Natural Law and Religious Freedom J. Daryl Charles, 2017-07-20 Every successive generation finds fresh reasons for the study of natural law Current interest in the natural law may well be due to a pervasive moral pessimism in the Western cultural context and wider contemporary geopolitical challenges Those geopolitical challenges result from two significant and worrisome global developments unprecedented violent persecution of religious minorities on several continents and a growing climate of secular hostility toward religious faith in Western societies Natural Law and Religious Freedom aims to address what is relatively absent from the literature by demonstrating the importance of natural law ethics in both establishing and preserving basic human rights of which religious freedom has pride of place Probing contemporary challenges to natural law thinking that are both internal and external to religious faith and examining the character and constitution of natural law ethics Natural Law and Religious Freedom will be of interest to theologians ethicists and philosophers as well as policy analysts politicians and activists who are concerned to anchor religious freedom and human rights policy considerations in an enduring way

War and Revolution Domenico Losurdo, 2015-02-02 War and Revolution identifies and takes to task a reactionary trend among contemporary historians. It is a revisionist tendency discernible in the work of authors such as Ernst Nolte who traces the impetus behind the Holocaust to the excesses of the Russian Revolution or François Furet who links the Stalinist purges to an illness originating with the French Revolution. In this vigorous riposte to those who would denigrate the history of emancipatory struggle Losurdo captivates the reader with a tour de force account of modern revolt providing a new perspective on the English American French and twentieth century revolutions **A Cry For Help** Mipo E.

Dadang, 2022-05-30 The gospel of Christ is a gospel of peace yet Christianity has not escaped the specter of religious violence. The legacy of the church has not only been one of patient suffering and forgiving love but also of brutal bloodshed. With tensions between Christians and non-Christians on the rise in many areas of the world the question of how the church is to respond to religious violence is a pressing one encompassing issues of ecclesiology theology and missiology. Dr Mipo E Dadang explores the contextual realities that have led some believers in Northern Nigeria to embrace violence as a justifiable response to persecution. Drawing on extensive interviews he provides an overview of the history of the church in the region the impact of local theologies and traditions on mindsets and behaviors and the insight of local believers into the catalysts and solutions to violent conflict. Alongside this phenomenological study he provides a powerful biblical and theological foundation for understanding bloodshed as a violation of God's created order. He weaves together biblical teachings the example of the early church and the theology of Martin Luther to demonstrate that the people of God are called to reject prevent and eliminate violence replacing it with creative alternatives. This deeply powerful book has implications for every Christian seeking to live out the gospel of Christ in peaceful co-existence with their neighbors *Thriving in Babylon* David

B. Capes, J. Daryl Charles, 2011-01-01 This delightfully multifaceted volume comprised of thoughtful essays by an esteemed array of cultural critics probes the intersection of Christian faith and culture to honor the memory of A. J. Chip Conyers a remarkably ecumenical Christian scholar and cultural warrior whose premature death in 2004 cut short a remarkable career in teaching and writing. As those who knew him can attest Conyers lived his life at the intersection of Christian theology and cultural concern with a singular blend of astuteness gracefulness and Christian conviction. This festschrift as esteemed theologian and Conyers's mentor Jürgen Moltmann indicates in the foreword is intended to mirror Conyers's own commitment to incisive cultural criticism and theological faithfulness in the mold of the great tradition. This is no small achievement even for so venerable a cast of scholars as the contributors to this volume as Conyers crossed interdisciplinary boundaries in a day of escalating hyper-specialization with the greatest of ease. He was comfortable discussing contemporary church life or the christological controversy of the patristic era Heideggerian hermeneutics or human dignity and the imago Dei faith and the Enlightenment or the fatherhood of God Catholic substance or Protestant reform. Yet Conyers always did

this through the lens of historic Christian orthodoxy Though he was a most incisive student of culture in a most refreshing way he steered clear of being co opted by the currents of culture Neither retreating into pious devotionism nor opting for the theologically unreflective activism that has become so chic in our post consensus climate he embodied a theological perspective that blends responsible cultural engagement with eschatological hope The reader is sure to encounter the same blend in this festschrift and to come away both challenged and edified toward fulfilling the message and hope of Conyers life and work to faithfully thrive in Babylon
