Red Circle Stephen Chen, 2009 Red Circle China and Me 1949 2009 tells the fascinating story of Stephen Chen and his family It sketches the history of the People s Republic of China not merely as a backdrop but as the driving force of the book s action Red Circle chronicles the rise and fall and rise again of an extraordinary family At the same time it is only one of countless stories that could be told by many millions of Chinese It tells of the hope turmoil and terror in the first 30 years of the PRC and of the transformation transition and achievement in the last 30 years Red Circle is the first work of its kind to cover the making of modern China The 60 year cycle encompassed by Red Circle is the basis of the traditional Chinese calendar astrology and cosmology The cyclical nature of life and a return to one s roots are fundamental elements in Stephen s story The ways in which his life reflects and completes that of his father the stunning symmetries and recurring cycles of Red Circle make for a remarkable read Stephen has seen China from a range of vantage points that few others have experienced From the palace he grew up in to brutal labor camps to corporate boardrooms from stark prisons to secret government offices Stephen has witnessed history Red Circle is however more than the tale of how a family survives or a nation emerges At its heart Red Circle is a thrilling testament to the indomitable will and unconquerable spirit of the individual
