sexual offending for specific sex offender populations including female sex offenders and sexual homicide offenders Sexual offending in Asia is discussed based on 5 geographical regions namely East Asia Southeast Asia South Asia West Asia and Central Asia Sexual offending in each geographical region is discussed comprehensively including the

prevalence and nature of sexual offending cultural values and norms related to sexual offending offender victim and offense characteristics penal codes and case examples Sexual Offending in Asia will be of immense interest not only to researchers and field practitioners whose work brings them into contact with sexual offenders but more specifically to those who wish for an informed and informative understanding of Asian sexual offending regarding prevention and intervention strategies

Handbook of Evolutionary Psychology Charles Crawford, Dennis L. Krebs, 2013-03-07 Evolutionary psychology is concerned with the adaptive problems early humans faced in ancestral human environments the nature of psychological mechanisms natural selection shaped to deal with those ancient problems and the ability of the resulting evolved psychological mechanisms to deal with the problems people face in the modern world Evolutionary psychology is currently advancing our understanding of altruism moral behavior family violence sexual aggression warfare aesthetics the nature of language and gender differences in mate choice and perception It is helping us understand the relationship between cognitive science developmental psychology behavior genetics personality and social psychology Foundations of Evolutionary Psychology provides an up to date review of the ideas issues and applications of contemporary evolutionary psychology It is suitable for senior undergraduates first year graduate students or professionals who wish to become conversant with the major issues currently shaping the emergence of this dynamic new field It will be interesting to psychologists cognitive scientists and anyone using new developments in the theory of evolution to gain new insights into human behavior

The Philosophy of Sex Raja Halwani, Jacob M. Held, Natasha McKeever, Alan Soble, 2022-02-28 With twenty five essays seven of which are new to the eighth edition this best selling volume examines the nature morality and social meanings of contemporary sexual phenomena Topics include sexual desire and activity masturbation Sexual orientation asexuality transgender issues Zoophilia rape casual sex and promiscuity love and sex polyamory sexual consent sexual perversion sexual ethics objectification BDSM sex and technology sex and race and sex work Updated and new discussion questions offer students starting points for debate in both the classroom and the bedroom

Love and Freedom Jorge N. Ferrer, 2021-06-24 In Love and Freedom Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized a step forward in the evolution of modern relationships In the same way that the transgender movement surmounted the gender binary Ferrer defines how a parallel step can and should be taken with the relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monoprivilege polyphobia and polypride monophobia that mediate the contemporary mono poly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these mono poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and

polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities

Who's Afraid of Charles Darwin? Griet Vandermassen, 2005-02-10 Why should feminism and the biological sciences be at odds And what might be gained from a reconciliation In Who's Afraid of Charles Darwin Vandermassen shows that rather than continuing this enmity feminism and the biological sciences and in particular evolutionary psychology have the need and the potential to become powerful allies Properly understood the Darwinian perspective proposed in this volume will become essential to tackling the major issues in feminism
