*Make Your Own Fishing Lures* Vlad Evanoff, 1975-06-01      [How To Make Your Own Fishing Lures](#) Vlad Evanoff, 2010-03-04 You don't have to be a skilled craftsman to create your own highly effective fishing lures. This book will show you how to craft your own plugs, spoons, spinners, metal squids, jigs, and many other fresh and salt water lures. Not only is making your own lures an enjoyable hobby in the winter months when fishing is slow, but using your own lures is highly likely to increase your catch for psychological reasons you'll learn about in this unique book.      **Complete Book of Rod Building and Tackle Making** C. Boyd Pfeiffer, 2013-01-15 In its first edition published in 1993, *The Complete Book of Tackle Making* became the reference of choice for builders of fine tackle and casual craftsmen alike. It saved countless anglers thousands of dollars and now, with this new edition revised, updated, and expanded to accommodate the many developments in tackle making methods, equipment, and materials made since then, it can continue to do so for years to come. Twenty-seven chapters and helpful appendixes include everything readers need to know about tools, spinners, bucktails, jigs, sinkers, plastic lures, and plugs, wire leaders, painting and finishing methods, basic and advanced rod building, basic and decorative wraps, necessary knots and splices, tackle care, and repair. Suppliers and manufacturers and much more. With more than eight hundred photographs and clear step-by-step instruction throughout, this book is the ultimate reference for the tackle tinkerer.

**Making Wooden Fishing Lures** Rich Rousseau, 2016-12-01 For the Fishing Carving and Collecting Enthusiast. Whether it is the thrill of catching a fish with a handmade lure or finding a perfect one to add to your collection, this book of 11 step-by-step projects with a collector's gallery will grab you hook, line, and sinker.      **The Encyclopedia of Old Fishing Lures** Robert A. Slade, 2011-12 Robert A. Slade, after collecting old fishing tackle since 1958 and contributing articles on old fishing lures for a collector magazine for several years, started researching and writing books in the 1990s. He published the *HISTORY COLLECTIBLE FISHING TACKLE OF WISCONSIN* in 1999, which sold 4,500 copies. Bob realized that even though there have been many books published on the subject of old fishing lures, few books covered any detailed history on the old lure makers. His latest book writing project was nine years in the making and covers over 100 years of lure making history, starting in 1875 and covers over 2,500 lure makers throughout all of North America. *THE ENCYCLOPEDIA OF OLD FISHING LURES MADE IN NORTH AMERICA* is the first publication with extensive history and patent information on old lure makers and the first to include extensive coverage on Canadian lure makers. The author traveled to 11 states and 3 Canadian Provinces, visiting collectors' homes, newspaper archives, museums, and other sources, and has taken over 10,000 pictures in preparing the historical stories for these books. The set of books arranges for the individual and company lure makers to appear in alphabetical order. People purchasing these books can buy any one, single book, a whole set, or even a book a month if they desire, as the books will be printed and shipped on demand. Each book has over 400 pages of text, pictures, and collector values, with each book containing a table of contents and index as well as a master index for the
