Nurse Recruitment Strategies For Success:

Nurse Recruitment Tina Filoromo, Dolores Ziff, 1980 *A Practical Guide to Recruitment & Retention* Shelley Cohen, Dennis Sherrod, 2005

The forecast doesn't look good. A shortage of nurses continues to be a major problem. Facilities like yours are shelling out high salaries and signing bonuses just to get RNs in the door. Unfortunately, that hasn't proven to be enough. Once you get quality nursing professionals in the door, you need to know how to keep them from walking out. Staff in, staff out, staff in, staff out. Stop the revolving door from spinning. The revolving door trend is discouraging, but even more than that, it's dangerous. Inadequately staffed facilities run the risk of preventable errors, avoidable complications, and increased length of stay and readmissions. And many states are considering nurse-patient ratio legislation.

A Practical Guide to Recruitment and Retention is a handy book that provides you with practical, field-tested strategies to attract and, more importantly, retain high-quality nursing and healthcare personnel. Filled with timely, user-friendly ideas, concepts, and tools, *A Practical Guide to Recruitment and Retention* helps today's nurse managers and nurse executives make effective decisions related to recruitment and retention.
