Cuomo, 2003 The search for an ethic that is joyful and life loving yet politically and scientifically realistic is at the root of Cuomo s recent philosophy **Words Of Loving Counsel And Sympathy** Mary Winslow, 2020-01-27 Words Of Loving Counsel And Sympathy is a message of meditation based on the Bible and written by Mrs Winslow possessed a remarkably fertile as a deeply sanctified pen It was emphatically the pen of a ready writer whose teachings seemed ever under the guiding hand of God s Spirit In this probably lay her peculiar gift and this defined her far reaching sphere of usefulness Her yet unpublished remains compose a large amount of material capable of being molded into varied forms of sacred instruction and beauty What shall be their disposal was a serious and responsible question To destroy

them appeared a sacrilege entirely to withhold them from the Christian Church a robbery The present volume is in a limited measure a reply to this question It is composed of sacred and precious thoughts culled from her extensive correspondence bearing as the occasion demanded upon some of the most important and interesting topics of the believer s experience In this department of Christian service she was eminently fitted from her own personal and rich experience her deep toned spirituality not less than by the holy and beautiful consistency of her religious life to be a succourer of many She has been a helper of many and of myself as well Romans 16 2 The streams which flow through this unpretending little volume will it is hoped refresh and invigorate many of the Lord s people whose souls like Israel of old are much discouraged because of the hardness of way The readings though brief and this will be a peculiar charm to many who cannot command time or strength for more lengthened teaching will be found to embrace a wide range of topics The anxious seeker will be led to Jesus the feeble believer will be strengthened the wanderer from the Savior will be allured back the ignorant mind will be instructed the tried spirit will be comforted the desponding heart will be cheered the tempted soul will be succored the advanced believer will be aided and even the minister of Christ will be stimulated and encouraged it is humbly and prayerfully trusted with the Divine blessing from a perusal of these unassuming pages They are the breathings of one who dwelt much in the region of the cross who often to use her own expressive words took her walks alone one who lived in close communion with God and who came daily up out of the wilderness leaning in simple calm faith upon her Beloved As such it is hoped they will receive a welcome in many a Christian home and awaken a psalm of praise in many a believing heart And to the Father the Son and the Holy Spirit shall be ascribed all the glory Octavius Winslow February 1868

Love Earth Now Cheryl Leutjen, 2018-01-15 How to live sustainably in an unsustainable society and not let the world discourage your spirit Do you find yourself wondering what on Earth you can do about the very serious environmental challenges we face on our planet today Do you worry there s nothing any one person can do that will make a difference Most people say that they would like to do something to make the world a better place but they just don t believe they have the time energy money or power to make a real difference Love Earth Now invites us to explore our own thoughts and feelings about the challenge and to check in with internal guidance about the waste and negative environmental impacts we see on a daily basis While most of us can t stop the Arctic icepack from melting we can decide to make better choices like avoiding excessive packaging with our purchases walking more and driving less planting organic veggies in the front yard instead of a water wasting lawn and even

going as green as possible at work and at home Does your office lack a recycling and composting program Do the research and start one yourself Each chapter concludes with a Diving In section a simple and immediate exercise much like a guided meditation to prompt us toward our own sustainable solutions By practicing eco mindfulness we can discover that one thing we can do to make a difference today and for all our tomorrows This is not only a source of inspiration but a sourcebook of direct actions large and small we can all take to ensure our children and their children s children have a healthy future on this planet Drawing from her experiences as an engineering geologist environmental law attorney small shop owner and mindfulness practitioner Cheryl Leutjen also reminds us about the importance of simplicity and how all our possessions and the constant shopping for more are no better for us than they are for the planet itself contributing to landfills and a tech tethered society that is increasingly isolated Both helpful and hopeful Love Earth Now is brimming with creative suggestions that will get us closer to a sustainable lifestyle one day at a time
