Guiden Sr,2013-01-10 Its amazing how we take the little things in life for granted being able to walk to see to hear and to talk Some people are not able to do one or a multiple combinations of these things And what do we do with these basic but blessed abilities turn a blind eye to the things we dont want to believe not give a second thought to listen to what others have to say in their defense but invite in the negative tongue that speaks on another to diminish ones character Why Why is it that in this society we are so quick to believe or fall into that negative influence instead of standing tall and finding out for ourselves before we lash out and slander our own tongue on a word that may not have any value of truth behind it A persons character should always be put into consideration before even opening your mind to allow such words to be spoken from their lips Its time to step aside and throw away all the nonsense everyone is so eager to feed off of I refuse to try to sway another into feeling a certain way about another I let the facts speak for themselves Im done feeding off the nonsense and baring a false tongue Its time to stand up and grow out of these habits I know some people are so stuck in their ways that they dont see any room for change or believe anything they do isnt wrong but there is this essence of karma we all know that will forever be in their midst There is only a few who will own up to changing and without this change the only thing left for us to do is destroy one another The Palliative Care and Hospice Caregiver's Workbook Lura L Pethtel,John D Engel,2017-11-22 This educational workbook helps people who build compassionate relationships with dying people Accompanied by its trainer s guide it presents a comprehensive sequential learning program for caregivers in non medical capacities covering everything from self understanding to spiritual issues
