Lovers, Friends, Slaves... Martha L. Stein, 1975 *You Are My Slaves* Martijn J. Stoutjesdijk, 2024-12-16 Some of the slavery parables in the New Testament have been called texts of terror as the slaves who are portrayed in them are beaten or even cut in two Despite or because their violence slavery parables are often used in early Christian and early rabbinic literature to illustrate the unique relationship between God and his people This study investigates the reasons for and meaning of using the master slave metaphor in the parables what does it tell us about early Christian and early rabbinic theology including possibilities for critique and resistance vis vis the divine and what does it say about slavery in the ancient world **Deviant Behaviour** Clifton D. J. Richards, 1986 Among the most commonly argued legal questions are those involving victimless crimes consensual adult sexual relations including homosexuality and prostitution the use of drugs and the right to die How can they be distinguished from proper crimes and how can we as citizens judge the complex moral and legal issues that such questions entail David Richards a teacher of law in the areas of constitutional and criminal law and a moral and legal philosopher concerned with the investigation of legal concepts applies an interdisciplinary approach to the question of overcriminalization he draws on legal and philosophical arguments and links the subject to history psychology social science and literature To demonstrate how gross and unjust overcriminalization has developed Professor Richards explores basic assumptions that often underlie the common American sense of proper criminalization **Red Light Labour** Elya M. Durisin, Emily van der Meulen, Chris Bruckert, 2018-09-01 In 2013 the Supreme Court ruled in Canada v Bedford that key prostitution laws were unconstitutional The decision provoked wide interest but little new insight into sex work *Red Light Labour* addresses Canada's new legal regime regulating sex work through the analysis of past and present policy approaches and consideration of how laws and those who uphold them have constructed controlled and criminalized sex workers their clients and their workspaces This groundbreaking collection also offers nuanced interpretations of commercial sexual labour that foreground the personal

Sex Tourism on the Kenyan Coast Rose Omondi,Chris Ryan,2024-08-28 This book challenges many suppositions surrounding sex tourism suggesting that elderly males who seek romance and are caught up in their fantasies of finding love with exotic black women are taken advantage of even while the women are often deluding themselves when searching for the mzungu who will enable them to fulfil their dreams of travel house ownership and comfort It is a complex story based on research into the lives of the sex workers obtained from a study conducted over 12 months in the bars and nightclubs of the Kenyan coast Fortunes are made and lost but the tragedy is that the success of the few in achieving their dreams becomes a false promise for the majority who seek to emulate the success of the few The book will be of immense value to those interested in gender studies and indeed those who hold an interest in the complexities of sex work Women

Working: Prostitution Now Eileen McLeod,2022-08-24 Women who work as prostitutes are struggling against a disadvantaged position in society The relative poverty in which many women still live in is seen as the cause for prostitution in that sex is their most saleable commodity and can bring them substantial financial rewards Originally published in 1982 and drawing on her involvement with PROS Programme for Reform of the Law on Soliciting one of the Street Prostitutes Campaigns in Britain and on interviews with prostitutes and their clients the author examines how the financial benefits are offset by the attitudes prostitutes encounter from men It is shown that while in some ways the role of client reflects men s advantageous social position male clients are often trying to compensate for failure in their marriage or an inability to conform to the accepted masculine role What the clients want and the conditions in which prostitutes work are discussed in separate chapters Meanwhile the Law the media and public opinion unite to protect the public face of morality and to condemn prostitutes as a corrupting influence in society This study concludes by showing how prostitutes campaigns are struggling with these issues and relates this to the feminist efforts to improve the conditions in which women exist and work
