Refugees In Hungary:

Refugees in Hungary Károly Kapronczay, 1999 During World War II thousands of Polish citizens found refuge in Hungary among them ca 3 000 5 000 Polish Jews All of the Hungarian anti Jewish laws applied to them as well Pp 152 169 deal with the situation of the Jewish refugees before and after the German occupation in March 1944 Contents that Hungary's leniency in dealing with the Jewish question was a major source of conflict between Germany and Hungary *The Admission and Integration of Refugees in Europe* Sebastian Meyer, Salvatore Fabio Nicolosi, Giacomo Solano, 2025-03-31 The Admission and Integration of Refugees in Europe argues for a more interconnected understanding of laws and policies for the admission and integration of refugees and asylum seekers in the European Union Admission and integration normally refer to different phases of the migratory process but this demonstrates that they are inherently interconnected Certain legal statuses conferred in admission procedures are directly relevant for the integration prospects of migrants and the success or failure to integrate has potential repercussions for residence rights although refugees are in that respect better protected than other immigrants Legal pluralism further complicates the European context as admission is often seen as under European Union jurisdiction and integration as a Member State consideration However the book argues that this legal pluralism in fact helps us to better explain how interaction between admission and integration takes place across laws and legal orders Combining broad conceptual and constitutional analysis with closer readings of specific policies and country specific case studies this book demonstrates the potential for specific admission policies to either promote or hinder integration This book will be an important contribution to debates on European asylum and refugee law human rights and migrant integration policy **The Refugee Concept in Group Situations** Ivor C. Jackson, 1999-09-10 In The UNHCR Statute **U.S. Refugee Programs for 1991** United States. Congress. Senate. Committee on the Judiciary, 1991

Refugee Protection Crises and Transit Europe Julija Sardelić, 2025-10-01 This open access book presents a socio legal analysis of immediate responses to large scale refugee displacement in Europe after the 1951 Refugee Convention came into force focusing on the countries to which refugees initially fled or through which they passed namely Austria and initially Yugoslavia followed by several of the former Yugoslav countries First it investigates the immediate responses to refugee movements following the suppression of the 1956 Hungarian Revolution by Soviet troops Second it examines the responses to individuals seeking asylum after being displaced during the post Yugoslav wars of the 1990s Third it analyses the responses of the same countries to refugees fleeing Global South countries predominantly Syria Iraq and Afghanistan in 2015 and 2016 Finally it explores how these countries responded to the mass displacement of refugees from Ukraine The book argues that these countries have positioned themselves as transit or temporary protection countries in order to avoid assuming long term responsibility for a larger number of refugees As a consequence they granted various forms of temporary legal status to refugees that differed from the refugee status defined in the 1951 Refugee Convention These legal statuses

were hierarchical in terms of the rights attached to them and racialized with the fewest rights granted to refugees from the Global South and other negatively racialized groups The book traces the usage of self serving politics of diversity and selective memory to legitimise why refugees could not be protected long term in these countries and also why there were such differences in treatment of refugees **World Refugee Report** ,1993 **America and the Holocaust: War**

Cornelius,2011-04-01 The story of Hungary's participation in World War II is part of a much larger narrative one that has never before been fully recounted for a non Hungarian readership As told by Deborah Cornelius it is a fascinating tale of rise and fall of hopes dashed and dreams in tatters Using previously untapped sources and interviews she conducted for this book Cornelius provides a clear account of Hungary's attempt to regain the glory of the Hungarian Kingdom by joining forces with Nazi Germany a decision that today seems doomed to fail from the start For scholars and history buff's alike Hungary in World War II is a riveting read Cornelius begins her study with the Treaty of Trianon which in 1920 spelled out the terms of defeat for the former kingdom The new country of Hungary lost more than 70 percent of the kingdom's territory saw its population reduced by nearly the same percentage and was stripped of five of its ten most populous cities As Cornelius makes vividly clear nearly all of the actions of Hungarian leaders during the succeeding decades can be traced back to this incalculable defeat In the early years of World War II Hungary enjoyed boom times and the dream of restoring the Hungarian Kingdom began to rise again Caught in the middle as the war engulfed Europe Hungary was drawn into an alliance with Nazi Germany When the Germans appeared to give Hungary much of its pre World War I territory Hungarians began to delude themselves into believing they had won their long sought objective Instead the final year of the world war brought widespread destruction and a genocidal war against Hungarian Jews Caught between two warring behemoths the country became a battleground for German and Soviet forces In the wake of the war Hungary suffered further devastation under Soviet occupation and forty five years of communist rule The author first became interested in Hungary in 1957 and has visited the country numerous times beginning in the 1970s Over the years she has talked with many Hungarians both scholars and everyday people Hungary in World War II draws skillfully on these personal tales to narrate events before during and after World War II It provides a comprehensive and highly readable history of Hungarian participation in the war along with an explanation of Hungarian motivation the attempt of a defeated nation to relive its former triumphs

Germany France and Italy the neighbouring countries of Central and South East Europe and Britain once a leading advocate of enlargement that is now in the process of leaving the European Union this volume casts important new empirical and conceptual light on the diverse motivations that underpin member state attitudes towards EU enlargement The National Politics of EU Enlargement in the Western Balkans will be of great interest to scholars of the European Union European politics and the politics of the Western Balkans The chapters were originally published as a special issue of Southeast European and Black Sea Studies
