Royal Commission on Electoral Reform and Party Financing, 1991 Reforming Electoral Democracy: Without special title Canada. Royal Commission on Electoral Reform and Party Financing, 1991 Democratic Reform in New Brunswick William Paul Cross, 2007 Democratic Reform in New Brunswick is a comprehensive collection of research papers written initially for the New Brunswick Commission on Electoral Democracy The essays provide detailed consideration of the many issues relating to democratic and electoral reform currently on the public policy agenda in Canada Topics covered include electoral system change gender and representational issues questions relating to party democracy the role of legislators concerns around drawing electoral boundaries fixed election dates direct democracy and political disengagement among young voters All of the essays examine the implications of various reform proposals in these areas and most draw upon the experiences of other jurisdictions in addressing how they might play out in the Canadian context Many chapters also draw specifically upon the New Brunswick experience in considering how democratic reform might impact upon the province s politics New Brunswick is Canada s only bilingual province with two vibrant linguistic communities and is in many ways a microcosm of the Canadian state These readings provide insight into how issues related to democratic and electoral reform may play out on the national stage **Contested Words** Ian Cram, 2016-05-13 In modern liberal democracies rights based judicial intervention in the policy choices of elected bodies has always been controversial For some such judicial intervention has trivialized and impoverished democratic politics For others judges have contributed to a dynamic and healthy dialogue between the different spheres of the constitution removed from pressures imposed on elected representatives to respond to popular sentiment This book provides a critical evaluation of ongoing debates surrounding the judicial role in protecting fundamental human rights focusing in particular on legislative executive abridgment of a core

freedom in western society namely liberty of expression A range of types of expression are considered including expression related to electoral processes political expression in general and sexually explicit forms of expression **Money and Votes** Martin Linton,1994 Politics in the Vernacular Will Kymlicka,2001-01-19 This volume brings together eighteen of Will Kymlicka s recent essays on nationalism multiculturalism and citizenship These essays expand on the well known theory of minority rights first developed in his Multicultural Citizenship In these new essays Kymlicka applies his theory to several pressing controversies regarding ethnic relations today responds to some of his critics and situates the debate over minority rights within the larger context of issues of nationalism democratic citizenship and globalization The essays are divided into four sections The first section summarizes the state of the debate over minority rights and explains how the debate has evolved over the past 15 years The second section explores the requirements of ethnocultural justice in a liberal democracy Kymlicka argues that the protection of individual human rights is insufficient to ensure justice between ethnocultural groups and that minority rights must supplement human rights In particular Kymlicka explores why some form of power sharing such as federalism is often required to ensure justice for national minorities why indigenous peoples have distinctive rights relating to economic development and environmental protection and why we need to define fairer terms of integration for immigrants The third section focuses on nationalism Kymlicka discusses some of the familiar misinterpretations and preconceptions which liberals have about nationalism and defends the need to recognize that there are genuinely liberal forms of nationalism He discusses the familiar but misleading contrast between cosmopolitanism and nationalism and discusses why liberals have gradually moved towards a position that combines elements of both The final section explores how these increasing demands by ethnic and national groups for minority rights affect the practice of democratic citizenship Kymlicka surveys recent theories of citizenship and raises questions about how they are challenged by ethnocultural diversity He emphasizes the importance of education as a site of conflict between demands for accommodating ethnocultural diversity and demands for promoting the common virtues and loyalties required by democratic citizenship And finally he explores the extent to which globalization requires us to think about citizenship in more global terms or whether citizenship will remain tied to national institutions and political processes Taken together these essays make a major contribution to enriching our understanding of the theory and practice of ethnocultural relations in Western democracies Value Change and Governance in Canada Neil Nevitte,Professor in the Department of Political Science Neil Nevitte,2002-01-01 Consequently they argue the institutions of democratic governance now operate in a profoundly different environment than that in which they were founded **Contested Constitutionalism** James B. Kelly,Christopher P. Manfredi,2010 Contested Constitutionalism is a critique of Canadian democracy judicial power and the place of Quebec and Aboriginal peoples within the federation all of which have been altered by the Charter s introduction in 1982 Power and Legitimacy Anne Quéma,2015-01-01 Examining modern jurisprudence theory statutory law and the family within the modern Gothic novel

Voluntary Sector Organizations and the State Rachel Laforest, 2011-11-01 In the early 1990s voluntary organizations garnered little attention in Canadian policy circles even though the federal government was simultaneously offloading its responsibility for essential services to the sector and cutting back their funding Two decades later the voluntary sector is a key public policy player in federal provincial and municipal politics Rachel Laforest shows why this turnaround represents a significant shift in the way citizens and policy makers view the place of voluntary organizations in public policy Members of voluntary organizations have struggled for a stronger voice in policy making and redefined their relationship to the federal government through key collaborations such as the Voluntary Sector Initiative This deft account of how a loose coalition of voluntary organizations was transformed into a distinct sector offers a new conceptual framework for explaining dynamic state voluntary sector relations at all levels of government

The Canadian General Election of 1997 Alan Stewart Frizzell, Jon H. Pammett, 1997-10 The General Election of 1997 did not turn out as Jean Chretien and the Liberal Party had planned Chretien called an early election believing that his party was in a position to retain the majority they had won in 1993 They got their majority but just barely When the campaign began the focus for many Canadians was the economy and job creation National unity however quickly became a key issue and triggered the most heated debates of the campaign As was the case in 1993 the election of 1997 saw the country divided along regional lines The Bloc Quebecois remained strong in Quebec while the Progressive Conservatives and New Democrats dominated the maritime provinces The Reform Party meanwhile won the west in a landslide becoming the Official Opposition for the first time It was Ontario however where the election was won the Liberals won all but two seats in Canada's largest province and in the end that was enough to carry Jean Chretien to victory The Canadian General Election of 1997 is a study of the key aspects of the campaign and the election itself In addition to analyzing each party's campaign authors examine the role of the media pollsters the electoral system and the voters Articles are contributed by some of the best known political writers in Canada today Anthony Westell Stephen Clarkson Peter Woolstencroft Alan Whitehorn Keith Archer Faron Ellis Andr Bernard Chris Dornan Ed Greenspon Michael Marzolini and Louis Massicotte This readable volume will appeal to an academic as well as a general readership and is ideally suited for libraries and political science courses New to this year's volume is a post election survey by Jon Pammett
