Lopez Guerra

Francisco López-Guerra

Lopez Guerra:

López Guerra Francisco López-Guerra, 2000 Amongst the members of the new generations of architecture and his commitment to his profession *Against Democracy* Jason Brennan, 2017-09-26 A bracingly provocative challenge to one of our most cherished ideas and institutions Most people believe democracy is a uniquely just form of government They believe people have the right to an equal share of political power And they believe that political participation is good for us it empowers us helps us get what we want and tends to make us smarter more virtuous and more caring for one another These are some of our most cherished ideas about democracy But Jason Brennan says they are all wrong In this trenchant book Brennan argues that democracy should be judged by its results and the results are not good enough Just as defendants have a right to a fair trial citizens have a right to competent government But democracy is the rule of the ignorant and the irrational and it all too often falls short Furthermore no one has a fundamental right to any share of political power and exercising political power does most of us little good On the contrary a wide range of social science research shows that political participation and democratic deliberation actually tend to make people worse more irrational biased and mean Given this grim picture Brennan argues that a new system of government epistocracy the rule of the knowledgeable may be better than democracy and that it s time to experiment and find out A challenging critique of democracy and the first sustained defense of the rule of the knowledgeable *Against Democracy* is essential reading for scholars and students of politics across the disciplines Featuring a new preface that situates the book within the current political climate and discusses other alternatives beyond epistocracy *Against Democracy* is a challenging critique of democracy and the first sustained defense of the rule of the knowledgeable *The Ethics of Exile* Ashwini Vasanthakumar, 2021-11-04 Exiles have long been transformative actors in their homelands they foment revolution sustain dissent and work to create renewed political institutions and identities back home Ongoing waves of migration ensure that they will continue to play these vital roles Rather than focus on what exiles mean for the countries they enter a perspective that often treats them as passive victims *The Ethics of Exile* recognises their political and moral agency and explores their rich and vital relationship to the communities they have left It offers a rare view of the other side of the migration story Engaging with a series of case studies this book identifies the responsibilities and rights exiles have and the important roles they play in homeland politics It argues that exile politics performs two functions it can correct defective political institutions back home and it can counter asymmetries of voice and power abroad In short exiles can act both as a linchpin and a buffer between political communities in crisis and the international actors who seek to variously aid and exploit them When we think about the duties we owe to those forced to leave their homes we should consider how to enable rather than thwart these roles **Power to the People** Mark V. Tushnet, Bojan Bugarič, 2021 *Power to the People* proposes that some forms of populism are inconsistent with constitutionalism while others aren t By providing a series of case studies some organized by nation others by topic the book

identifies these populist inconsistencies with constitutionalism and importantly when and how they are not Opening a dialogue for the possibility of a deeper populist democracy the book examines recent challenges to the idea that democracy is a good form of government by exploring possibilities for new institutions that can determine and implement a majority's views without always threatening constitutionalism *Childhood in Liberal Theory* Nicolás Brando, 2024 *Childhood in Liberal Theory* offers a novel perspective on the concept of childhood and children's rights within the tradition of liberal theories of justice Brando questions the strict opposition of childhood and adulthood as social categories and proposes an Adaptive model of childhood as an alternative foundation *Citizenship Acquisition and National Belonging* G. Calder, P. Cole, J. Seglow, 2009-11-12 What does it take to become a citizen of a particular nation Is it justified to restrict membership of a society and if so on what grounds This book explores a series of pressing controversial issues surrounding the acquisition of citizenship in theory and practice **Stories from the Barrio** Carlos Eliseo Cuéllar, 2003 This work offers a new look at the history of Fort Worth The history of this people includes the stories of early Mexicanos escaping the hardships of the Mexican revolution to the attempts of second generation Mexican Americans to assimilate to their political voice and freedoms

Joseph Carens: Between Aliens and Citizens Matthias Hoesch, Nadine Mooren, 2020-08-11 This book offers a critical discussion of Joseph Carens's main works in migration ethics covering themes such as migration naturalization citizenship culture religion and economic equality The volume is published on the occasion of the annual Münster Lectures in Philosophy held by Joseph Carens in the fall of 2018 It documents the intellectual exchange with the well known philosopher Joseph Carens by offering critical contributions on Carens's work and commentaries of Carens as a reply to these critical contributions With his various works on migration ethics Joseph Carens must be seen as one of the leading academics in the political and ethical discourse of migration in the last years The topic of migration raises questions not only regarding naturalization and citizenship but also cultural economic and religious differences between aliens citizens and persons whose status lies in between and calls for further determination Such questions gain more and more importance in our globalized world as can be seen for example in the context of the refugee crisis in the European Union and the U S The book covers different systematic topics of Carens's work as can be found in his widely read book *The Ethics of Immigration* but also in further publications It provides papers with critical discussions of Carens's work as well as his responses to these thus enabling and documenting the fruitful dialogue between the contributors and Carens himself The aim of this book is to sharpen and shed light on Carens's arguments concerning migration by offering new and critical perspectives and fine grained analyses *The Superior Courts Network* European Court of Human Rights, 2025-05-01 A network designed to facilitate dialogue between the European Court of Human Rights and the national superior courts Launched by the European Court of Human Rights in 2015 the Superior Courts Network SCN has matured into a vibrant operational level community in the service of human rights the rule of law and justice Ten years on and spanning 111 member courts in all 46 Council of

Europe member States the SCN remains dedicated to sharing knowledge and know how for the mutual benefit of judiciaries across Europe and beyond This anniversary compilation offers unique perspectives on the Network s genesis and evolution as well as on its influence on domestic jurisprudence These insights make a strong case for the added value of judicial dialogue and collaboration in the shared implementation of the European Convention on Human Rights

My Granny Made Me an Anarchist Stuart Christie,2002 *Transatlantic Ties in the Spanish Empire* Ida Altman,2000-06-01 Between 1560 and 1620 a thousand or more people left the town of Brihuega in Spain to migrate to New Spain now Mexico where nearly all of them settled in Puebla de los Angeles New Spain s second most important city A medium sized community of about four thousand people Brihuega had been a center of textile production since the Middle Ages but in the latter part of the sixteenth century its industry was in decline a circumstance that induced a significant number of its townspeople to emigrate to Puebla where conditions for textile manufacturing seemed ideal The immigrants from Brihuega played a crucial role in making Puebla the leading textile producer in New Spain and they were otherwise active in the city s commercial industrial sector as well Although some immigrants penetrated the higher circles of poblano society and politics for the most part they remained close to their entrepreneurial and artisanal origins Closely associated through business kinship marital and compadrazgo ties and in residential patterns the Brihuega immigrants in Puebla constituted a coherent and visible community This book uses the experiences and activities of the immigrants as a basis for analyzing society in Brihuega and Puebla making direct comparisons between the two cities by examining such topics as mobility and settlement politics and public life economic activity religious life social relations and marriage family and kinship In tracing the socioeconomic cultural and institutional patterns of a town in Spain and a city in New Spain in all their connections continuities and discontinuities the book offers a new basis for understanding the process and implications of the transference of these patterns within the early modern Hispanic world

The Fatal Knot John Lawrence Tone,2018-08-25 John Tone recounts the dramatic story of how between 1808 and 1814 Spanish peasants created and sustained the world s first guerrilla insurgency movement thereby playing a major role in Napoleon s defeat in the Peninsula War Focusing on the army of Francisco Mina Tone offers new insights into the origins motives and successes of these first guerrilla forces by interpreting the conflict from the long ignored perspective of the guerrillas themselves Only months after Napoleon s invasion in 1807 Spain seemed ready to fall its rulers were in prison or in exile its armies were in complete disarray and Madrid had been occupied However the Spanish people themselves particularly the peasants of Navarre proved unexpectedly resilient In response to impending defeat they formed makeshift governing juntas raised new armies and initiated a new kind of people s war of national liberation that came to be known as guerrilla warfare Key to the peasants success says Tone was the fact that they possessed both the material means and the motives to resist The guerrillas were neither bandits nor selfless patriots but landowning peasants who fought to protect the old regime in Navarre and their established position within it from the book That unfortunate war destroyed me it

divided my forces multiplied my obligations undermined my morale All the circumstances of my disasters are bound up in that fatal knot Napoleon Bonaparte on the Spanish war

The Epistemology of Democracy Hana Samaržija, Quassim Cassam, 2023-04-03 This is the first edited scholarly collection devoted solely to the epistemology of democracy Its fifteen chapters published here for the first time and written by an international team of leading researchers will interest scholars and advanced students working in democratic theory the harrowing crisis of democracy political philosophy social epistemology and political epistemology The volume is structured into three parts each offering five chapters The first part Democratic Pessimism covers the crisis of democracy the rise of authoritarianism public epistemic vices misinformation and disinformation civic ignorance and the lacking quantitative case for democratic decision making The second part Democratic Optimism discusses the role of hope and positive emotions in rebuilding democracy proposes solutions to myside bias and criticizes dominant epistocratic approaches to forming political administrations The third and final part Democratic Realism assesses whether we genuinely require emotional empathy to understand the perspectives of our political adversaries discusses the democratic tension between mutual respect for others and a quest for social justice and evaluates manifold top down and bottom up approaches to policy making

Citizenship Rights Igor Štiks, 2017-05-15 In today's world all claims tend to be founded on or justified by rights be they political social economic or private The ubiquity of this discourse has led to a blurring of the definition of what exactly constitutes rights not to mention a blurring of the boundaries between different bundles of rights their sources and the various institutional practices through which they are enjoyed or asserted Particular attention needs to be paid to the category of citizenship rights Exactly how are they distinguished from human rights This volume presents some of the most important reflections and studies on citizenship rights both past and present The contributions provide both thorough description and incisive analysis and place the question of citizenship rights into a wider historical social and political perspective As such it offers a timely introduction to the current debates surrounding the rights and duties of both citizens and non citizens alike with a focus on the many ways in which citizenship is contested in the contemporary world The volume is invaluable to scholars and students of citizenship studies political and critical theory human rights sociology urban development and law

Scott-Brown's Otorhinolaryngology and Head and Neck Surgery John Watkinson, Ray Clarke, 2018-08-21 This third volume in Scott Brown's Otorhinolaryngology 8e covers the subspecialty areas of Head and Neck Surgery and Plastic Surgery It is available either as a single volume specialty reference book or as part of the classic and authoritative 3 volume Scott Brown set Edited by renowned experts and including chapter contributions from leading clinicians Volume 3 Head and Neck and Plastic Surgery is current authoritative and of wide clinical application

The Politics of Democratic Representation Benjamin Boudou, Marcus Carlsen Häggrot, 2025-05-16 The book discusses boundaries of electoral inclusion and mechanisms of electoral representation in contemporary democracies While the ancient Athenians took the idea of rule by the people to require direct popular participation in public decision making and the

appointment of officials by lottery mechanisms democracy is nowadays interpreted electorally We partake in government mostly by electing the legislative and sometimes executive officials who in turn make the substantive decisions Yet who we is and how electoral representation should function remains hotly contested Controversies abound about the proper configuration of the demos the body of persons who are enfranchised the ways it is to exercise electoral choice and agency This book takes up several carefully selected questions from these theoretical and political debates Looking at the disenfranchisement of children cognitively disabled persons and refugees and discussing the forms of representation that might be afforded to external voters future generations and non citizens the contributions develop innovative arguments applying the basic principles of electoral democracy to the complexities of specific real world cases Doing so the contributions offer timely yet unorthodox perspectives on the theory and practice of electoral democracy This book was originally published as a special issue of Critical Review of International Social and Political Philosophy

Against Sortition? Geoffrey Grandjean,2024-05-07 Sortition is widely used in our political systems to constitute citizen panels It is now possible to study the limits of this method of selecting our political representatives This book presents the institutionalization of sortition while questioning its political consequences in terms of representation and deliberation Several examples are used such as the Citizens Climate Convention in France and the Conference on the Future of Europe In the end the book helps to identify the consequences of using sortition with regard to the principles of equality and inclusion Above all it offers readers the possibility of continuing to reflect on this method of random selection while promoting the implementation of greater equality between citizens

The Frontiers of Democracy L. Beckman,2009-08-20 The Frontiers of Democracy offers a comprehensive examination of restrictions on the vote in democracies today For the first time the reasons for excluding people prisoners children intellectually disabled non citizens from the suffrage in contemporary societies is critically examined from the point of view of democratic theory

Spain After Franco Richard Gunther,Giacomo Sani,Goldie

Shabad,2023-11-15

The book delves into Lopez Guerra. Lopez Guerra is a vital topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Lopez Guerra, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Lopez Guerra
- Chapter 2: Essential Elements of Lopez Guerra
- Chapter 3: Lopez Guerra in Everyday Life
- Chapter 4: Lopez Guerra in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Lopez Guerra. The first chapter will explore what Lopez Guerra is, why Lopez Guerra is vital, and how to effectively learn about Lopez Guerra.
3. In chapter 2, the author will delve into the foundational concepts of Lopez Guerra. The second chapter will elucidate the essential principles that need to be understood to grasp Lopez Guerra in its entirety.
4. In chapter 3, this book will examine the practical applications of Lopez Guerra in daily life. The third chapter will showcase real-world examples of how Lopez Guerra can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Lopez Guerra in specific contexts. The fourth chapter will explore how Lopez Guerra is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Lopez Guerra. The final chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Lopez Guerra.
