Long March, Short Spring Barbara Ehrenreich, John Ehrenreich, 1969 **A study guide for Barbara Ehrenreich's "Nickel and Dimed: On (Not) Getting By in America"** Gale, Cengage Learning, 2015-03-13 A study guide for Barbara Ehrenreich's Nickel and Dimed On Not Getting By in America excerpted from Gale's acclaimed Literary Newsmakers for Students series This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Literary Newsmakers for Students for all of your research needs **Fear of Falling** Barbara Ehrenreich, 2020-01-07 A brilliant and insightful exploration of the rise and fall of the American middle class by New York Times bestselling author Barbara Ehrenreich One of Barbara Ehrenreich's most classic and prophetic works Fear of Falling closely examines the insecurities of the American middle class in an attempt to explain its turn to the right during the last two decades of the 20th century Weaving finely tuned expert analysis with her trademark voice Ehrenreich traces the myths about the middle class to their roots determines what led to the shrinking of what was once a healthy percentage of the population and how in its ambition and anxiety that population has retreated from responsible leadership Newly reissued and timely as ever Fear of Falling places the middle class of yesterday under the microscope and reveals exactly how we arrived at the middle class of today *The Hearts of Men* Barbara Ehrenreich, 2011-02-09 From the bestselling author of Nickel and Dimed an explanation of recent sexual culture and the loosening of marriage bonds in recent history Finally someone is offering a new utterly plausible explanation of loosening marriage bonds According to Barbara Ehrenreich it is men who started walking off in search of freedom from their stifling role of breadwinner success machine The shock and exhilaration of this book comes from the recognition that here is a woman who has dared to look beyond the everyday assumptions about love and commitment to examine which bonds between men and women can endure and which may last forever Vogue **How Social Movements Matter** Marco Giugni, Doug McAdam, Charles Tilly, 1999 We have all witnessed social movements and felt their effects some subtle others profound But to truly understand their impact over time in different countries and on various segments of society requires the kind of rare insight this book provides Bringing together several well known scholars this volume offers an assessment of the consequences of social movements in Western countries Policy institutional cultural short and long term and intended and unintended outcomes are among the types of consequences the authors consider in depth They also compare political outcomes of several contemporary movements specifically women's peace ecology and extreme rights movements in different countries *Living with a Wild God* Barbara Ehrenreich, 2014-04-08 From the New York Times bestselling author of Nickel and Dimed comes a brave frank and exquisitely written memoir that will change the way you see the world Barbara Ehrenreich is one of the most important thinkers of our time Educated as a scientist she is an author journalist activist and advocate for social justice In Living With a Wild God she recounts her quest beginning in childhood to find the Truth about

the universe and everything else What's really going on Why are we here In middle age she rediscovered the journal she had kept during her tumultuous adolescence which records an event so strange so cataclysmic that she had never in all the intervening years written or spoken about it to anyone It was the kind of event that people call a mystical experience and to a steadfast atheist and rationalist nothing less than shattering In *Living With a Wild God* Ehrenreich reconstructs her childhood mission bringing an older woman's wry and erudite perspective to a young girl's impassioned obsession with the questions that at one point or another torment us all The result is both deeply personal and cosmically sweeping a searing memoir and a profound reflection on science religion and the human condition With her signature combination of intellectual rigor and uninhibited imagination Ehrenreich offers a true literary achievement a work that has the power not only to entertain but amaze
