The Art of Persuasion Luciano Chelos (ed), Lucio. Sponza (ed), 2001 Writing for art is a concise introduction to the subject of ekphrasis and the first study to offer a useful general survey of the larger philosophical and theoretical questions arising from the encounter of literary texts and artworks Stephen Cheeke offers close readings of poems and prose from the nineteenth and twentieth centuries alongside a generous amount of illustrations covering a broad range of writing and theory about the relation of literary texts to the visual arts and extending the subject of ekphrasis to include literary works on photography as well as celebrated prose descriptions of artworks

Picturing China in the American Press David D. Perlmutter, 2007-03-29 Picturing China in the American Press juxtaposes what the ordinary American news reader was shown visually in Time Magazine between 1949 and 1973 with contemporary perspectives on the behind the scenes history of the period Time Magazine is an especially fruitful source for such a visual historical contrast and comparison because it was China centric founded and run by Henry Luce a man who loved China and was commensurably obsessed with winning China to democracy and Western influence Picturing China examines in detail major events the Korean War and Nixon's trip to China less considerable occurrences shellings of Straits islands and diplomatic flaps great personages Chairman Mao and Henry Kissinger and the common people and common life of China as seen through the lenses and described by the pens of American reporters artists photographers and editors Picturing China in the American Press is of great interest to both scholars of communications Chinese history China Studies and journalists

Visual Intelligence Ann Marie Barry, 1997-01-01 Cuts across perceptual psychology art television film literature advertising and political communication to give the reader critical insight into the holistic logic and emotional power of the images that dominate our lives

Depression Glass Monique Vescia, 2014-02-04 First Published in 2006 This is part of the literary criticism and

cultural theory collection Situated within the larger narrative of the symbiosis between photography and modern poetry in America during the 1930s each text examined by the author is a discrete object constituting a series of empirical statements expressing certain empirical truths particular to its time and place

As If Human Nigel Shadbolt, Roger Hampson, 2024-05-14 A new approach to the challenges surrounding artificial intelligence that argues for assessing AI actions as if they came from a human being Intelligent machines present us every day with urgent ethical challenges Is the facial recognition software used by an agency fair When algorithms determine questions of justice finance health and defense are the decisions proportionate equitable transparent and accountable How do we harness this extraordinary technology to empower rather than oppress Despite increasingly sophisticated programming artificial intelligences share none of our essential human characteristics sentience physical sensation emotional responsiveness versatile general intelligence However Nigel Shadbolt and Roger Hampson argue if we assess AI decisions products and calls for action as if they came from a human being we can avert a disastrous and amoral future The authors go beyond the headlines about rampant robots to apply established moral principles in shaping our AI future Their new framework constitutes a how to for building a more ethical machine intelligence

Faking it Mia Fineman, National Gallery of Art (U.S.), Museum of Fine Arts, Houston, 2012 It is a long held truism that the camera does not lie Yet as Mia Fineman argues in this illuminating volume that statement contains its own share of untruth While modern technological innovations such as Adobe's Photoshop software have accustomed viewers to more obvious levels of image manipulation the practice of doctoring photographs has in fact existed since the medium was invented In Faking It Fineman demonstrates that today's digitally manipulated images are part of a continuum that begins with the earliest years of photography encompassing methods as diverse as overpainting multiple exposure negative retouching combination printing and photomontage Among the book's revelations are previously unknown and never before published images that document the acts of manipulation behind two canonical works of modern photography one blatantly fantastical Yves Klein's Leap into the Void of 1960 the other a purportedly unadulterated record of a real place in time Paul Strand's City Hall Park of 1915 Featuring 160 captivating pictures created between the 1840s and 1990s in the service of art politics news entertainment and commerce Faking It provides an essential counterhistory of photography as an inspired blend of fabricated truths and artful falsehoods Publisher's website

Phototruth Or Photofiction? Thomas H. Wheeler, 2005-05-18 This text examines the use of images in journalistic contexts and the manipulation of these images to accomplish varying objectives It has been developed for students and others interested in the manipulation of images

The History and Power of Writing Henri-Jean Martin, 1994 Continuing on to the electronic revolution Martin's account takes in the changes wrought on writing by computers and electronic systems of storage and communication and offers surprising insights into the influence these new technologies have had on children born into the computer age The power of writing to influence and dominate is indeed a central theme in this history as Martin explores the

processes by which the written word has gradually imposed its logic on society over four thousand years The summation of decades of study by one of the world's great scholars on the subject this fascinating account of writing explains much about the world we inhabit where we uneasily confer accept and resist the power of the written word **Psychological**

Operations and Political Warfare in Long-term Strategic Planning Janos Radvanyi, 1990-07-26 Written by a group of distinguished security experts these eight previously unpublished papers focus on the hostile actions of the Soviet Union against the West in the form of psychological operations power politics and blackmail Addressing military professionals strategists and international security specialists the contributors examine the most effective measures the United States and its allies can take to counteract such measures This is particularly important in the Gorbachev era when Western security is perhaps more than ever dependent upon knowledge of Soviet psychological operations and political warfare The book also explores the background of East European resistance to Soviet dominance and the subsequent Soviet countermeasures Wide ranging in coverage the papers explore psychological operation in the United States Poland West Germany France and Latin America Following the editor's introduction to psychological operations the contributors address such topics as the history and future of U S military psychological operations new thinking and influence activities in the Gorbachev era terrorism as a political strategy and contemporary insurgent political and psychological warfare A case study of the Polish experience illustrates communist regimes psychological warfare against their own societies The remaining papers discuss psychological operations and political warfare in long term U S strategic planning the French experience with Soviet hostile actions and the argument that psychological warfare is no longer necessary in the age of perestroika and glasnost The contributors are united in their belief that psychological operations and political warfare will not be eliminated by the sweeping changes affecting the Soviet Union and that the Western democracies are by their very nature particularly vulnerable to such operations However given the changing nature of external threats to the West the contributors call for a reevaluation of strategy in the area of psychological operations political warfare and low intensity conflict *Parameters*, 1989 **Light**

Writing & Life Writing Timothy Dow Adams, 2000 On the surface the use of photography in autobiography appears to have a straightforward purpose to illustrate and corroborate the text But in the wake of poststructuralism the role of photography in autobiography is far from simple or one dimensional **Historical Information Science** Lawrence J. McCrank, 2001

Here is an extensive review and bibliographic essay backed by 5 000 citations about developments in information technology since the advent of personal computing and the convergence of the disciplines Its focus is on the access preservation and analysis of historical information primarily in electronic form and the relationships between new methodology and instructional media technique and research trends in library special collections digital libraries electronic and data archives and museums Visual Political Communication Anastasia Veneti, Daniel Jackson, Darren G. Lilleker, 2019-06-20 This book

offers a theoretically driven empirically grounded survey of the role visual communication plays in political culture enabling a

better understanding of the significance and impact visuals can have as tools of political communication The advent of new media technologies have created new ways of producing disseminating and consuming visual communication the book hence explores the theoretical and methodological underpinnings of visual political communication in the digital age and how visual communication is employed in a number of key settings The book is intended as a specialist reading and teaching resource for courses on media politics citizenship activism social movements public policy and communication Responsible History Antoon de Baets, 2009 The abuse of history is common and quite possibly once more on the rise Although this is well documented there is no general theory that enables historians to identify prove explain and evaluate the many types of abuse of history In this book the author presents such a theory Reflecting on the responsible use of history the author identifies the duties that the living has toward the dead and analyzes the rights to memory and history necessary to fulfill these duties He concludes his argument by proposing a code of ethics as a guide for responsible historians This work is vital for any historian who wants to oppose and prevent the abuse of history Book Jacket **Air University Library Index to Military Periodicals**, 1992

Making People Disappear An Amazing Chronicle Of Photographic Deception: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. Making People Disappear An Amazing Chronicle Of Photographic Deception : Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Making People Disappear An Amazing Chronicle Of Photographic Deception : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
