Reform And Resistance In The International Order:

Reform and Resistance in the International Order Ian Clark, 1980-07-17 *Sir Harold Nicolson and International Relations* Derek Drinkwater, 2005-02-17 Sir Harold Nicolson 1886-1968 is well known as a diarist, man of letters, diplomatic historian, gardener and broadcaster. Nicolson's bestselling diaries and letters, his many biographies including the highly acclaimed official life of King George V and his numerous essays and broadcasts have made him, in the words of his friend and fellow MP Robert Bernays, an international figure of the second degree. Yet there was more to this urbane man than his finely observed diary, stylish writing and Sissinghurst Castle Garden in Kent, the joint creation of Nicolson and his wife, the writer Vita Sackville-West. He also produced a rich and ambitious corpus of writing on the theory and practice of international relations. Nicolson's aristocratic background and upbringing in a diplomatic household followed by an Oxford classical education and twenty years in diplomacy combined to forge his distinctive philosophy of international affairs. As a young attaché in Constantinople before the Great War and in Whitehall during the conflict at the Paris Peace Conference of 1919 and en poste in Persia and Germany throughout the 1920s, Nicolson was ideally placed to observe the maelstrom of international politics. As an anti-appeasement and wartime MP, 1935-1945, he became a highly regarded authority on international relations. During and after World War II, he turned his mind to the issues of European integration, world government and the ultimate possibility of global peace. Nicolson has been the subject of two fine biographies. This is the first study of his contribution to international thought. He emerges from it as an important international thinker alongside theorists as diverse as E. H. Carr and Leonard Woolf. Nicolson's international thought contains elements of realism and idealism while retaining a distinctive character and a breadth and consistency that render it unique.

Reform Catholicism and the International Suppression of the Jesuits in Enlightenment Europe Dale K. Van Kley, 2018-06-19 An investigation into the role of Reform Catholicism in the international suppression of the Jesuits in 1773 The Jesuits devoted themselves to preaching the word of God administering the sacraments and spreading the faith by missions in both Europe and newly discovered lands abroad But in 1773 under intense pressure from the monarchs of Europe the papacy suppressed the Society of Jesus an act that reverberated from Europe to the Americas and Southeast Asia In this scholarly history Dale Van Kley argues that Reform Catholicism not a secular Enlightenment provided the justification for Catholic kings to suppress a society instituted by the papacy Spanning the years from the mid sixteenth century to the onset of the French Revolution and the Jesuit presence from China to Brazil this is the only single volume in English to make coherent sense of the series of expulsions that add up to what was arguably the most important religious event in Europe of the time resulting in the secularization of tens of thousands of Jesuits
