Reflections On The Rubian Soul

William Dwight Whitney

Reflections On The Rubian Soul:

Human Dignity in Asia Jimmy Chia-Shin Hsu, 2022-09-15 Using interdisciplinary methods this book is a pioneering exploration of Asian understandings of human dignity and human rights It encompasses rigorous scrutiny of dignity jurisprudence in major Asian apex courts detailed philosophical analysis of dignity in religious traditions and contextualized socio political analysis of religious dignity discourse in several Asian societies This is an innovative systematic survey of how human dignity is understood in Asia demonstrating how those understandings converge and diverge with other parts of the world Synthesising legal philosophical and sociological expertise this volume furthers the dialogue between Asia and the West and advances debates on whether human rights are universal or particular to any one region As many of the world s liberal democracies are challenged by polarization and populism this comparative study of human dignity broadens our horizons and offers a potential alternative to a rigidified social imagination Powder Burn William W. Johnstone, J.A. Johnstone, 2017-05-30 From America s greatest Western storytellers comes an epic quest for justice at the crossroads of history in a crossfire of bullets Day of the Avenger U S Deputy Marshal Will Tanner earned his badge the old fashioned way He shot the bad guys saved the good guys and won the fear and respect of everyone in between That s how legends are born But when he visits a friend at his ranch and ends up confronting a trigger happy horse thief Will earns the wrath of the deadliest lowlife killers west of the Mississippi This is how legends die Turns out Will Tanner is nothing but a moving target on a blood soaked trail of revenge From a barroom shootout in Texas to a Chickasaw showdown in Oklahoma to a dangerous encounter with a hellion named Hannah Deputy Marshal Tanner has his hands full his finger on the trigger and his life on the line Praise for the novels of William W Johnstone For most fans of the Western genre there isn t a bet much surer than a book bearing the name Johnstone True West A rousing two fisted saga of the growing American frontier Publishers Weekly on Eyes of Eagles There s plenty of gunplay and fast paced action as this old time hero proves again that a steady eye and quick reflexes are the keys to survival on the Western frontier Curled Up with a Good Book on Dead Before Sundown **Life Embodied** Nicolás Fernández-Medina, 2018-05-30 The concept of vital force the immanent energy that promotes the processes of life in the body and in nature has proved a source of endless fascination and controversy Indeed the question of what vitalizes the body has haunted humanity since antiquity and became even more pressing during the Scientific Revolution and beyond Examining the complexities and theories about vital force in Spanish modernity Nicol s Fern ndez Medina s Life Embodied offers a novel and provocative assessment of the question of bodily life in Spain Starting with Juan de Cabriada s landmark Carta filos fica m dico chymica of 1687 and ending with Ram n G mez de la Serna s avant gardism of the 1910s Fern ndez Medina incorporates discussions of anatomy philosophy science critical theory history of medicine and literary studies to argue that concepts of vital force served as powerful vehicles to interrogate the possibilities and limits of corporeality Paying close attention to how the body s capabilities were conceived and strategically woven into critiques of

modernity Fern ndez Medina engages the work of Miguel Boix y Moliner Mart n Mart nez Diego de Torres Villarroel Sebasti n Guerrero Herreros Ignacio Mar a Ruiz de Luzuriaga Gaspar Melchor de Jovellanos Pedro Mata y Fontanet ngela Grassi Juli n Sanz del R o Miguel de Unamuno and P o Baroja among others Drawing on extensive research and analysis *Life Embodied* breaks new ground as the first book to address the question of vital force in Spanish modernity *The Clan Destined* D. L. Moore,2013-05 A series based on the what if notion that your emotions have the power to physically manifest themselves What would happen if your anger got the better of you Would you blow up a building What if your sadness became tangible Would the masses around you cease to want to exist or would the sky darken and rain down your tears Our emotions are often considered the fuel for our passions but what if our empathy was the conduit that made such extraordinary feats possible Imagine a world that entertained such a notion Lince Breeze a young man born in our world with an unusual birthright gets pulled into the aged scarred world of Aveana A place wrought by heartache war and mystery Lince searches for the kidnapped love of his life only to find out what it means to truly be his father s son **Cadence** Bob Rusch,1999

A War Of Witches Timothy J. Knab,2019-03-13 This book presents a tale with a complete concise compelling narrative that conveys some of the essence of the discovery adventure and learning of twenty years of field work of the author about the ancient religion of the Aztecs in Mexico *The Dialogue of Earth and Sky* Timothy J. Knab,2022-07-12 In Mexico s Sierra Norte de Puebla beliefs that were held before the coming of Europeans continue to guide the lives of modern Aztecs For residents of San Mart n Zinacapan life in and on the earth is animated by the same forces through which people seek to maintain a cohesive view of the relationship of mankind the cosmos and the natural world This delicate balance of the human spirit maintains the health and well being of villagers and is an essential part of the social and ideological framework that makes a person s life whole This book describes the basic elements of a belief system that has survived the onslaught of Catholicism colonialism and the modern world Timothy Knab has spent thirty years working in this area of Mexico learning of the Most Holy Earth and following what its people there call the good path He was initiated as a dreamer learned the prayers and techniques for curing maladies of the human soul and from his long association with the Sanmartinos has constructed a thorough account of their beliefs and practices Learning to recount dreams forming a dreamtale and carrying it on one s back to the waking world is the first part of the practitioner s labor in curing But dreamtales are shown to be more than parables in this world for they embody the ethos and cosmovision that link Sanmartinos with their traditions and the Most Holy Earth Building on this background Knab describes how the open ended interpretation of dreams is the practitioner s primary instrument for restoring a client s soul to its proper equilibrium thus providing a practical approach to finding and resolving everyday problems Many anthropologists hold that such beliefs have long since disappeared into the nebulous past but in San Mart n they remain alive and well The underworld of the ancestors talocan or Tlalocan for the Aztecs is still a vital part of everyday life for the people of the Sierra Norte de Puebla *The Dialogue of Earth and Sky* is an important record of a

culture that has maintained a precolumbian cosmovision for nearly 500 years revealing that this system is as resonant today with the ethos of Mesoamerican peoples as it was for their ancestors From the Well to the Sea Hideo Hatakeda, 2010-08
