liberated rhetoric and reader has at last become available to courses in composition with the publication of *A Woman's Place*. This unique textbook explores the notion of writing as self definition and as a consequence the relationship between gender and writing. Convinced that writing is a meaningful process performed with commitment Dr Morahan has created a course that simultaneously sharpens writing and thinking skills and contributes to the consciousness raising of women and men in today's world. Her pedagogy for liberation creates a student centered classroom in which a spirit of collaboration replaces one of competition by means of peer editing tutorial approaches and small group activities. The literary passages of *A Woman's Place* are both stylistically and thematically tied in with the lessons directly. At the same time they function as a compact women's studies course. Research and writing are organized around a cluster of shared themes: problems that all students are addressing in their lives: power vs powerlessness, passivity vs action, identity, oppression vs freedom and the nurturance of creativity. Taken from the works of professional writers including such well known individuals as Adrienne Rich, Tillie Olsen, Joan Didion, Virginia Woolf, Margaret Mead, Mary Wollstonecraft, Jonathan Swift and Sylvia Plath, they are often accompanied by short excerpts from student essays. Useful bibliographical notes suggest further readings.

[Handbook of Hypnotic Suggestions and Metaphors](#) D. Corydon Hammond, 2013-07-01. Designed as a practical desktop reference, this official publication of the American Society of Clinical Hypnosis is the largest collection of hypnotic suggestions and metaphors ever compiled. It provides a look at what experienced clinicians actually say to their patients during hypnotic work. A book to be savored and referred to time and again, this handbook will become a dog-eared resource for the clinician using hypnosis.
