## **Love Thy Teen Ager:**

Love Thy Self - Teen Version Author Kharisma/D.L. Miller,2009-12-01 Many readers who happen to pick up this book may ask why I would choose to write this with an already large array of other self help materials collecting dust on the bookshelves Well with my perusal of the bookstores and libraries I have found very few books written to address the self esteem of people of color and the great need for them to celebrate self love and self preservation The mission of this book is to allow African American Latin American and young people of color the opportunity to embrace their individuality above societal norms cultural expectations gender roles or any other forms of classism Though we all fit into specific groups according to race culture and class we people of color all collectively have something special which makes us uniquely beautiful One may also ask why I would target pre teens teens of color as opposed to speaking to all pre teens teens One good reason to mention is the fact that I am an African American woman who has enjoyed the journey of self discovery its twist and turns ups and downs and all of its ins and outs Despite all the obvious obstacles I have had as an African American woman I have learned to love who I am and achieve success with great pride Secondly I write to hopefully encourage and empower pre teens teens of color to love themselves from the depths of their souls to the surface of their mahogany honey brown or caramel skin As beautiful as we are collectively we have some serious issues with self esteem and confidence Thirdly I pray that this book will help young girls and boys to love who they are denying themselves for no one The 5 Love Languages of Teenagers Gary Chapman,2024-06-04 Over 600 000 copies sold Socially mentally and spiritually teenagers face a variety of pressures and stresses each day Despite these pressures it is still parents who can influence teens the most and The 5 Love Languages of Teenagers equips parents to make the most of that opportunity In this adaptation of the 1 New York Times bestseller The 5 Love Languages more than 20 million copies sold Dr Gary Chapman explores the world in which teenagers live explains their developmental changes and gives tools to help you identify and appropriately communicate in your teen s love language Get practical tips for how to Express love to your teen effectively Navigate the key issues in your teen s life including anger and independence Set boundaries that are enforced with discipline and consequences Support and love your teen when he or she fails Get ready to discover how the principles of the five love languages can really work in the life of your teenage and family *Love At First Sight?
