The Voice of the Seven Thunders George Kevyn Weber, 2014-07-18 There is no time for the people of the world to waste to decide to change their ways and their ways of living The world is in a crisis that it has not been in before Actually the world has been in countless crises in the past before disaster calamity or catastrophe struck the people of the earth We are not talking of crises of natural disasters calamities or catastrophes that have hit the earth we are talking about man made man engineered and man designed disasters calamities and catastrophes that have hit the world from time to time History is full of them and apart from those natural disasters caused by God or the Devil themselves the rest were caused by man themselves Now this revelation is not about the natural but about the spiritual Power mad dictators rulers and potentates the world over are normally the cause of these disasters calamities and catastrophes and nature has little to do with them although they did affect nature in some way or another Small and great Wars were started by whosoever caused them without any due regard of men s lives and the resultant horrors hardships and horrendous pain lived on in the hearts and lives of the people that survived No one can add these things up nor can they count the cost in human suffering misery and pain nor the cost of men s souls lost all for the sake of man s vanity The current synopsis is catchy and intriguing This synopsis is well written and it will entice readers into picking this book up and reading it Cynthia Sherman Writer s Literary Publishing Services Critique Division

Me and We Leonard Sweet, 2014-09-16 When Christians answer the clarion call to be missional too often it is primarily to feel good or to grow in their own faith But ultimately we remain unsatisfied because in the end it s still about me my church my faith my salvation Then sometimes inspiration dries up We forget that Jesus is the head of the Church which exists at God s pleasure and disposal God is birthing a new Social Gospel meant to reclaim mission and justice ministries as prime directives for the Church and not with the naive thinking of the 19th or 20th centuries What are the characteristics of this new Social Gospel There is an expectation that mission is with and not for others There is an acknowledgement that tolerance is not a dirty word and we have to find a peaceable way to live in our intercultural world It carries the Wesleyan impulse to change the world by working to build God s kingdom in this world It offers the grace and salvation of Christ to those in need believing that none are free unless all are free It means that we feed the hungry educate to poor and equip the powerless in tangible ways

Love and Its Meaning in the World Rudolf Steiner, 1998 Although Steiner did not often speak or write about love explicitly love is at the very heart of his whole body of work and the foundation of his hopes for humankind and the Earth Steiner teaches that without love nothing is possible with love however we can do everything Love is always love of the not yet To love is to create it is to selflessly enter the current of time that flows toward us from the future Reality true knowledge of reality is impossible without love Only through love can we truly know as we are know can we encounter the world and its beings in a living way Without love knowledge becomes manipulation domination control the world becomes a space of dead things But when we know through love we enter into a pattern of dynamic potentially redemptive relations and the world becomes a living world of beings working for the good This collection gathers all of Rudolf Steiner's main lectures and writings related to love From earthly love to the nature and function of spiritual love these pieces are essential reading for anyone concerned with the future of humanity and the Earth Love and Its Meaning in the World is essential reading for anyone who'd like to gain a deeper understanding of our true mission as human beings and the purpose of evolution on Earth Chapters include The Division of the Sexes Lucifer and Christ The Mission of Reverence The Buddha's Teaching of Compassion and Love Faith Love and Hope Love without spiritual love nothing spiritual can arise in evolution When we practice love cultivate love creative forces pour into the world For human beings love is the most important fruit of experience in the sensory world Once we really understand the nature of love or compassion we will find that love is the way spirit expresses its truth in the world of the senses We may even say that in love the spiritual world awakens in the physical The more truly a soul inhabits the spiritual worlds the more it experiences lovelessness and lack of compassion as a denial of spirit itself Rudolf Steiner
