Adams, 1999-01-14 The Unprepossessing Mr Ryan focuses on the character attributes philosophy political skills and administrative activities of William A Ryan Speaker of the Michigan House of Representatives from 1969 through 1974 and a House Member from 1958 through 1982 The author attempts to show that administrative virtue in legislative leadership is best described in terms of utilitarian ethics the ability to control and manage factionalism in the interest of incremental change rather than following the idea that an adequate understanding of exemplary legislative leadership must account for the significance of character ethics attributes that form an essential part of the leader s moral authority Through this study of Mr Ryan and three other House Speakers the author discovered that exemplary legislative leadership may best be understood in terms of the leader s ability to facilitate sustained democratic discourse characterized by a meaningful representation of and input from all affected stakeholders civility and compromise among political leaders who may strongly disagree with one another and policy resolutions that though imperfect reflect lines of convergence on what public values are and ought to be

**Governors, Agenda Setting, and Divided Government** Laura A. Van Assendelft, 1997-02-20 This book examines divided government from a new perspective By turning to governors and agenda setting the stage of the policymaking processes where the opportunities for success in terms of legislative output are defined perhaps the real impact of divided government may be observed This book compares the agenda setting strategies of four governors two in states with divided government and two in states with unified government The analysis is based on legislative records the governors state of the state addresses and in depth interviews conducted with the governors their staff members state legislators and journalists Although divided government does not produce gridlock or stalemate at the state level it is not without impact on governing Divided government helps to explain a governor s choice of strategy in agenda setting influencing whether he will work primarily within the system or go public However a combination of other factors also affect the agenda setting process The four case studies provide examples of how agenda setting strategies are explained best by the interplay between personal characteristics of a governor including his experience and personality and political factors including electoral outcomes the governor s popular support and his relationship with the legislature in

addition to divided or unified party control
