Double Image David Morrell, 2024-09-24 After a harrowing experience in Bosnia war photographer Mitch Coltrane makes a vow From now on he will only take those pictures that celebrate life that document hope instead of despair Still wartorn images continue to haunt him He learns to shield himself by fixating on a beautiful woman in an old photograph But slowly he grows obsessed Who is she He must know And as Coltrane searches for answers he falls hopelessly in love forgetting that the past can sometimes intrude on the present with terrifying consequences Double Vision Blair Borders, 2017-03-21 DOUBLE VISION In Double Vision author Blair Borders takes you on a journey of transformation from ordinary limited modes of perceiving the world to a consciousness expanding vision empowering you to live your best life now This book incorporates a unique blend of philosophy science spirituality and religion revealing eight life altering principles by which to live as well as the opposing worldly counterpart of each Each chapter offers a framework to overcome self limiting behaviors and includes practical suggestions for daily living Combining the natural gifts of psychological understanding with intuition Blair aims to provide breakthroughs in mind body and spirit and draws upon the wisdom of philosophers and poets authors and mystics in this seminal work *Double Vision* Tzachi Zamir, 2012-06-24 Hamlet tells Horatio that there are more things in heaven and earth than are dreamt of in his philosophy In Double Vision philosopher and literary critic Tzachi Zamir argues that there are more things in Hamlet than are dreamt of or at least conceded by most philosophers Making an original and persuasive case for the philosophical value of literature Zamir suggests that certain important philosophical insights can be gained only through literature But such insights cannot be reached if literature is deployed merely as an aesthetic sugaring of a conceptual pill Philosophical knowledge is not opposed to but is consonant with the literariness of literature By focusing on the experience of reading literature as literature and not philosophy Zamir sets a theoretical framework for a philosophically oriented literary criticism that will appeal both to philosophers and literary critics Double Vision is concerned with the philosophical understanding induced by the aesthetic experience of literature Literary works can function as credible philosophical arguments not ones in which claims are conclusively demonstrated but in which claims are made plausible Such claims Zamir argues are embedded within an experiential structure that is itself a crucial dimension of knowing Developing an account of literature s relation to knowledge morality and rhetoric and advancing philosophical literary readings of Richard III Macbeth Romeo and Juliet Othello Antony and Cleopatra Hamlet and King Lear Zamir shows how his approach can open up familiar texts in surprising and rewarding ways **Double Vision** William Middleton, 2018-03-27 NAMED ONE OF THE BEST ART BOOKS OF THE DECADE BY ARTNEWS The first and definitive biography of the celebrated collectors Dominique and John de Menil who became one of the greatest cultural forces of the twentieth century through groundbreaking exhibits of art artistic scholarship the creation of innovative galleries and museums and work with civil rights Dominique and John de Menil created an oasis of culture in their Philip Johnson

designed house with everyone from Marlene Dietrich and Ren Magritte to Andy Warhol and Jasper Johns In Houston they built the Menil Collection the Rothko Chapel the Byzantine Fresco Chapel the Cy Twombly Gallery and underwrote the Contemporary Arts Museum Now with unprecedented access to family archives William Middleton has written a sweeping biography of this unique couple From their ancestors in Normandy and Alsace to their own early years in France and their travels in South America before settling in Houston We see them introduced to the artists in Europe and America whose works they would collect and we see how by the 1960s their collection had grown to include 17 000 paintings sculptures drawings photographs rare books and decorative objects And here is as well a vivid behind the scenes look at the art world of the twentieth century and the enormous influence the de Menils wielded through what they collected and built and through the causes they believed in

Fate, Glory, and Love in Early Modern Gallery Decoration Margaretha Rossholm Lagerlöf, 2017-07-05 Analysing the decorative programmes of the most opulent European palaces of the time Margaretha Rossholm Lagerlöf investigates how meaning was conveyed through display and visual effects She explores the visual meaning inherent in the scheme of spatial relations in effects of scale perspective lighting figures positions and postures and in relations among image types The analysis concerns the interrelations of various kinds of images in the ensembles the relations between images and physical site and the address to the beholder Lagerlöf considers the visual impact of the imagery in conjunction with readable or symbolically coded meanings thus the study does not merely subject these decorations to formalist aesthetic principles She shows the visual meaning generally to sustain the verbal or readable messages but often in subtle ways extending or elaborating the meaning Occasionally the visual meaning comes forth as an undercurrent or complication deviating from the proclaimed and symbolic meaning
