A low carb diet restricts sugary foods and starches like pasta or bread. Instead you'll eat delicious real foods including protein, natural fats, and vegetables. Low carb diets just work; they've been used for over 150 years and there are tons of success stories. Dozens of scientific studies prove that compared to other diets, low carb is more effective. Weight loss without hunger. An LCHF diet makes it easier for the body to use its fat reserves as their release is no longer blocked by high insulin levels. This may be one reason why eating fat produces a feeling of longer lasting satiety than carbohydrates. It's been shown in a number of studies. When people eat all they want on a low carb diet, caloric intake typically drops. So no counting or food weighing is necessary. You can forget about the calories and trust your feelings of hunger and satiety. Most people don't need to count or weigh their food any more than they need to count their breathing. If you don't believe it, just try for a couple of weeks and see for yourself. Losing Weight Effortlessly on Low Carb.
