Reform Of The Liturgy 1948 1975:

The Reform of the Liturgy, 1948-1975 Annibale Bugnini (Abp. of Diocletiana.),1990 The Reform of the Liturgy, 1948-1975 Annibale Bugnini,1990 **T&T Clark Companion to Liturgy** Alcuin Reid,2015-12-17 In the decades following the Second Vatican Council Catholic liturgy became an area of considerable interest and debate if not controversy in the West Mid late 20th century liturgical scholarship upon which the liturgical reforms of the Second Vatican Council were predicated and implemented no longer stands unquestioned The liturgical and ecclesial springtime the reforms of Paul VI were expected to facilitate has failed to emerge leaving many questions as to their wisdom and value Quo vadis Catholic liturgy This Companion brings together a variety of scholars who consider this question at the beginning of the 21st century in the light of advances in liturgical scholarship decades of post Vatican II experience and the critical re examination in the West of the question of the liturgy promoted by Benedict XVI The contributors each eminent in their field have distinct takes on how to answer this question but each makes a significant contribution to contemporary debate making this Companion an essential reference for the study of Western Catholic liturgy in history and in the light of contemporary scholarship and debate Understanding Sacramental Healing John C. Kasza,2007 Sacred Music and Liturgical Reform Rev. Anthony Ruff, O.S.B.,2022-01-07 Anthony Ruff O S B has written a brilliant comprehensive well researched book about the treasures of the Church s musical tradition and about the transformations brought about by liturgical reform The liturgy constitution Sacrosanctum Concilium stated many revolutionary principles of liturgical reform Regarding liturgical music the Council s decrees mandated on the one hand the preservation of the inherited treasury of sacred music and on the other hand advocated adaptation and expansion of this treasury to meet the changed requirements of the reformed liturgy In clear precise language he retrieves the Council s neglected teachings on the preservation of the inherited music treasury He clearly shows that this task is not at odds with good pastoral practice but is rather an integral part of it The book proposes an alternate hermeneutic for understanding the Second Vatican Council s teachings on worship music *The Worship Mall* Bryan D. Spinks,2011-02 Religion today is in competition with the leisure and entertainment industries Gen Y the postmodern generation is open to spirituality but most of todays young adults have not been born into faith communities where they feel any lasting allegiance Studies suggest that for the young belief in God is an optional matter a virtual consumer choice As a result different trends in worship and worship styles are offered by different churches to suit lifestyles attitudes and personal taste **A Sociological History of Christian Worship** Martin D. Stringer,2005-07-14 In this book the 2000 year history of Christian worship is viewed from a sociological perspective Martin Stringer develops the idea of discourse as a way of understanding the place of Christian worship within its many and diverse social contexts Beginning with the Biblical material the author provides a broad survey of changes over 2000 years of the Christian church together with a series of case studies that highlight particular elements of the worship or specific theoretical applications Stringer does not simply examine the

mainstream traditions of Christian worship in Europe and Byzantium but also gives space to lesser known traditions in Armenia India Ethiopia and elsewhere Offering a contribution to the ongoing debate that breaks away from a purely textual or theological study of Christian worship this book provides a greater understanding of the place of worship in its social and cultural context

Paul VI Yves Chiron,2022-05-13 Following after brilliant authoritarian Pope Pius XII and good humored Pope John XXIII Pope Paul VI seemed hesitant anxious even tormented Yet the impact of his fifteen year long papacy was colossal not a single aspect of Church life was left untouched in the whirlwind of change unleashed by the Ecumenical Council he guided and sought to implement Who was this man Giovanni Battista Montini 1897 1978 who so altered the face the voice the bearing of Catholicism Versatile historian Yves Chiron is equal to the challenge of portraying this multifaceted and in many ways enigmatic figure who was ordained a priest without passing through the seminary and never held a simple parish assignment Taking advantage of hitherto untapped archival sources and the testimony of numerous witnesses Chiron builds up a faithful portrait of a figure controversial at every stage of his career from his anti fascist activities as university chaplain to his work in the diplomatic corps which would create tensions with Pius XII from his heavy years as Archbishop of Milan to his Janus like role at the Second Vatican Council when his interventions alternately delighted and devastated both progressives and conservatives from his intimate involvement in the recasting of the Roman Catholic liturgy to his adamant rejection of contraception which left him abandoned by bishops and theologians who held the world s willing ear Paul VI emerges as a pope torn between conflicting interpretations of *aggiornamento* and overwhelmed by crises in the Church as he tried to reconcile fundamental principles of dogma with pressures from modernist reformers

The Eucharist as Offering of Firstfruits Lawrence Francis Ligoeki,2017-06-04 One of the difficulties for Protestant Evangelical Pentecostal and other Christians is how to understand the Eucharist as sacrifice offering and oblation A return to ancient Jewish and Christian sources has uncovered the category of the offering of firstfruits This is found in a lesser degree among Second Temple Judaism and to a greater degree in early Christian literature beginning with the New Testament itself This has brought renewed interest in understanding the Eucharist not only in the context of the Feast of Passover but also in light of the Feast of Pentecost and the offering of firstfruits and within the context of the Zebach t d that is the sacrifice of praise and thanksgiving This has strong implications for a theological liturgical spiritual and practical awakening in understanding the Eucharist as Sacrifice In the Eucharist the Church offers the firstfruits of creation Christ and also herself to the Father in the Holy Spirit Each member is called to actively participate in the Eucharistic sacrifice through which they themselves become a Holy and Living sacrifice for the life of the world This has implications for a renewed Eucharistic spirituality and worship the New Evangelization and new works of mercy

Handbook for Liturgical Studies, Volume V Anscar J. Chupungco,2016-03-24 The final volume in the Handbook for Liturgical Studies series Volume V Liturgical Time and Space contains the concluding material for an integral study of the liturgy It opens with a preliminary notion of time and space

before discussing in detail three types of liturgical celebrations on which time and space have a direct and particular bearing. The first of these is the Liturgy of the Hours. This topic is developed in the light of the early Christian tradition until the fourth century and its subsequent forms in both East and West. The second is the Liturgical Year traditionally called the *anni circulas*. The development of the Liturgical Year during the first four centuries is reviewed. This is followed by a detailed study of the Byzantine, Roman and non-Roman Western tradition. It concludes with the theology and spirituality of the Liturgical Year wherein the mystery of Christ as a saving event is made present in time so that the faithful may lay hold of it through the Word and the sacraments. The theology of liturgical space is drawn from the mutual interaction between the assembled community which gives meaning to the place of assembly and the place itself which upholds and signifies community. Articles and their contributors in Part I Liturgy of the Hours are: Liturgy of the Hours in the First Four Centuries by Ruben Leikam OSB; Liturgy of the Hours in the East by Robert Taft SJ; Liturgy of the Hours in the Roman Rite by Ruben Leikam OSB; Liturgy of the Hours in the Non-Roman West by Ruben Leikam OSB; and Theology of the Liturgy of the Hours by Robert Taft SJ. Articles and their contributors in Part II The Liturgical Year are: The Liturgical Year in the East by Matias Auge CMF; The Liturgical Year in the East by Elena Velkova Velkovska; The Liturgical Year in the Roman Rite by Matias Auge CMF; The Liturgical Year in the Non-Roman West by Gabriel Ramis; The Cult of Mary in East and West by Ignacio Calabuig OSM; The Cult of Saints in East and West by Philippe Rouillard OSB; and Theology of the Liturgical Year by Matias Auge CMF. Articles and their contributors in Part III Liturgical Space are: Dedication of the Church in East and West by Ignacio Calabuig OSM; Liturgical Architecture in East and West by Crispino Valenziano; and Theology of Liturgical Space by Cettina Militello. Anscar J. Chupungco OSB is the director of the Paul VI Institute of Liturgy in the Philippines and professor of liturgical inculturation at the Pontifical Liturgical Institute in Rome. Among his publications are *Liturgies of the Future*, *The Process and Methods of Inculturation* and *Liturgical Inculturation: Sacraments, Religiosity and Catechesis* published by The Liturgical Press.

Worship in Transition John Fenwick, Bryan Spinks, 1995-10-01. This much needed study defines and explains the very many changes in liturgy and worship that have swept Christian churches in the twentieth century. Students of liturgy and church history have hitherto had to search many different sources and tradition in order to gain an understanding of the revolution in worship that has occurred in the church throughout the world. In this work the authors highlight the interdependence of such developments in all the major churches: Orthodox, Roman Catholic, Anglican, Protestant and Pentecostal and in places as far apart as Africa, Europe, India and North America. The result is a fascinating and wide ranging study of a subject that touches the lives of all Christians. Dynamic Equivalence Keith F. Pecklers, 2003. In studying the history of the vernacular in worship beginning with the Christian Scriptures, *Dynamic Equivalence* uncovers the power of a living language to transform communities of faith. How we pray when we come together for common worship has always been significant but the issue of liturgical language received unprecedented attention in the twentieth century when Latin Rite

Roman Catholic worship was opened to the vernacular at Vatican II. Worshiping in one's native tongue continues to be of issue as the churches debate over what type of vernacular should be employed. Dynamic Equivalence traces the history of liturgical language in the Western Christian tradition as a dynamic and living reality. Particular attention is paid to the twentieth century Vernacular Society within the United States and how the vernacular issue was treated at Vatican II especially within an ecumenical context. The first chapter offers a short history of the vernacular from the first century through the twentieth. The second and third chapters contain a significant amount of archival material much of which has never been published before. These chapters tell the story of a mixed group of Catholic laity and clergy dedicated to promoting the vernacular during the first half of the twentieth century. Chapter Four begins with a survey of vernacular promotion in the Reformation itself, explores the issue of vernacular worship as an instrument of ecumenical hospitality and concludes with some examples of ecumenical liturgical cooperation in the years immediately preceding the Council. The final chapter treats the vernacular debate at the Council with attention to the Vernacular Society's role in helping with the implementation of the vernacular.

Chapters are: A Brief History of the Vernacular, The Origins of the Vernacular Society, 1946-1956 Pressure for the Vernacular, Mounts 1956-1962 Vernacular Worship and Ecumenical Exchange, Vatican II and the Vindication of the Vernacular, 1962-1965.

Keith F. Pecklers, SJ, SLD is professor of liturgy at the Pontifical Gregorian University in Rome and professor of liturgical history at the Pontifical Liturgical Institute of Sant Anselmo. He is the author of *The Unread Vision: The Liturgical Movement in the United States of America, 1926-1955* and co-editor of *Liturgy for the New Millennium: A Commentary on the Revised Sacramentary* published by The Liturgical Press.

A Very Anglican Monk
David Fuller, 2014-05-05
Anglican Benedictine monk Dom Gregory Dix, 1901-52, was at the heart of studies of liturgy and worship in the Church of England. He was a prolific author whose magnum opus *The Shape of the Liturgy* (1945) has remained on the publishers' shelves to this day. *A Very Anglican Monk* studies many aspects of Dix's life and works. [Sacred Treasure](#)
Joseph Peter Swain, 2012
In the discussions and debates surrounding liturgical music of the past fifty years, music theorists, critics, and historians have contributed little and their counsel has rarely been sought. Whenever the matter of liturgical music arises, most often in parishes but sometimes in episcopal conferences or in the academy or in Vatican documents, the nature of the music as music almost never affects the discussion. With *Sacred Treasure*, Joseph Swain, a distinguished musicologist and accomplished performer, attempts to change that. He offers a theory for building authentic traditions of liturgical music for Roman Catholic parishes. This book is an exercise in pragmatic music criticism. By providing a rational basis for evaluating the essential issues, Swain seeks to show how a spiritually wholesome stability might supplant the confusion. *Sacred Treasure* shows how the hard facts of music must be taken into account in any holistic conception and any lasting form of liturgical music. *Vatican II*

Matthew L. Lamb, Matthew Levering, 2008-04-30
From 1962 to 1965, in perhaps the most important religious event of the

twentieth century the Second Vatican Council met to plot a course for the future of the Roman Catholic Church After thousands of speeches resolutions and votes the Council issued sixteen official documents on topics ranging from divine revelation to relations with non Christians In many ways though the real challenges began after the council was over and Catholics began to argue over the interpretation of the documents Many analysts perceived the Council s far reaching changes as breaks with Church tradition and soon this became the dominant bias in the American and other media which lacked the theological background to approach the documents on their own terms In *Vatican II Renewal Within Tradition* an international team of theologians offers a different reading of the documents from Vatican II The Council was indeed putting forth a vision for the future of the Church but that vision was grounded in two millennia of tradition Taken together these essays demonstrate that Vatican II s documents are a development from an established antecedent in the Roman Catholic Church Each chapter contextualizes Vatican II teachings within that rich tradition The resulting book is an indispensable and accessible companion to the Council s developments one that focuses on theology and transcends the mass media storyline of liberal versus conservative

Liturgical Inculturation Anscar J. Chupungco, 1992 Perhaps nothing is as important to the future of the Church as continuing to make the liturgy meaningful to those who celebrate it Inculturation the dynamic translation of the typical editions into the cultures of local Churches is the key Inculturation as a branch of liturgical study has a dauntingly wide scope It covers the areas of history and theology liturgical and cultural principles process and methods sacraments and sacramentals Liturgy of the Hours liturgical year liturgical music liturgical arts and furnishings and such related topics as popular religiosity and catechesis So where does the average pastor liturgist or student begin With this volume the reader is introduced to the different technical terms expressing the relationship between liturgy and culture indigenization incarnation contextualization adaptation acculturation The subsequent discussion on the question of sacramentals popular religiosity and liturgical catechesis explains how these disparate topics share the same basic concern of inculturation Throughout the book the focus is on method Method encompasses both how one may remain true to the liturgy while also considering what culture offers the liturgy or requires of it The question of how creativity relates to inculturation is also answered For the serious student of the liturgy whether or not you serve a culturally diverse community this work provides foundations principles and methods for creating a liturgy of the people and for the people

Authentic Liturgical Renewal in Contemporary Perspective Uwe Michael Lang, 2017-07-27 The ongoing debates on the present state and the future of the Roman Catholic worship are not confined to specialists but are clearly of interest to a wider public as the responses to the Sacra Liturgia UK conference held in London in July 2016 have shown This volume contains the proceedings of the conference and raises the question of how to bring to fruition the insights and instructions of the Second Vatican Council and its key document on the liturgy *Sacrosanctum Concilium* in the life of the Church today The initial contribution from Robert Cardinal Sarah Prefect of the Congregation for Divine Worship and the Sacraments calls for a fuller

implementation of Sacrosanctum Concilium Following on from this other leading figures and liturgical scholars such as Joris Geldhof David Fagerberg and Alcuin Reid examine Catholic worship from a variety of perspectives including historical pastoral social cultural and artistic themes Taken together these chapters present another crucial step along the route of authentic liturgical renewal in the contemporary world **Vatican Council II** Elizabeth Harrington, David Orr, Carmel Pilcher, 2013-08-31 Sacrosanctum Concilium opened the door to all Christians to understand the contemporary challenge to their life and health and it started with the reform of the liturgy In the words of Paul VI the liturgy is the first source of life communicated to us the first school of our spiritual life the first gift we can give to Christian people by our believing and praying and the first invitation to the world That is surely true for all of us Written Text Becomes Living Word Stephen Vincent DeLeers, 2004 Effective significant preaching requires a vision and a pondering of the question How can I do what the Church expects of me The homily offers preachers a chance to live this question Drawing from official Roman Catholic documents 1963 1995 Written Text Becomes Living Word summarizes this Vision for the homily as having five characteristics personal liturgical inculturating clarifying and actualizing DeLeers integrates and develops homiletic practice into this Vision by a detailed process for effective preparation and preaching Written from the author's work with preachers Written Text Becomes Living Word will help re inspire the homiletic Vision as well as the spiritual life of those preaching Chapters are Repairing the Accidents of History Roman Catholic Restoration and Embrace of the Sunday Homily The Evolution of the Restored Homily 1963 93 A Roman Catholic Contribution to the Vision of Sunday Preaching The Homily as Personal Word Responsibility Faith and Love The Homily as Liturgical Word The Assembly and Its Sacred Ritual The Homily as Inculturated Word Correlating Experience and Tradition The Homily as Clarifying Word One Good Point Clearly Made The Homily as Actualizing Word Written Text Becomes Living Word Arriving at the Sunday Message Three Necessary Encounters with the Word From Message to Homily Content Structure and Delivery Ten Suggestions for Becoming a Better Preacher and an Appendix Roman Catholic Documents on the Homily Also includes an Index
