R. Nash,1975 **With Liberty for Some** Scott Christianson,1998 From Columbus voyages to the New World through today s prison expansion movements incarceration has played an important yet disconcerting role in American history In this sweeping examination of imprisonment in the United States over five centuries Scott Christianson exposes the hidden record of the nation s prison heritage illuminating the forces underlying the paradox of a country that sanctifies individual liberty while it continues to build and maintain a growing complex of totalitarian institutions Based on exhaustive research and the author s insider s knowledge of the criminal justice system *With Liberty for Some* provides an absorbing well written chronicle of imprisonment in its many forms Interweaving his narrative with the moving often shocking personal stories of the prisoners themselves and their keepers Christianson considers convict transports to the colonies the international trade in captive indentured servants slaves and military conscripts life under slavery the transition from colonial jails to model state prisons the experience of domestic prisoners of war and political prisoners the creation of the penitentiary and the evolution of contemporary corrections His penetrating study of this broad spectrum of confinement reveals that slavery and prisons have been inextricably linked throughout American history He also examines imprisonment within the context of the larger society *With Liberty for Some* is a thought provoking work that will shed new light on the ways in which imprisonment has shaped the American experience As the author writes Prison is the black flower of civilization a durable weed that refuses to die **Criminal Masterminds** Charlotte Greig,2005-06-01 Thinking big and thinking bad fifty of the world s most notorious criminal masterminds have lied cheated murdered and swindled their way onto the pages of this book Many of these miscreants had the brains and charisma to be successful in legitimate walks of life yet they chose to take a different path a path that perhaps got them richer more quickly certainly in the cases of mobster Al Capone robber Ronnie Biggs and drug baron Howard Marks but which ultimately was to lead to their downfall The impetus to cross the moral boundary into criminal territory is not provided just by a desire for great wealth however as this compelling narrative reveals Consider the motivation of spies such as the Cambridge Four terrorists such as Osama bin Laden and Carlos the Jackal and outlaws such as Bonnie and Clyde The aims of such individuals transcend the merely material Their criminality is driven by a need to exert power and then experience the thrill the exerting of this power brings in its wake *Criminal Masterminds* provides a fascinating insight into the careers and character flaws of the most audacious reprobates that have come to the attention of the world s lawmakers It will entertain astound and sometimes shock you It might even give you ideas Legacy Larissa Behrendt,2015-11-20 Simone Harlowe is young and
