Roger Wunderlich,1992-06-01 In the mid 1800s deep in the Long Island pine barrens Modem Times was established as an experimental community whose members would not be bound by any government church constitution or bylaws Never more than 150 strong set on a plat of only 90 acres here was a haven for nonconformists Its currency was words its religion was discussion its standard of conduce was unfettered individual freedom Low Living and High Thinking at Modern Times New York rescues this model village from obscurity and demonstrates its importance in the history of American communitarianism and social reform especially in its pursuit of economic justice women s rights and free love The first full length study of Modem Times Wunderlich s account offers telling portraits of this small but significant group of reformers pioneers freethinkers and sexual radicals For 13 years they tested the precepts of the founders of the community the philosophical anarchists Josiah Warren and Stephen Pearl Andrews who advocated the sovereignty of the individual and private but profitless enterprise Each person lived as he or she pleased provided this did not impair the right of another to do the same and each traded goods and services at cost rather than market value enabling cash poor pioneers co own homesteads The community championed every kind of reform from abolitionism women s rights and vegetarianism co hydropathy pacifism total abstinence and the bloomer costume Indifference co marital status and the advocacy of a free love vanguard contributed to the community s controversial and somewhat illicit reputation In 1864 seeking to remove themselves from the limelight Modem Times s remaining settlers renamed the village Brentwood Wunderlich pieces together the village person by person by relying on primary sources such as land deeds census entries and eyewitness accounts He also sheds new light on Warren and Andrews two key figures in the communitarian movement and discusses at length such important contemporaries as Thomas and Mary Gove Nichols Robert Owen John Humphrey Noyes Horace Greeley John Stuart Mill Henry David Thoreau Ralph Waldo Emerson and George Ripley *Low Man on a Totem Pole* H Allen Smith,2015-07-27 H Allen Smith has sometimes been referred to as the best selling humorist since Mark Twain Considering that he wrote against the likes of James Thurber Robert Benchley and S J Perelman that s quite a statement And probably true He sold a million copies of each of his first several books starting with Low Man on a Totem Pole In this book which might be called a fraction

of his memoirs Mr Smith claimed he could have filled twenty he recounts the high points of his life amid the human race a race he appreciated and observed with a keen nose for the humor hiding in the most unexpected places Here is a panorama of unlikely people who really existed of inconceivable things that actually happened of the commonplace rarities of our frenzied epoch Among others there is the newspaperman who suffered under the delusion that Herbert Hoover had bladders on his feet the man who thoughtfully and perpetually bounced turtle eggs on a bar a deaf dentist who trained his dog to act as his receptionist a child prodigy who couldn't talk any too well but appeared to know more about swing music than the head usher at the Paramount Theater all these are part of Mr Smith's life and times

Escaping the Racism of Low Expectations Barbara from Harlem, 2018-05-15 I was a liberal by default I asked no questions I had no answers I just pulled the lever to vote for Democrats as was expected of me Most of my fellow Black Americans do not fully understand what the term liberal means or who or what they are voting for And in turn they don't realize how harmful those liberal policies are to our freedoms and liberties as Americans I was born into a culture that believes Black equals Democrat A broken home failed marriage and a feeling of victimization fueled my need for inclusion which the Democratic Party fulfilled As an activist and member of the NAACP and Democratic Clubs in Harlem the men I looked up to the Rev Jesse Jackson whom I also campaigned for Congressman Charlie Rangel and Rev Al Sharpton reinforced the negative perceptions that shaped my world But just like false prophets the false narrative that has been spoon fed to us by Black leaders the Black community the media and progressive politicians has enslaved Blacks in a victimhood mentality and entitlement mindset But my eyes were opened to reject victimhood and lack of accountability My journey has proven to me that when you have clarity of conscience love of God and a deep seated belief in America's goodness your life will be enriched and your focus will change to one of accountability

When They Go Low, We Go High Philip Collins, 2018-07-17 Can a good speech save democracy Anyone interested in the past present and future of speeches and speechwriting will find this a fascinating read The Spectator When First Lady Michelle Obama approached the podium at the 2016 Democratic National Convention nobody could have predicted that her rousing line When they go low we go high would become the motto for the political left and an anthem for opponents of oppression worldwide It was a speech with the kind of emotional pull rarely heard these days joining a long list of addresses that have made history But what was it that made this speech so great When They Go Low We Go High explores the most notable speeches in history analyzing the rhetorical techniques to uncover how the right speech at the right time can profoundly shape the world Traveling across continents and centuries political speechwriter Philip Collins reveals what Thomas Jefferson owes to Cicero and Pericles who really gave the Gettysburg Address and what Elizabeth I shares with Winston Churchill In telling the stories of famous and sometimes infamous speeches including those from Lincoln Woodrow Wilson JFK Martin Luther King Jr Disraeli Hitler Elie Wiesel Margaret Thatcher and Barack and Michelle Obama Collins

breathes new life into words you thought you knew well telling the story of democracy Whether it s the inaugural addresses of presidents or the revolutionary writings of Castro Pankhurst and Mandela Collins illuminates and contextualizes these moments with sensitivity and humor When They Go Low We Go High examines the power of public speaking and serves as an urgent reminder that words can change the world Hits on three unassailable truths rhetoric and democracy must go hand in hand democracy for all of its flaws is superior to tyranny and democracy is currently under assault Paste Collins understands intimately the mechanics of rhetoric He believes that we as human beings possess the capacity to extract ourselves from the swamp in which we have sunk The Times

Late Medieval Mysticism of the Low Countries Rik Van Nieuwenhove, Rob Faesen, H. literature and political commentary to diaries and journals the fifty six texts are arranged chronologically and are accompanied by brief introductions chronologies and brief guides to the authors and works An important contribution to our understanding of modern European literary canon and the long march of feminist history and literature Dutch ed Schrijvende vrouwen 978 90 8964 216 5 Fathers and Sons in the English Middle Class, c. 1870-1920 Laura Ugolini, 2021-04-01 This book explores the relationship between middle class fathers and sons in England between c 1870 and 1920 We now know that the conventional image of the middle class paterfamilias of this period as cold and authoritarian is too simplistic but there is still much to be discovered about relationships in middle class families Paying especial attention to gender and masculinities this book focuses on the interactions between fathers and sons exploring how relationships developed and masculine identities were negotiated from infancy and childhood to adulthood and old age Drawing on sources as diverse as autobiographies oral history interviews First World War conscription records and press reports of violent incidents this book questions how fathers and sons negotiated relationships marked by shifting relations of power as well as by different combinations of emotional entanglements obligations and ties It explores changes as fathers and sons grew older and assesses fathers role in trying to mould sons masculine identities characters and lives It reveals negotiation and compromise as well as rebellion and conflict underlining that fathers and sons were important to each other their relationships a significant if often overlooked aspect of middle class men s lives and identities **Low Life - Irreverent Reflections from the Bottom of a Glass** Jeffrey Bernard, 2019-11-28 Described as the Tony Hancock of journalism for forty years Bernard wrote only about himself and the failures of his life with women drink doctors horses which have become legendary Low Life is an irresistible collection of the best of Bernard s celebrated autobiographical contributions to The Spectator once described as a suicide note in weekly instalments Previously published in two volumes entitled Low Life A Kind of Autobiography and Reach for the Ground these books are now available in a single volume containing all his derisive reflections on life Antiauthoritarian grumpy charming politically incorrect funny drunk and always mischievous Bernard could usually be found at the Coach and Horses pub on London s Greek street a lit cigarette in his mouth and a drink in hand He was joined by famous friends including Francis Bacon Lucian Freud Graham Green Peter O Toole Ian Fleming and many others and their conversations as well as with whomever was tending bar at the time served as the basis for his writing There were in fact times when he was too drunk to write hence the famous unwell notice that went next to the large hastily sketched cartoon that filled its space in the magazine **Women's Writing from the Low Countries 1200-1875** Lia van Gemert, 2010 This book provides a welcome English translation of a marvelous anthology of women s religious and secular writing stretching from the visions of the late medieval mystics through the prison testaments of sixteenth century Anabaptist martyrs to the pamphleteers and novelists of the growing urban bourgeoisie The translations and introductions demonstrate the ways that women in the Low Countries shaped the intellectual and cultural developments of their eras

The Political History of England ...: Low, S. & L.C. Sanders. The reign of Queen Victoria (1837-1901) William Hunt, Reginald Lane Poole, 1907 *The Survival of the Jesuits in the Low Countries, 1773-1850* Leo Kenis, Marc Lindeijer, 2019-12-20

How the Jesuits re emerged after forty years of suppression In 1773 Pope Clement XIV suppressed the Society of Jesus For the 823 Jesuits living in the Low Countries it meant the end of their institutional religious life In the Austrian Netherlands the Jesuits were put under strict surveillance but in the Dutch Republic they were able to continue their missionary work It is this regional contrast and the opportunities it offered for the Order to survive that make the Low Countries an exceptional and interesting case in Jesuit history Just as in White Russia former Jesuits and new Jesuits in the Low Countries prepared for the restoration of the Order with the help of other religious priests and lay benefactors In 1814 eight days before the restoration of the Society by Pope Pius VII the novitiate near Ghent opened with eleven candidates from all over the United Netherlands Barely twenty years later the Order in the Low Countries by then counting one hundred members formed an independent Belgian Province A separate Dutch Province followed in 1850 Obviously the reestablishment with new churches and new colleges carried a heavy survival burden in the face of their old enemies and the black legends they revived the Jesuits had to retrieve their true identity which had been suppressed for forty years
