Nuestros Poetas Aztecas:

Nuestros poetas aztecas Miguel León Portilla, 2003 Recommended Books in Spanish for Children and Young Adults
Isabel Schon, 2004 Whether used for the development and support of an existing collection or for the creation of a new collection serving Spanish speaking young readers this outstanding resource is an essential tool Following the same format as the highly praised 1996 1999 edition Schon presents critical annotations for 1300 books published between 2000 and 2004 including reference nonfiction and fiction One section is devoted to publishers series and an appendix lists dealers who carry books in Spanish Includes author title and subject indexes **De Teotihuacán a los Aztecas** Miguel León Portilla, 1983 **Our Sacred Maíz Is Our Mother** Roberto Cintli Rodríguez, 2014-11-06 If you want to know who you are and where you come from follow the ma z That was the advice given to author Roberto Cintli Rodríguez when he was investigating the origins and migrations of Mexican peoples in the Four Corners region of the United States Follow it he did and his book *Our Sacred Maíz Is Our Mother* changes the way we look at Mexican Americans Not so much peoples created as a result of war or invasion they are people of the corn connected through a seven thousand year old ma z culture to other Indigenous inhabitants of the continent Using corn as the framework for discussing broader issues of knowledge production and history of belonging the author looks at how corn was included in codices and Mayan texts how it was discussed by elders and how it is represented in theater and stories as a way of illustrating that Mexicans and Mexican Americans share a common culture Rodríguez brings together scholarly and traditional elder knowledge about the long history of ma z corn cultivation and culture its roots in Mesoamerica and its living relationship to Indigenous peoples throughout the continent including Mexicans and Central Americans now living in the United States The author argues that given the restrictive immigration policies and popular resentment toward migrants a continued connection to ma z culture challenges the social exclusion and discrimination that frames migrants as outsiders and gives them a sense of belonging not encapsulated in the idea of citizenship The hidden transcripts of corn in everyday culture art song stories dance and cuisine ma z based foods like the tortilla have nurtured even across centuries of colonialism the living ma z culture of ancient knowledge **El Anglo-Azteca**, 1906 **Abiayalan Pluriverses** Gloria Chacón, 2024-01-23 *Abiayalan Pluriverses* Bridging Indigenous Studies and Hispanic Studies looks for pathways that better connect two often siloed disciplines This edited collection brings together different disciplinary experiences and perspectives to this objective weaving together researchers artists instructors and authors who have found ways of bridging Indigenous and Hispanic studies through trans Indigenous reading methods intercultural dialogues and reflections on translation and epistemology Each chapter brings rich context that bears on some aspect of the Indigenous Americas and its crossroads with Hispanic studies from Canada to Chile Such a hemispheric and interdisciplinary approach offers innovative and significant means of challenging the colonality of Hispanic studies
