Long Range Desert Group 1940 45 Providence Their Guide:

Providence Their Guide David L. Lloyd Owen, 1980 Here at last is the full story of perhaps the most renowned and effective of those sometimes odd but always inspired formations born out of the desert during the Second World War The author was in the Long Range Desert Group for most of its existence and commanded the unit from 1943 till its disbandment in 1945 He covers not only the justly famed activities of the group in the deserts of North Africa but also for the first time its later operations in the Aegean Italy and different parts of the Balkans Yugoslavia and Albania particularly where its adventures were appropriately colourful and often bizarre Throughout his account he describes and illustrates with hitherto unpublished photographs many of the personalities British New Zealanders and Rhodesians who contributed so much to the LRDG s character and success Inside front cover

Vehicles of the Long Range Desert Group 1940-45 Gavin Mortimer, 2021-02-18 A fascinating study of the specialized vehicles kit and techniques of the Long Range Desert Group who pioneered long range desert warfare in World War II and worked closely with the embryonic SAS The Long Range Desert Group was one of the most famous special units of World War II operating heavily modified vehicles deep behind enemy lines to gather intelligence and support the raids of David Stirling s new Special Air Service When war broke out a pre war explorer and army officer Ralph Bagnold convinced Middle East Command of the need for a reconnaissance force to penetrate into Italian held desert Bagnold tested four types of vehicles over rocks and through soft sand to find the best one for his new unit He selected the Chevrolet WB 30 CWT as the signature vehicle of the Long Range Desert Group because it is fast simple and easy to handle With left hand steering horizontal grill and round fenders on the rear wheels these trucks proved themselves popular and effective The durability of the Chevrolets was demonstrated in January 1941 with an audacious raid on the Italian fort air strip at Murzuk hundreds of miles behind enemy lines This book explains the detail of all the vehicles of the LRDG as well as their modifications driving techniques and special kit for surviving behind enemy lines in one of the most hostile environments on earth

The Long Range Desert Group 1940-1945 David Lloyd-Owen, 2009-05-29 This splendid record takes the reader behind enemy lines not only in North Africa but in Italy the Aegean and the Balkans The Author who commanded the LRDG paints a vivid picture of the unit s colourful characters for example Ralph Bagnold who put to good use the knowledge he gained from his pre war desert travels The LRDG was truly international with New Zealanders and Rhodesians playing key roles This classic book won acclaim from the critics on its first publication by virtue of the author s unique knowledge experience and narrative skills

From Churchill's SAS to Hitler's Waffen-SS Michael Scott, 2023-01-05 Thoroughly researched and well written this book astounds the reader as to how its subject managed to get away with all the things he did The author tells a good story about a bad man and his wartime escapades WWII History Magazine Captain Douglas Berneville Claye was serving with the fledgling SAS with fellow officers such as David Stirling and Blair Paddy Mayne when he was captured in the Western Desert He was turned and became a member of the Nazi Waffen SS Collaboration with the enemy was confirmed when dressed as an SS captain he approached remnants of the British Free Corps the Waffen SS unit composed of renegade British nationals He exhorted them to serve under his command against Russian forces Post war Berneville Claye was investigated by MI5 for treachery Following an Army court martial he was dishonorably dismissed and sentenced to six months imprisonment Upon release his escapades and private life were no less contentious A philanderer and bigamist he married four times sired ten children and rubbed shoulders with the criminal underworld in and out of prison Eventually he succeeded in emigrating to Australia Thanks to the author's painstaking research this is a compelling yet shocking biography of one of the most intriguing colorful and disreputable characters of his era How he escaped with his life is a question readers will ponder

SAS Ghost Patrol Damien Lewis, 2018-11-20 An amazing account of Britain's most audacious act of subterfuge in WWII an undercover raid of Rommel's stronghold in Tobruk The Daily Mirror On a scorching September day in 1942 the Special Air Service SAS a special forces unit of the British Army pulled off one of the most daring top secret ruses of the Second World War The plan sanctioned by Churchill cover a grueling two thousand miles of the Sahara desert to attack German general Erwin Rommel's seemingly impregnable port fortress in North Africa from the rear to break free and arm more than thirty thousand Allied POWs Led by Capt Herbert Buck and posing as Afrika Korps soldiers complete with German uniforms and weaponry the crew broke into the enemy stronghold Trojan Horse style as part of the coordinated attack on Tobruk Intensively researched powerfully written and culled from the private diaries of the do or die maverick heroes this extraordinary story of the sneak attack on the notorious Desert Fox is more thrilling than any fiction A bold outrageous and rule shattering mission impossible SAS Ghost Patrol is one of the great untold stories of WWII Bear Grylls

The Eyes of the Desert Rats David Syrett, 2014-08-19 Made up of members of the Coldstream and Scots Guards British Yeomanry cavalry regiments New Zealanders South Africans and Indian Army men the Long Range Desert Group was perhaps the most effective of all the special forces established by the Allies during the Second World War It was able to go thousands of miles into enemy territory well armed and carrying its own supplies of petrol food and even water to last for weeks at a time something quite new in military history Using experience acquired in WWI and inter war exploration travels the LRDG thus developed the ability to appear almost anywhere in the desert to carry out almost every type of ground reconnaissance mission possible in desert warfare exploring and mapping the terrain transporting agents behind enemy lines or determining the strength and location of enemy forces with an extraordinary degree of accuracy and detail and thus able to verify or hide Ultra intelligence Equally important were their skills in the art of desert navigation demonstrated in the outflanking of the enemy during the Allied advance from El Alamein westward to Tunisia as led by the LRDG Once it had teamed up with the Special Air Service SAS made up of British Free French Commonwealth and Jewish Palestinian soldiers the LRDG perfected the art of irregular mechanized warfare conducted in the rear of the enemy's forces in the desert attacking enemy installations of all kinds mining roads raiding airfields destroying enemy aircraft on the ground and inflicting losses upon the

enemy in inverse proportion to their own remarkably low rate of casualties Through meticulous research in original archival material this book thus tells the extraordinary story of how a relatively small number of dedicated men developed the methods and techniques for crossing by motor vehicle the depths of the then unmapped and seemingly impassable great deserts of Egypt and Libya the Western Desert during the British Army s North African Campaign of 1940 43 The Long Range Desert Group and the Special Air Service as a matter of course did extraordinary things the heroic was the commonplace Their tactics techniques and remarkable success in desert warfare continue to make them of great interest to the student of military affairs Likewise as it seeks to answer how the deep desert can best be used for military purposes this study is pertinent to today s military operations perhaps more so than at any time since World War II this study provides fresh insights into the nature of desert warfare past present and future and reveals the peculiarities of this warfare often lost to modern armies a virtual primer useful to commanders and soldiers alike At long last this book can find its rightful place in the classroom of military courses and colleges and in the hands of those interested in the intricacies complexities and problems of military operations in desert regions From the Foreword to the book by Colonel Retired David M Glantz **The Bloody Road to Tunis** David Rolf,2015-02-03 As the Afrika Korps withdrew after a bruising defeat at El Alamein it became apparent that Axis forces would not be able to maintain their hold over Libya Rommel pulled his troops back to Tunisia digging in along the Mareth Line and turned westwards t
