## Love Virtue:

Love's Transcendence and the Problem of Theodicy Claudia Welz, 2008 Claudia Welz explores responses to the problem of evil that do not end up in a theodicy Kierkegaard's and Rosenzweig's reasons for having no reason to defend God and their ethics of love are discussed in the context of German idealism and French phenomenology **BOOK JACKET** *Christian Grace and Pagan Virtue* J. Warren Smith, 2011-01-27 Warren Smith examines the neglected biblical liturgical and theological foundations of Ambrose's thought on ethics Earlier studies have found little that was distinctively Christian in Ambrose's image of the virtuous person Smith shows that although like the pagans he emphasized moderation courage justice and prudence for Ambrose these characteristics were shaped by the church's beliefs about God's salvific economy **Virtue and Medicine** E.E. Shelp, 2012-12-06 Interest in theories of virtue and the place of virtues in the moral life continues to grow Nicolai Hartmann 7 George F Thomas 20 G E M Anscombe 1 and G H von Wright 21 for example called to our attention decades ago that virtue had become a neglected topic in modern ethics The challenge implicit in these sorts of reminders to rediscover the contribution that the notion of virtue can make to moral reasoning moral character and moral judgment has not gone unattended Arthur Dyck 3 P T Geach 5 Josef Pieper 16 David Hamed 6 and most notably Stanley Hauerwas 8 11 in the theological community have analyzed or utilized in their work virtue based theories of morality Philosophical probings have come from Lawrance Becker 2 Philippa Foot 4 Edmund Pincoffs 17 James Wallace 22 and most notably Alasdair MacIntyre 12 14 Drawing upon and revising mainly ancient and medieval sources these and other commentators have ignited what appears to be the beginning of a sustained examination of virtue **On Love and Virtue: Theological Essays** Michael S. Sherwin, 2018-12-01 What does it mean to love What are the traits of character that support love's activity How does the economy of grace the mission of Christ and the action of the Holy Spirit elevate and transform human love virtue and the desire for happiness In *On Love and Virtue Theological Essays* the eminent Dominican theologian Michael Sherwin considers how the Catholic tradition has addressed these questions Fr Sherwin places this tradition in dialogue with contemporary questions Taking St Thomas Aquinas as his primary guide Fr Sherwin reads St Thomas in light of his biblical and patristic sources especially St Augustine and engages contemporary developments in philosophy in order to deepen our understanding of how grace both heals and elevates human nature Along the way Fr Sherwin considers the vocation of the theologian and the biblical and patristic understanding of the Christian call to moral apprenticeship and friendship with God *Love's Virtues* Mike W. Martin, 1996 This book brings together a sensitive understanding of love and an unusually careful even painstaking analysis of the enormous but often neglected role of morality and the virtues in love Martin's discussions of such virtues as caring courage fidelity and honesty are superb the examples well chosen the argument personal but nevertheless rigorous the prose accessible and enjoyable to read **Freedom of the Will** Jonathan Edwards, 2008-03 Considered Edwards' finest work the treatise is a monument of American philosophy noted *Christian History* magazine Vol 4

No 4 p 19 They continue In this treatise Edwards painstakingly shows that man is indeed free but that God is still sovereign and still solely responsible for man s salvation Edwards tries to show that a sinner and humans in the Calvinist tradition come into the world under the curse of Adam would never by himself choose to glorify God unless God himself changed that person s character Regeneration God s act is the basis for repentance and conversion the human actions A detailed careful and strongly Calvinistic look at this important question Edwards 1703 1758 is by far the best known American theologian After graduating from and teaching at Yale University he began a very fruitful ministry at Northampton MA The church was the scene of the explosive revival of 1734 35 and burned fiercely for God under Edwards for several years Edwards then went to pastor the lowly Indians But at last he was called to be the first president of Princeton University where he served only 5 weeks dying of smallpox *Many Thoughts of Many Minds*, 1863 **Treasury of Wisdom, Wit and Humor, Odd Comparisons and Proverbs**, 1891 *Receptive Human Virtues* Elizabeth Agnew Cochran, 2015-08-26 This book offers a new reading of Jonathan Edwards s virtue ethic that examines a range of qualities Edwards identifies as virtues and considers their importance for contemporary ethics Each of Edwards s human virtues is receptive in nature humans acquire the virtues through receiving divine grace and therefore depend utterly on Edwards s God for virtue s acquisition By contending that humans remain authentic moral agents even as they are unable to attain virtue apart from his God s assistance Edwards challenges contemporary conceptions of moral responsibility which tend to emphasize human autonomy as a central part of accountability **Jonathan Edwards for Armchair Theologians** James P. Byrd, 2008-01-01 Exploring his life most important writings and enduring legacies Jonathan Edwards for Armchair Theologians provides an engaging overview of a man far more complex and multifaceted than most understand **BOOK JACKET The Works of President Edwards;: Life of President Edwards. Enquiry into the freedom of the will. A dissertation concering the end for which God created the world** Jonathan Edwards, 1806 **Orthodox Christian Perspectives on War** Perry T. Hamalis, Valerie A. Karras, 2017-12-15 Many regions of the world whose histories include war and violent conflict have or once had strong ties to Orthodox Christianity Yet policy makers religious leaders and scholars often neglect Orthodoxy s resources when they reflect on the challenges of war Through essays written by prominent Orthodox scholars in the fields of biblical studies church history Byzantine studies theology patristics political science ethics and biology Orthodox Christian Perspectives on War presents and examines the Orthodox tradition s nuanced and unique insights on the meaning and challenges of war with an eye toward their contemporary relevance This volume is structured in three parts Confronting the Present Day Reality Reengaging Orthodoxy s Tradition and Constructive Directions in Orthodox Theology and Ethics Each exemplifies the value of interdisciplinary reflection on war and the potential for the Eastern Orthodox tradition to enhance ecumenical and interfaith discussions surrounding war in both domestic and international contexts The contributors do not advance a single account of the meaning of war or a comprehensive and normative stance purporting to be the Orthodox

Christian teaching on war Instead this collection presents the breadth and depth of Orthodox Christian thought in a way that engages Orthodox and non Orthodox readers alike In addition to offering fresh resources for all people of good will to understand prevent and respond faithfully to war this book will appeal to Christian theologians who specialize in ethics to libraries of academic institutions and to scholars of war peace studies international relations and Orthodox thought

**Free Will** Peter B. Jung, 2019-03-25 Free Will also known as Freedom of the Will is appraised as the one of the greatest works ever produced in America The mid eighteenth century New England philosophical theologian Jonathan Edwards 1703-58 defines the will by importing terms from John Locke Edwards states the Arminian nature of free will suspects the need for such free will and finally defends Calvinist free will and objects to the Arminian one In his argument he chooses three British antagonists Daniel Whitby Thomas Chubb and Isaac Watts These antagonists insist that the self determining will is necessary for us to be morally accountable Edwards disputes their objections that God's determination is contradictory to the liberty of the human will He then goes to argue what kind of freedom of the will is necessary for the former and latter to be compatible Edwards's psychological moral and theological philosophy is displayed In addition readers can learn how our will chooses something pleasant by following the dictate of understanding while the author demonstrates the natures of New England Arminianism and Calvinism

*Virtue Ethics* Christine Swanton, 2003 Major concerns of modern ethical theory are addressed from a character based perspective in this new comprehensive theory of virtue ethics

**Beyond Hope** Stephen J. Costello, 2020-10-12 Drawing on a host of philosophers such as Arthur Schopenhauer Gabriel Marcel Josef Pieper Paul Ricoeur Viktor Frankl Eric Voegelin Bernard Lonergan Roger Scruton John Caputo and Ludwig Wittgenstein as well as theologians like Hans Urs von Balthasar Karl Rahner Hans Kng Pope Benedict XVI and Pope Francis this book argues passionately for the place of hope as the beyond of both a will o the wisp facile optimism on the one hand and a world weary fatuous pessimism on the other Drawing on the philosophy of Advaita Vedanta in the concluding chapter it suggests that only by living from the Self as distinct from the ego can we know ultimate peace and experience the bliss of being that is beyond both hope and happiness These philosophical reflections are both timely as the publication appears amid the Coronavirus crisis and wise It is warmly recommended for its breadth and depth of knowledge This book will appeal to students of both Eastern and Western philosophy as well as spiritual seekers

**Politics and the Order of Love** Eric Gregory, 2008-08-15 Augustine for all of his influence on Western culture and politics was hardly a liberal Drawing from theology feminist theory and political philosophy Eric Gregory offers here a liberal ethics of citizenship one less susceptible to anti liberal critics

because it is informed by the Augustinian tradition The result is a book that expands Augustinian imaginations for liberalism and liberal imaginations for Augustinianism Gregory examines a broad range of Augustine s texts and their reception in different disciplines and identifies two classical themes which have analogues in secular political theory love and related notions of care solidarity and sympathy and sin as well as related notions of cruelty evil and narrow self interest From an Augustinian point of view Gregory argues love and sin constrain each other in ways that yield a distinctive vision of the limits and possibilities of politics In providing a constructive argument for Christian participation in liberal democratic societies Gregory advances efforts to revive a political theology in which love s relation to justice is prominent Politics and the Order of Love will provoke new conversations for those interested in Christian ethics moral psychology and the role of religion in a liberal society
