Red Willow's Quest Heidi Skarie, 2000 *Red Willow's Quest* Harriet Skarie, 1998-08-01 *Traditional Literatures of the American Indian* Karl Kroeber, 1997-01-01 In American Indian societies storytelling and speech making are invested with special significance crafted to reveal central psychological and social values tensions and ambiguities As Karl Kroeber notes It is our scholarship not Indian storytelling that is primitive undeveloped This book is an essential introduction to the study and appreciation of American Indian oral literatures The essays by leading scholars illuminate the subtle artistry of form and content that gives spoken stories and myths an enduring vitality in native communities yet often makes them perplexing to outsiders The presentation and analysis of complete oral texts often without translations enable the reader to grasp the meaning purpose and structure of the tales and to become familiar with the techniques scholars use to translate and interpret them This expanded edition of the widely praised collection contains a recent analysis of the Wintu myth of female sexuality a revised introduction by Karl Kroeber a contribution by Dell Hymes a new translation by Dennis Tedlock and a new annotated bibliography Initiation Thomas Kirsch, Virginia Beane Rutter, Thomas Singer, 2016-11-10 This book builds on the vast clinical experience of Joseph L Henderson who became interested in initiatory symbolism when he began his analysis with Jung in 1929 Henderson studied this symbolism in patients dreams fantasies and active imagination and demonstrated the archetype of initiation in both men and women's psychology After Henderson's book was republished in 2005 Kirsch Beane Rutter and Singer brought together this collection of essays to allow a new generation to explore the archetype of initiation Initiation The Living Reality of an Archetype demonstrates how the archetype of initiation is seen clinically today Divided into distinct parts the book explores the archetype of initiation in Dr Henderson's own life as well as suggesting its importance in clinical practice culture aging and death The chapters in this book amplify and extend the archetype of initiation from the earliest historical periods up to the present day The editors argue that initiation symbolism often underlies contemporary phenomena but is rarely recognized Initiation helps to bring a new understanding to these experiences This book will be of interest to psychotherapists with an interest in psychoanalysis and analytical psychology as well as those training at analytic institutes *Spirit Clans* David Carson, 2018-05-01 For thousands of years Native American tradition has taught that we all carry within us an ancient blessing a spirit clan that connects us to the earth Our spirit clan may be an animal or a plant a stone or some special object that has taken on spiritual power Your clan is a reservoir of powerful energy It helps carry you through troubled times and protects you from danger The wisdom of their teachings shows the way to true peace and prosperity and to live in harmony with all that is In this book you will learn how to discover your own spirit clan using dreams and visions as a guide and by contemplating the stories traditions and descriptions of the 75 clans gathered here In depth descriptions of the physical psychological and spiritual aspects of spirit clans and their modern day manifestations lift these ancient teachings off the page and bring them to life **Chasing Sunrise** Emily Mah, Liana

Linacre thought she was in love but what began as her fantasy romance ended with a curse that threatens her life and everything she loves Orphaned and alone she barely escapes the dark forces that want her soul Corban Alexander belongs to an ancient order of vampire hunters and wants to kill everyone who is demon touched He knows that the creatures who want Liana dead will find her again before long Liana must fight if she wants to live while Corban must decide if he can love a girl who made the one mistake he believes is unforgivable No one mortal or immortal has ever won against the evil that plagues Liana but if she and Corban can work together they might just defy the laws of the universe **Colorado Libraries** ,2001
