renowned female lamas Chagdud Rinpoche was recognized early in life as a Tulku or incarnation of a realized master and was rigorously trained by many great lamas. Forced into exile by the Chinese invasion, he was the last generation to inherit the highest teachings and methods of Buddhism in Tibet. This candid autobiography helps Westerners understand the astonishing culture that is bound up with Vajrayana teachings.

The Red Thread Bernard Faure, 1998-10-26 Is there a Buddhist discourse on sex? In this innovative study, Bernard Faure reveals Buddhism's paradoxical attitudes toward sexuality. His remarkably broad range covers the entire geography of this religion and its long evolution from the time of its founder, Xvkyamuni, to the premodern age. The author's anthropological approach uncovers the inherent discrepancies between the normative teachings of Buddhism and what its followers practice. Framing his discussion on some of the most prominent Western thinkers of sexuality, Georges Bataille and Michel Foucault, Faure draws from different reservoirs of writings such as the orthodox and heterodox doctrines of Buddhism and its monastic codes. Virtually untapped mythological as well as legal sources are also used. The dialectics inherent in Mahayana Buddhism, in particular in the Tantric and Chan/Zen traditions, seemed to allow for greater laxity and even encouraged breaking of taboos. Faure also offers a history of Buddhist monastic life, which has been buffeted by anticlerical attitudes and by attempts to regulate sexual behavior from both within and beyond the monastery. In two chapters devoted to Buddhist homosexuality, he examines the way in which this sexual behavior was simultaneously condemned and idealized in medieval Japan. This book will appeal especially to those interested in the cultural history of Buddhism and in premodern Japanese culture. But the story of how one of the world's oldest religions has faced one of life's greatest problems makes fascinating reading for all.

Buton's History of Buddhism in India and Its Spread to Tibet Buton Richen Drup, 2013-08-20 This fourteenth-century Tibetan classic serves as an excellent introduction to basic Buddhism as practiced throughout India and Tibet and describes the process of entering the Buddhist path through study and reflection. It begins with setting forth the structure of Buddhist education and the range of its subjects, and we're treated to a rousing litany of the merits of such instruction. We're then introduced to the Buddhas of our world, and one of whom has already lived, taught, and passed into transcendence before examining in detail the fourth, our own Buddha, Shakyamuni. Buton tells the story of Shakyamuni's past lives and then presents the path the Buddha followed, the same that all Buddhas must follow. After the Buddha's story, Buton recounts three compilations of Buddhist scriptures and then quotes from sacred texts that foretell the lives and contributions of great Indian Buddhist masters, which he then relates, concluding with the tale of the eventual demise and disappearance of the Buddhist doctrine. The text ends with an account of the inception and spread of Buddhism in Tibet, focused mainly on the country's kings and early adopters of the foreign faith. An afterword by Ngawang Zangpo, one of the translators, discusses and contextualizes Buton's exemplary life, his turbulent times, and his prolific works.

The Buddhist Tantras Alex Wayman, 2013-05-13 Originally published in 1973, the volume is divided into four sections. The introduction places the position of the Buddhist Tantras within Mahayana Buddhism and recalls their early

literary history especially the Guhyasamahatantra the section also covers Buddhist Genesis and the Tantric tradition The foundations of the Buddhist Tantras are discussed and the Tantric presentation of divinity the preparation of disciples and the meaning of initiation symbolism of the mandala palace Tantric ritual and the twilight language This section explores the Tantric teachings of the inner Zodiac and the fivefold ritual symbolism of passion The bibliographical research contains an analysis of the Tantric section of the Kanjur exegesis and a selected Western Bibliography of the Buddhist Tantras with comments **Kurukulla** Susa Nientiedt,2008
