Bell, 2020 Vol 1 Wagner's Ring is one of the greatest of all artworks of Western civilization but what is it all about The power and mystery of Wagner's creation was such that he himself felt he stood before his work as though before some puzzle A clue to the Ring's greatness lies in its multiple avenues of self disclosure and the corresponding plethora of interpretations that over the years has granted ample scope for directors and will no doubt do so well into the distant future One possible interpretation which Richard Bell argues should be taken seriously is the Ring as Christian theology In this first of two volumes Bell considers among other things how the composer's Christian interests may be detected in the forging of his Ring looking at how he appropriated his sources whether they be myths and sagas writers poets or philosophers and considering works composed around the same time especially his Jesus of Nazareth back cover

Music and Identity in Postcolonial British South-Asian Literature Christin Hoene, 2014-08-27 This book examines the role of music in British South Asian postcolonial literature asking how music relates to the construction of postcolonial identity It focuses on novels that explore the postcolonial condition in India Pakistan and the United Kingdom Vikram Seth s *A Suitable Boy* Amit Chaudhuri s *Afternoon Raag* Suhayl Saadi s *Psychoraag* Hanif Kureishi s *The Buddha of Suburbia* and *The Black Album* and Salman Rushdie s *The Ground Beneath Her Feet* with reference to other texts such as E M Forster s *A Passage to India* and Vikram Seth s *An Equal Music* The analyzed novels feature different kinds of music from Indian classical to non classical traditions and from Western classical music to pop music and rock n roll Music is depicted as a cultural artifact and as a purely aestheticized art form at the same time As a cultural artifact music derives meaning from its socio cultural context of production and serves as a frame of reference to explore postcolonial identities on their own terms As purely aesthetic art music escapes its contextual meaning The transgressive qualities of music render it capable of expressing identities irrespective of origin and politics of location Thereby music in the novels marks a very productive space to imagine the postcolonial nation and to rewrite imperial history to express the cultural hybridity of characters in between nations to analyze the state of the nation and life in the multicultural diaspora of contemporary Great Britain and to explore the ramifications of cultural globalization versus cultural imperialism It will be a useful research and teaching tool for those interested in postcolonial literature music studies cultural studies contemporary literature and South Asian literature
