Reigns of Trance: A Komfo Anokye Story Kwasi Anokye, 2016-02-02 Reigns of Trance reads as a collage of some of the differing sometimes complementary sometimes contradictory accounts the author encountered while researching the life and work of Komfo Anokye It presents the varying accounts on one level to familiarize readers with the posture of the legendary healer nation builder law maker warrior king and magician towards life and his storied attainments to help us rethink impossibility The focus however is on how he is perceived and spoken of **Selected Works of Gertrude Franklin Horn Atherton** Gertrude Franklin Horn Atherton, 2020-09-28 Countess Gisela Niebuhr sat in the long dusk of Munich staring over at the beautiful park that in happier days had been famous in the world as the Englischer Garten and deliberately recalled on what might be the last night of her life the successive causes that had led to her profound dissatisfaction with her country as a woman She was so thoroughly disgusted with it as a German that personal grievances were far from necessary to fortify her for the momentous role she was to play with the dawn but in this rare hour of leisure it amused her naturally introspective mind to rehearse certain episodes whose sum had made her what she was When she was fourteen and her sisters Lili and Elsa sixteen and eighteen they had met in the attic of their home in Berlin one afternoon when their father was automatically at his club and their mother taking her prescribed hour of rest and solemnly pledged one another never to marry The causes of this vital conclave were both cumulative and immediate Their father the Herr Graf a fine looking junker of sixty odd with a roving eye and a martial air despite a corpulence which annoyed him excessively had transferred his lost authority over his regiment to his household The boys were in their own regiments and rid of parental discipline but the countess and the girls received the full benefit of his military and Prussian relish for despotism In his essence a kind man and fond of his women he balked their every individual wish and allowed them practically no liberty They never left the house unattended like the American girls and those fortunate beings of the student class Lili had a charming voice and was consumed with ambition to be an operatic star She had summoned her courage upon one memorable occasion and broached the subject to her father All the terrified family had expected his instant dissolution from apoplexy and in spite of his petty tyrannies they loved him The best instructor in Berlin continued to give her lessons as nothing gave the Graf more pleasure

of an evening than her warblings The household quite apart from the Frau Gräfin's admirable management ran with military precision and no one dared to be the fraction of a minute late for meals or social engagements They attended the theater the opera court functions dinners balls on stated nights and unless the Kaiser took a whim and altered a date there was no deviation from this routine year in and out They walked at the same hour drove in the Tiergarten with the rest of fashionable Berlin started for their castle in the Saxon Alps not only upon the same day but on the same train every summer and the electric lights went out at precisely the same moment every night the count's faithful steward manipulated a central stop They were encouraged to read and study but not oh by no means to have individual opinions The men of Germany were there to do the thinking and they did it Perhaps the rebellion of the Niebuhr girls would never have crystallized for after all their everyday experience was much like that of other girls of their class merely intensified by their father's persistence of executive ardors had it not been for two subtle influences quite unsuspected by the haughty Kammerherr they had an American friend Kate Terriss who was finishing her voice in Berlin and their married sister Mariette had recently spent a fortnight in the paternal nest The count despised the entire American race as all good Prussians did but he was as wax to feminine blandishments outside of his family and Miss Terriss was pretty diplomatic alluring and far cleverer than he would have admitted any woman could be She wound the old martinet round her finger subdued her rampant Americanism in his society and amused herself sowing the seeds of rebellion in the minds of those poor Niebuhr girls As the countess also liked her she had been in and out of the house for nearly a year The young Prussians had alternately gasped and wept at the amazing stories of the liberty the petting the procession of good times enjoyed by American girls of their own class to say nothing of the invariable prerogative of these fortunate girls to choose their own husbands who according to the unprincipled Miss Terriss invariably spoiled their wives and permitted them to go and come to spend their large personal allowances as they listed Gisela closed her beloved volume of Grimm's fairy tales and never opened it again
