**Inside the Gender Jihad** Amina Wadud, 2013-10-01 A world renowned professor of Islamic studies Amina Wadud has long been at the forefront of what she calls the gender jihad the struggle for justice for women within the global Islamic community In 2005 she made international headlines when she helped to promote new traditions by leading the Muslim Friday prayer in New York City provoking a firestorm of media controversy and kindling charges of blasphemy among conservative Muslims worldwide In this provocative book Inside the Gender Jihad Wadud brings a wealth of experience from the trenches of the jihad to make a passionate argument for gender inclusiveness in the Muslim world Knitting together scrupulous scholarship with lessons drawn from her own experiences as a woman she explores the array of issues facing Muslim women today including social status education sexuality and leadership A major contribution to the debate on women and Islam Amina Wadud's vision for changing the status of women within Islam is both revolutionary and urgent Companion to Catholicism and Recusancy in Britain and Ireland Robert E. Scully SJ,2021-12-13 A Companion to Catholicism and Recusancy in Britain and Ireland is an edited collection of nineteen essays written by a range of experts and some newer scholars in the areas of early modern British and Irish history and religion In addition to English Catholicism developments in Ireland Scotland and Wales as well as ongoing connections and interactions with Continental Catholicism are well incorporated throughout the volume Many currents of the latest scholarship are addressed and advanced including religious minorities and exiles women and gender studies literary and material culture religious identity construction and within Catholic studies the role of laity as well as clergy and of female as well as male religious In all these essays significantly advance the movement of early modern British and Irish Catholicism from the historiographical margins to an evolving but ultimately more capacious and accurate historical mainstream Girl Making Gerry Bloustien, 2003 The resulting material challenges previous findings in those feminist and youth anthropological studies based on too narrow a concept of class ethnicity or populist approaches to culture Rejecting the still prevalent notion of resistance this study reveals instead that the girls activities are more about accommodation to the constraining givens of social life stretching these to discover their possibilities while simultaneously working hard to remain within their parameters of safety and reassurance In
