Coppedge, 2021-11-03 How do twenty first century Christians communicate the Bible and their faith in today's mediascape Members of the International Orality Network ION believe that the answer to that paramount question is orality For too long they argue presentations of Christianity have operated on a printed literate register hindering many from receiving and growing in the Christian faith Instead they champion the spoken word and narrative presentations of the gospel message In light of the church's shift to the Global South how have such communication approaches been received by majority world Christians This book explores the responses and reactions of local Ugandan Christians to this oral renaissance The investigation grounded in ethnographic research uncovers the complex relationships between local and international culture brokers all of whom are seeking to establish particular modern identities The research conclusions challenge static Western categorizations and point towards an integrated understanding of communication that appreciates the role of materiality and embodiment in a broader religious socioeconomic discourse as well as taking into account societal anticipations of a flourishing modern African Church This book promises to stimulate dialogue for those concerned about the communication complexities that are facing the global church in the twenty first century

The Dynamics of the Early Reformation in their Reformed Augustinian Context Robert Christman, 2025-10-01 On 1 July 1523 Johann van den Esschen and Hendrik Voes two Augustinian friars from Antwerp were burned on the Grand Plaza in Brussels thereby becoming the first victims of the Reformation Despite being well known the event barely registers in most Reformation histories By tracing its origins and examining the impact of the executions on Martin Luther on the Reformed Augustinian world and on the early Reformation in the Low Countries and the German speaking lands this study definitively demonstrates that the burnings were in fact the denouement of broader trends within Late Medieval Reformed Augustinianism as well as a watershed in the early Reformation In doing so it also reveals the central role played by the Augustinian friars of Lower Germany in shaping both the content and spread of the early Reformation as well as Wittenberg's influence on the events leading up to these first executions Winner of the Gerald Strauss Book Prize awarded by the Sixteenth Century Society Conference for the best book in the field of German Reformation history

Van Raalte,2018-08-01 Offering the first study in any language dedicated to the influential publications of the French Reformed theologian Antoine de Chandieu 1534 1591 Theodore Van Raalte begins by recalling Chandieu s reputation as it stood at the death of Theodore Beza in 1605 Poets in Geneva mourned the end of an era of star theologians reminiscing about Geneva s Reformed triumvirate of gold silver and bronze gold represented Calvin silver Chandieu and bronze Beza Van Raalte s work sets Chandieu within the context of Reformed theology in Geneva the wider history of scholastic method in the Swiss cantons and the gripping social and political milieux of this tumultuous time Chandieu was far from a mere ivory tower theologian as a member of French nobility in possession of many estates and castles in France he and his family acutely experienced the misery and triumph of the French Huguenots during the Wars of Religion Connected to royalty from the beginning of his career Chandieu later served the future Henry IV as personal military chaplain and cryptographer His writings run the gamut from religious poetry put to music by others in his lifetime to carefully crafted disputations which saw publication in his posthumous Opera Theologica in five editions between 1592 and 1620 Chandieu had developed a very elaborate form of the medieval quaestio disputata and made liberal use of hypothetical syllogisms Van Raalte argues that Chandieu utilized scholastic method in theology for the sake of clarity of argument rootedness in Scripture and certainty of faith **Books in Early Modern Norway** Gina Dahl,2011-07-12 During recent decades much has been written about early modern book distribution but until now Norway has been absent from the discussion Drawing on book listings this study seeks to fill this lacuna by exploring the market for books in early modern Norway Its approach is multifaceted consideration of the types of books accessed by different elements of Norwegian society is set alongside developments within the book market itself such as the extended life of popular books the gradual replacement of Latin by the vernacular and the rise in the eighteenth century in the number of books available on the market The study demonstrates the internationality of the Norwegian book market while acknowledging specific patterns that determine its Norwegian character *Writing on the Wall* Tom Standage,2013-10-10 Today we are endlessly connected constantly tweeting texting or e mailing This may seem unprecedented yet it is not Throughout history information has been

spread through social networks with far reaching social and political effects Writing on the Wall reveals how an elaborate network of letter exchanges forewarned of power shifts in Cicero s Rome while the torrent of tracts circulating in sixteenth century Germany triggered the Reformation Standage traces the story of the rise fall and rebirth of social media over the past 2 000 years offering an illuminating perspective on the history of media and revealing that social networks do not merely connect us today they also link us to the past

Protestantism, Poetry and Protest S.K. Barker, 2016-04-15 Antoine de Chandieu 1534 1591 was a key figure in the establishment and development of the French Protestant Church Of all its indigenous leaders he was perhaps closest to Calvin and took a leading role in all the major debates about resistance church order and doctrine of the Church He was also a prodigious writer of political religious and poetical works whose output corresponds to a period of great turmoil in the progress of the French Church Chandieu was uniquely placed not merely to engage and contribute to the great debates of the day but also to record ongoing events By illuminating his career which meshed almost exactly with the French Wars of Religion this book not only demonstrates the key role Chandieu s played in the development of French Protestantism but also highlights the vital role of literature in shaping the religious experience of the wars Offering the first systematic evaluation of Chandieu s vernacular works this study questions many of the assumptions made about his motivations and aims and how these developed over a thirty year period His writings were contemporaneous with progress in the worlds of politics theology and poetry worlds in which he played a notable if not well documented role As a corpus these works show the development of one man s understanding of his ideology over a lifetime actively spent in the pursuit of making that ideology a reality Chandieu the young political hothead became Chandieu the defender of Calvinist theology who in turn matured into Chandieu the elder statesman The interest lies in where these changes occurred how they were reflected in Chandieu s writing and what they demonstrate about being Calvinist and a representative of one s faith in a time of disorder As such this book provides not only a reappraisal of the man and his publications but presents an intriguing perspective on the development of French Protestantism during this turbulent time
