Rory McIlroy - The Champion Golfer Frank Worrall,2014-11-13 Hard hitting Rory McIlroy was always destined to become a professional golfer from the moment he recorded a 40 yard drive aged just two His first hole in one came when he was nine and he played in his first professional European tour event as a 16 year old in 2005 Despite high expectations Rory keeps a cool head on his young shoulders and lets his golf do the talking His maiden victory came in the 2009 Dubai Desert Classic where he endured a nail biting final hole and he has since gone on to win multiple events around the world After falling apart at the 2011 Masters his final breakthrough came in June 2011 when he won his first major the US Open An incredible 2012 followed in which he became the number one ranked golfer in the world But in 2013 despite high aspirations Rory did not fare well in major tournaments not that is until the end of the year when he won the Australian Open by one stroke In 2014 he raised his game still further winning two more majors in an incredible four week spell the British Open and the USPGA the latter for a second time bringing his total tally to four majors Now with Rory back at No 1 in the world rankings Frank Worrall presents the fascinating story of one of golf s greatest ever talents *Carol Reed* Peter William Evans,2019-01-04 Carol Reed is one of the truly outstanding directors of British cinema and one whose work is long overdue for reconsideration This major study ranges over Reed s entire career combining observation of general trends and patterns with detailed analysis of twenty films both acknowledged masterpieces and lesser known works Evans avoids a simplistic auteurist approach placing the films in their autobiographical socio political and cultural contexts and relating these to the analysis of Reed s art The critical approach combines psychoanalysis gender theory and the analysis of form Archival research is also relied on to clarify Reed s relations with his creative team financial backers and others Films examined include *Bank Holiday* *A Girl Must Live* *Odd Man Out* *The Fallen Idol* *The Third Man* *Night Train to Munich* *The Way Ahead* *Outcast of the Islands* *Trapeze* and *Oliver* *The Light of Western Stars* Zane Grey,1914 *Eastern Star of Michigan* ,1928 *The Guide to Nature* Edward Fuller Bigelow,1921 *North Star over My Shoulder* Bob Buck,2002-05-04 It is rare to find one person whose life embodies the history of an industry the way Bob Buck s life encompasses the history of commercial aviation in America Buck first flew in the 1920s inspired by the exploits of Charles Lindbergh In 1930 at age sixteen he flew solo from coast to coast breaking the junior transcontinental speed record In 1936 he flew nonstop from Burbank California to Columbus Ohio in a 90 horsepower Monocoupe to establish a world distance record for light airplanes He joined Transcontinental and Western Air T when he retired thirty seven years later he had made more than 2 000 Atlantic crossings and his role had progressed from such tasks as retracting a DC 2 s landing gear with a cockpit based hand pump to command of a wide body 747 Buck s experiences go back to a time when flying was something glamorous He flew with and learned from some true pioneers of aviation the courageous pilots who created the airmail service during flying s infancy At the behest of his employer Howard Hughes Buck spent three months flying with Tyrone Power on a trip to South America

Africa and Europe He flew the New York Paris Cairo route in the days when flight plans called for lengthy stopovers and enjoyed all that those romantic places had to offer He took part in a flight that circled the globe sideways from pole to pole He advised TWA's president on the shift to jet planes a world expert on weather and flight Buck used a B 17G to chase thunderstorms worldwide as part of a TWA Air Force research project during World War II for which he was awarded the Air Medal as a civilian by President Truman In North Star over My Shoulder Bob Buck tells of a life spent up and over the clouds and of the wonderful places and marvelous people who have been a part of that life He captures the feel taste and smell of flying's greatest era how the people lived what they did and felt and what it was really like to be a part of the world as it grew smaller and smaller He relates stories from his innumerable visits to Paris the city he loves more than any other echoing Gertrude Stein's view that America is my country and Paris is my home town and from his trips to the Middle East including flights to Israel before and after it became a state A terrific storyteller and a fascinating man Bob Buck has turned his well lived life into a delightful memoir for anyone who remembers when there really was something special in the air
