Mental Health Policy for Nurses Ian Hulatt, 2014-04-15 Policy determines much of what nurses actually do on a daily basis which means it is essential for nurses to engage with policy if they are to understand their own practice. Mental health nursing in particular has been shaped by a variety of policy factors in the past fifty years. In this new textbook edited by the mental health advisor to the Royal College of Nursing a range of experts in their field introduce the essential elements of mental health policy to students and experienced practitioners. The book covers a broad range of areas including settings for care and the historical context, policy affecting various diagnoses and service user groups and how policy is translated into action. Clinical examples are drawn on throughout to help students think about the real life context of what can be a difficult subject. It will be essential reading for pre registration mental health nursing students and valuable to those working in practice who want to gain an understanding of policy.

Child, Youth and Family Health: Strengthening Communities Margaret Barnes, Jennifer Rowe, 2013-05-01 A fresh new e book edition focusing on the importance of collaboration between healthcare professionals and the community. The second e book edition of Child Youth and Family Health builds its focus on the importance of a collaborative partnership between healthcare professionals and members of the community. This approach is vital in supporting maintaining and strengthening individual and community health across a range of contexts and life stages. Child Youth and Family Health 2e e book begins by discussing issues and challenges in child youth and family health before addressing contexts for nursing and midwifery all of which helps readers apply theory to practice.
