Richard Wagner's Zurich Chris Walton,2007 An investigation of the considerable influence of Wagner's stay in Zurich from 1849 to 1858 a period often discounted by scholars on his career When the people of Dresden rose up against their king in May 1849 Richard Wagner went from Royal Kapellmeister to republican revolutionary overnight He gambled everything but the rebellion failed and he lost all Now a wanted man in Germany he fled to Zurich Years later he wrote that the city was devoid of any public art form and full of simple people who knew nothing of my work as an artist But he lied Zurich boasted arguably the world's greatest concentration of radical intellectuals and a vibrant music scene Wagner was accepted with open arms This book investigates Wagner's affect on the musical life of the city and the city's impact on him Mathilde Wesendonck emerges not as Wagner's passive muse but as a self-assured woman who exploited gender expectations to her own benefit In 1858 Wagner had to flee Zurich after again gambling everything this time on Mathilde and again losing But it was in Zurich that Wagner wrote his major theoretical works composed *Das Rheingold* *Die Walküre* and parts of *Siegfried* and *Tristan und Isolde* first planned *Parsifal* held the first festival of his music and conceived of a theater to stage his own works If Wagner had been free in 1849 to choose a city in which to seek heightened intellectual stimulation among the like-minded and the similarly gifted he could have come to no more perfect place Chris Walton teaches music history at the Musikhochschule Basel in Switzerland He is the recipient of the 2010 Max Geilinger Prize honoring exemplary contributions to the literary and cultural relationship between Switzerland and the English-speaking world **New Edition of the Complete Works** Hector Berlioz,1967 *Music Library Association Catalog of Cards for Printed Music, 1953-1972* Music

Library Association,1974 *Music, Art and Emotion* Conroy Cupido,2023-03-01 This book explores the ways in which four visual artists make sense of referentialism and emotion in music By listening to five art songs by Schubert Strauss Faur and Berlioz they were inspired to create new artworks as a result of their understanding of the meaning of the art songs This was done without an understanding of the text and the artists had to rely on referential meaning in music as well as the perceived or evoked emotions elicited by listening to the art songs The artworks created as a result of this project were exhibited at the Aardklop National Arts Festival entitled Nagmusiek This was a multi modal exhibition featuring music art and text This book employs Artistic Research and Phenomenology in order to understand this phenomenon as I explored the artists creative processes experiences and the tacit knowledge embedded in their artefacts This book would provide readers access to 20 new artworks each created as a result of the artists interpretation of the meaning they ascribed to art song Their creative process is also examined and synthesised with existing literature on emotion and referentialism in music *Song on Record: Volume 2* Alan Blyth,2006-11-02 This second volume of Song on Record covers the repertory of song not included in Lieder It contains chapters on the major French composers on Russian Scandinavian Spanish English and American song on Bartok and Janacek and Britten and ends with a final chapter entitled Encores **The Passing of Summer** Rosseter Gleason Cole,1902 **Handbook to the Vocal Works of Brahms** Edwin Evans,1912 **Song** Carol Kimball,2006-12 Naslagwerk van de liedkunst en de literatuur hierover **A Shakespeare Music Catalogue: The catalogue of music, The tempest-The two nobel kinsmen, the sonnets** Bryan N. S. Gooch,1991 Bulletin Berlioz Society,1952-08 **Berlioz Studies** Peter Bloom,2006-11-02 This volume contains nine substantial essays by the world s leading Berlioz scholars They cover various aspects of Berlioz s life and works and represent an important contribution to Berlioz research The book includes essays based on documents both biographical and musical that give us among other things a portrait of the artist as a young man and a revealing view of an important but little studied work of his maturity There are readings of Romeo et Juliette and La Damnation de Faust that wrestle anew with the problems of the relationships between literature and music and as Berlioz s music nearly always requires with the problems of genre Two views of Berlioz s Les Nuits d t are presented which ask when and why the work was conceived and how the work coheres The practical question of Berlioz s metronome marks are here thoroughly studied for the first time The volume closes with a novel piece in dialogue form by the elder statesman of Berlioz scholars Jacques Barzun who treats with exceptional grace the profound issues raised by Berlioz the man and musician
