Nutrition For The Foodservice Professional

Karen E. Drummond

Nutrition For The Foodservice Professional:

Nutrition for the Foodservice Professional Karen Eich Drummond, 1989 A practical textbook on nutrition as it relates to personal health foods and food preparation menu planning and recipe modification and marketing of menu items in hotels restaurants and institutions Annotation copyright by Book News Inc Portland OR **Nutrition for the Foodservice Professional** Karen E. Drummond, 1996-10-08 This Third Edition covers an encyclopedic range of topics from nutrition fundamentals to menu planning to marketing a nutrition program Hot new topics include food additives antioxidant nutrients and phytochemicals trans fatty acids percentage of calories from fat and creative approaches to pureed foods **Nutrition for the Foodservice Professional** Drummond, 1996-09-01 *Nutrition for Foodservice and Culinary Professionals* Karen E. Drummond, Lisa M. Breferre, 2016-09-05 *Nutrition for Foodservice and Culinary Professionals* 9th Edition balances the perspectives of a nutritionist and a chef offering the most up to date coverage of national dietary guidelines and engaging the learner in practical hands on application of each concept in the course *Nutrition* 9th Edition is for nutrition or healthy cooking courses in a culinary arts curriculum and intends to be a practical how to program with up to date information on national nutrition guidelines and standards for food preparation and labeling **Culinary Nutrition for Food Professionals** Carol A. Hodges, 1994-03-23 In today s market a large percentage of food consumed is eaten or purchased away from home which has created an increasing demand for healthful options across all segments of the food industry Now more than ever your customers realize that diet plays an important role in maintaining good health The completely revised second edition of *Culinary Nutrition for Food Professionals* gives you all of the information you need to balance taste and health while maintaining your unique niche in today s competitive marketplace This book is oriented toward nutrition applications to foodservice including food science and nutrition science current dietary recommendations new food labeling regulations product selection menu planning for specific clientele and operational segments recipe development nutrition analysis and cooking techniques merchandising healthful options in the menu mix staff training agricultural industry and current food safety issues marketing In addition a one of a kind chapter addresses fitness and diet needs for food professionals It is designed as a guide for maintaining peak productivity at the work site *Culinary Nutrition for Food Professionals* is recommended by the Educational Institute of the American Culinary Federation and has been endorsed by educators and other food professionals as a key textbook for both culinary and hospitality management programs In addition the book is a vital and current reference for foodservice managers chefs caterers food product developers and retailers restaurateurs food writers and health professionals It is also a practical reference for individuals who wish to learn the professional approach to cooking for taste and health Food professionals and educators are saying this about the revised second edition of *Culinary Nutrition for Food Professionals* This book will certainly be useful to all of us Julia Child Cambridge MA From the Foreword This book should be part of any professional chef s library It is current and on target with

the needs of the food service industry as it meets and adapts to the consciousness of today's nutritionally aware customers. This book will also be an excellent tool to meet the needs of our young culinarians entering the profession. It is written in a style which is easy for the professional chef to follow. Noel Cullen EdD CMC AAC Chairman American Culinary Federation Educational Institute and Associate Professor School of Hospitality Administration Boston University. In these times when the American public is examining their diet so closely it is more important than ever that cooks and chefs move to increase both their knowledge of nutrition and its implications. Carol Hodges book is a comprehensible yet accessible look at the many aspects of diet and nutrition. It is an outstanding book for anyone who works with food to increase their education in a subject that is on the front line of the cooking profession. Chris Schlesinger Chef Owner East Coast Grill and The Blue Room Cambridge MA. To say I am impressed with the content of the book would be an understatement. It is in my opinion right on target with what every foodservice professional needs to know to adapt his or her recipes and menus to meet the changing needs of today's customers. It is written at the level and in the vocabulary of a chef foodservice manager and other foodservice professionals. Jeff Larson CEC Dean of Instruction Northeast Metro Technical College St Paul MN. From the Foreword. Special Note. This book is recommended by the American Culinary Federation and the international Association of Culinary professionals for meeting certification requirement.
