 essential figure in the development of philosophy especially the Western tradition and he founded the Academy in Athens the  
 first institution of higher learning in the Western world Along with his teacher Socrates and his most famous student  
 Aristotle Plato laid the foundations of Western philosophy and science Alfred North Whitehead once noted the safest general  
 characterization of the European philosophical tradition is that it consists of a series of footnotes to Plato Plato's dialogues  
 have been used to teach a range of subjects including philosophy logic ethics rhetoric religion and mathematics His lasting  
 themes include Platonic love the theory of forms the five regimes innate knowledge among others His theory of forms  
 launched a unique perspective on abstract objects and led to a school of thought called Platonism Plato's writings have been  
 published in several fashions this has led to several conventions regarding the naming and referencing of Plato's texts
