New Nurse:

The Everything New Nurse Book Kathy Quan, 2006-03-13 As a new nurse you're entering one of the most challenging and rewarding fields. Still, you may feel a little nervous about stepping into the brave new world of medical facilities. The Everything New Nurse Book addresses all your concerns and more. Covering the nation's top ten types of nursing, this comprehensive handbook concentrates on the issues that new nurses face every day on the job, from dealing with patients to juggling multiple responsibilities. Highlights include how to balance a hectic new schedule for work AND sleep, deal with the doctors, Old Boy Network, avoid illness yourself, continue your education while working at the same time, cope with the death of patients, and more. Written by Kathy Quan, a registered nurse with thirty years' experience, The Everything New Nurse Book guides you through those first critical months on the job. If you want to know what to expect on your first day and beyond, this is the book for you.

New Nurse? Caroline Porter Thomas, 2013-04-28 Discover How To Go From Being A New Registered Nurse To Competent Successful Employed AND Happy New Nurse. Get this Amazon bestseller and discover how you can fulfill your dream of being an OUTSTANDING Nurse. You're about to discover how to Go from fearful incompetent new nursing graduate to a successful practicing nurse. This book contains the personal advice from me, Caroline Porter Thomas. I am a successful Honors graduate and practicing registered nurse. I have been a registered nurse for more than half a decade. In addition to being a new nurse, I have also trained many new graduate nurses to become competent registered nurses. I am also the host of the Youtube channel EmpowerRN and the author of the book How to Succeed in Nursing School. I wrote this book out of a huge concern with how terribly hard the transition from graduate nurse to competent nurse is. I thought, after I graduated nursing school, I would be equipped to practice nursing successfully; nothing could have been farther from the truth. In addition to nursing job itself being hard, there were so many other challenges that I was not prepared to face. Including major time management issues, stressful co-worker relations, stressful patient/family relations, and much more. Here is a preview of what you'll learn: How to Get an Interview, Hired for a Registered Nursing Job; How to Handle Time Management as a New Registered Nurse; How to Handle Extremely Stressful Situations that Nurses Must Deal With; How to Connect with Your Patients, Co-workers; How to Deal with Unavoidable Nursing Mistakes; How to Approach Doctors effectively; How to BE a Nurse; How to LOVE Your New Graduate Nursing Job. Much, much more. Purchase your copy today. Take action today and purchase the book that can change your life. Check out what others are saying: Your book, New Nurse: How to Get, Keep and LOVE Your First Job, helped boost my confidence in that I can achieve anything I set my mind to. The examples you provided helped me realize that all seasoned nurses once were new nurses, and they too had the similar insecurities that I have experienced as a new nurse. This idea is calming to me and gives me great hope for the future. I love how you presented the information in such a humble way, and I truly enjoyed reading about your experiences and recommendations. I love nursing. Sincerely, Erica Soto, RN from Menasha, Wisconsin. I can't thank you enough for these
