J. J. Valdés, 2024-11-05 On New Year s Day 1959 Fidel Castro s revolutionary movement overthrew the ruling regime in Cuba bringing the Cold War to the United States doorstep and setting the island nation and its superpower neighbor on a collision course The clash came in April 1961 on the southern coast of Cuba at the Bah a de Cochinos the Bay of Pigs In an hour by hour chronicle that is as even handed as it is dramatic J J Vald s gets to the heart of this Cold War battle from the beaches and skies of Cuba to the corridors of power in Washington and Havana Long entangled in Cuba s economy and politics the United States watched Castro s revolution carefully and grew wary as Castro drew closer to the Soviet Union Within a few months the CIA with President Dwight Eisenhower s approval was recruiting and training Cuban exiles for a paramilitary force to topple Castro By early 1960 when John F Kennedy became president after campaigning on a hard line on Cuba policymakers believed the window for action was closing Kennedy gave the go ahead for the island s invasion but not before ordering changes aimed at concealing American involvement that weakened the operation Early on April 17 1961 1 400 men of Brigade 2506 Cuban exiles trained by the CIA in Guatemala began landing at the Bay of Pigs just over 100 miles southeast of Havana Nearly everything went wrong Boat engines failed Coral reefs snarled landing craft Castro s planes destroyed ships carrying vital ammunition and medical supplies Expected popular support within Cuba did not materialize Khrushchev rattled the nuclear saber spooking Kennedy from ordering assistance he was reluctant to provide anyway Over the course of three days the Brigade obstinately defended a rapidly shrinking beachhead but the exiles outnumbered and under supported were no match for the air and ground forces Castro threw against them By April 19 the invasion had failed and 1 200 scattered survivors were captured over the ensuing days What had been intended as a Cold War masterstroke ended in embarrassment for the U S The Bay of Pigs disaster would set the stage for the Cuban Missile Crisis eighteen months later and shape U S Cuba relations up until the present Decades in the making [Besieged Beachhead](#) draws from English and Spanish sources in the United States and Cuba to tell the story of this conflict as it has never been told before Along the way the work sheds light on events that have been shrouded in secrecy myth and propaganda for six decades [Cuban Studies](#)

Sándor John,2009 In December 2005 following a series of convulsive upheavals that saw the overthrow of two presidents in three years Bolivian peasant leader Evo Morales became the first Indian president in South American history Consequently according to S S ndor John Bolivia symbolizes new shifts in Latin America pushed by radical social movements of the poor the dispossessed and indigenous people once crossed off the maps of official history But as John explains Bolivian

radicalism has a distinctive genealogy that does not fit into ready made patterns of the Latin American left According to its author this book grew out of a desire to answer nagging questions about this unusual place Why was Bolivia home to the most persistent and heroically combative labor movement in the Western Hemisphere Why did this movement take root so deeply and so stubbornly What does the distinctive radical tradition of Trotskyism in Bolivia tell us about the past fifty years there and what about the explosive developments of more recent years To answer these questions John clearly and carefully pieces together a fragmented past to show a part of Latin American radical history that has been overlooked for far too long Based on years of research in archives and extensive interviews with labor peasant and student activists as well as Chaco War veterans and prominent political figures the book brings together political social and cultural history linking the origins of Bolivian radicalism to events unfolding today in the country that calls itself the heart of South America Las terribles consecuencias del Manifiesto comunista Joaquín Clavería,2004 El amor a su país y su profunda fe católica inspiran al Dr Clavería a escribir este libro que presenta y refuta las partes esenciales del Manifiesto Comunista de Marx y Engels Para ello se sirve el autor de sus conocimientos y de la experiencia vivida en Cuba bajo un régimen totalitario comunista Es también este libro un homenaje a la vida del autor dedicada a la enseñanza a su familia a Cuba y siempre a Dios **Historia universal contemporánea hasta el 1911** Jesús María Reyes Ruiz,1911 **Cuba** Luis Vitale,1999 *Cuba entre 1899 y 1959.
