 Lyon Book Award Winner sponsored by Western Literature Association Looking across the cultural landscape of the twenty  
 first century its literature film television comic books and other media we can see multiple examples of what Shelley S Rees  
 calls a changeling western what others have called weird westerns and what Michael K Johnson refers to as speculative  
 westerns that is hybrid western forms created by merging the western with one or more speculative genres or subgenres  
 including science fiction fantasy horror and alternate history *Speculative Wests* investigates both speculative westerns and  
 other speculative texts that feature western settings Just as western refers both to a genre and a region Johnson s narrative  
 involves a study of both genre and place a study of the speculative Wests that have begun to emerge in contemporary texts  
 such as the zombie threatened California of Justina Ireland s Deathless Divide 2020 the reimagined future Navajo nation of  
 Rebecca Roanhorse s Sixth World series 2018 19 and the complex temporal and geographic borderlands of Alfredo V a s time

 Western United States as a focal point for a reexamination of the consequences of the exceptionalism and closed borders of  
 the Trump Era At a time of bounded individualism new nativism climate emergency and migration crises author Neil  
 Campbell argues that fiction offers opportunities to challenge the dark side of globalization He proposes worlding as a  
 different and more open form of politics Diversity disparity and opposition are central to the dynamic frictional fiction  
 considered in this book The American West provides a powerful test case in which these features are present and yet  
 historically have often been masked or denied in the rush toward unanimity and nation building *Worlding* is therefore a  
 positive critical concept through which to view the notion of a single world under pressure      **Handbook of Creative
